A Few Important Reasons

Why you should invest your money in Butte City Property:  
Butte has doubled in population in the last six years.  
Outside of the natural growth of Butte, the intending improvements of the Mining Companies will increase the population to 100,000 in three years.  
There were 750 buildings constructed last year. There are over 1,000 buildings contracted for to build this year.  
There are no desirable houses for rent.  
There is more money per capita in circulation in Butte than in any other city of its size in the United States.  
Lots selling for from \$100 to \$250 five years ago in the southern part of town are now selling for from \$800 to \$1,200.  
Had you invested in Butte property five years ago you would be rich today.

A FEW FACTS

Why Lots in SOUTH PARK, Butte City, Montana, are the most desirable for the money.  
The electric cars take you every 15 minutes to the property direct from the business center of Butte in five minutes for five cents.  
Water mains run through the ground.  
The property is as level and smooth as a billiard table.  
Good well water can be obtained at a depth of 30 feet.  
Main Street, the principal business street in Butte, runs through the property.  
There is a fine school one block from the Park.  
There is no grading to do.  
There is no smelter smoke in South Park.  
Vegetation grows all over the property.  
Finally, there are no lots in Butte City with the above facilities for the money.

On Your Back

You never had a shirt better laundered than the one we returned to you last week. Didn't send us any? Well, that's not our fault—your mistake. Try us this week and see the difference. We call for and deliver goods, of course, and we do 'em up right, as you'll find after we tackle the first installment, which we hereby request.
