CO-OPERATIVE PIANO CLUBS.

A New and Popular Move by the Famous Eilers Piano House.

This house, whose progressive methods are coming to be known and recognized throughout the Northwest, has recently inaugurated a system of piano club selling which exceeds anything ever attempted in this country in the way of providing the people with standard pianos at low prices.

By this method members joining the clubs secure their pianos at strictly wholesale prices by paying down an exceedingly small sum. The piano is immediately delivered and they are given a wide limit of time in which to finish their purchase.

The principle is merely that applied to wholesale purchasers, the club standing in the light of the wholesale buyer. High grade as well as medium grade pianos are included in these clubs. The world famed Kimballe, Chickering and Webers can be secured by this method at a saving of from one hundred to one hundred and fifty dollars. All the pianos included in the club are on the floors of the sales rooms at Eilers Piano House in Portland, and prospective club joiners may thoroughly inspect their instruments before making their selection. All the instruments in the clubs are standard makes and are brand new. In addition to those above mentioned, there are the famous Decker, Dol, Hobart M. Cable, Weser, Lester and many others. Pianos are delivered to club members upon their making their first payment, and a written guarantee for five years comes with each piano, signed by its manufacturer and also by Eilers Piano House. The clubs are four and each numbers 100. Members of Club A pay but \$5.00 and finish their purchase with weekly installments of \$1.25. Club B members pay \$7.50 upon delivery of the piano and finish paying at the rate of \$1.60 weekly. Club C make an initial payment of 12.00, and balance in \$2.00 weekly. Club D members pay \$20 down and the remainder of the purchase price in \$2.00 weekly payments. Those desiring to pay all cash will save the additional interest.

Pianos that sell regularly for \$225.00 go to club members for \$137.00; \$275.00 instruments for \$168.00; \$300.00 ones for \$187.00; and the very best medium grade pianos that cannot be sold under the regular retail conditions for less than \$350.00 will go to club members for \$218.00. The saving throughout is equally great and these contemplating the purchase of an instrument will do well to investigate this proposition.

Getting the Drop on Him.
Spenser Spaser (presenting a sonnet)
—You see, I drop into poetry occasionally.
Editor Gadgrind (grimly)—You seem to have dropped clear through.

His Florida Trip.
Dogg—Jones is going to Florida for the winter.
Nogg—What for?
Dogg—Because he laid in eighty tons of coal last May.
Nogg—Then why doesn't he stay home?
Dogg—Because he has just made the price of his southern trip out of the diamond dealer across the way by selling him coal.

Good Cakes and Biscuits.
The finishing touches which the good housewife gives to a cake or pie or pan of biscuits or other dish is what makes it either delicious and healthy or insipid and unhealthy. If Monopole Spices and Baking Powder are used no fear need be had about the result. Monopole Spices are stronger and more fragrant and Monopole Baking Powder better in every way than any other brand. You'll thank us for calling your attention to it after you try them. Get them from your grocer. Wadhams & Kerr Bros., Mgrs., Portland, Ore.

Both Smoked Bad Ones.
Hewitt—How do you like the cigar I gave you?
Jewett—Oh, I have smoked worse cigars.
Hewitt—You have if you ever smoked any of the kind you gave me.—Judge.

The Bright Little Boy.
"What do you expect to be when you become of age, my little man?" asked the visitor.
"Twenty-one, sir," was the bright one's reply.—Yonkers Statesman.

The per capita debt of Boston is \$30 more than that of New York City. After New York, with a per capita debt of \$115, come Cincinnati with \$82, Baltimore with \$78, Pittsburg with \$68, Buffalo with \$45, Philadelphia with \$48, Cleveland with \$31, St. Louis with \$33 and Chicago with \$10.

The Duke of Devonshire possesses as an heirloom Claude Lorraine's "Book of Truth," which is said to be one of the rarest and most valuable books in Europe. It is, at any rate, worth six times as much as the famous "Mazarin" Bible, the most costly book in the British Museum. The late duke refused \$100,000 for it.

A Paris searcher after facts has made the discovery that to Balzac belongs the honor of having invented the wood block pavement for streets. The first reference to it is found in that author's comedy, "Mercadet," which was played at the Francaise, in which Mercadet dilates on the advantages of such pavement, since with wooden blocks in the streets barricades are impossible.

A London justice has just made an important decision regarding dress-makers' disputes. He will not have dresses tried on in court, because "he had long since come to the conclusion that with ordinary dresses any lady could wear a dress to make it look as if it did not fit," and he was also perfectly satisfied that "any milliner or dress-maker could pull it about and make it fit when it did not do so."

Queen Wilhelmina's crown is very gorgeous. It is of dull gold, only the edges being polished. It consists of a crimson velvet cap inclosed in a circle set with sapphires and emeralds. The Imperial arches terminate in sixteen points, eight of which are surmounted by large single pearls, and the other eight, bent toward the center and there crowned with the globe and cross, are set with nine pearls each, which are graduated in size, the smallest being placed at the top.

Vancouver uses the septic tank system for the disposal of its sewage. There are three tanks, located at different points in the city. One of these disposes of the sewage of a district having a population of 5,000 people. The American consul says: "The tanks are covered, as the bacteria work in the dark. On a recent visit, I found a seam between two and three inches thick over the surface of the tank; this seam, I was informed, is composed of the little microscopic insects which consume all the solid matter. The tanks had been in full operation for about eighteen months, only clear water had been discharged, and yet there was but a small layer, less than one-half of an inch thick, of ash, remaining at the bottom of the tanks."

With many a man the loss of his reputation would be synonymous with good luck.

A dollar loaned for a hundred years and compounded at 24 per cent, will amount in that time to \$2,551,709.401.

German farms occupy nearly 1,000,000 acres in Central America, on which over 20,000,000 coffee trees are planted. Their scent of an otter is conveyed to the pursuing hound while under water by the "chain" of bubbles which marks its devious course.

At Plinitz, near Dresden, is the largest camellia in Europe. It is 100 years old, about fifty feet high and has forty thousand blossoms each season.

The agricultural returns of Great Britain for 1902 show that the total under crops and grass was 32,387,765 acres—a decrease of 29,480 compared with 1901.

The new commander-in-chief of the Grand Army of the Republic, Gen. Stewart, is but 54 years old. He enlisted while a boy and served over four years during the war of the rebellion.

Among the flotsam and jetsam thrown up on the beach at Rhossili, Glamorgan, recently, was the body of a full-grown lion, which has since been buried by the coast guard in what is known as Fox's cave.

Dr. Simon Newcomb, professor emeritus of mathematics and astronomy in Johns Hopkins University, has just had the honorary degree of doctor of philosophy conferred upon him by the Christiania University.

At the present day, of the best authorities, there are 250,000,000 Mussulmans in the world. The Christian population is put at 447,000,000, but the increase of Islam is more rapid than that of its sister religion.

The National Museum at Belgrade has come into possession of a collection of sixty-eight thousand Roman copper coins recently unearthed near a Servian village. The oldest of them belong in the time of Caracalla.

"You don't have much to say on public questions?" "No," answered Senator Sorghum. "I am very much inclined to think that in modern affairs public questions are of less consequence than private understandings."

American pottery manufacturers are discussing a plan for the construction of a special building at the World's Fair appropriate in design and of ceramic materials, so far as possible, in which to install everything in the line of clay manufactures.

Upton Miller, a retired farmer, 70 years old, living at Mt. Morris, Ill., has made two articles of inlaid furniture, a bureau and a washstand, the first containing over 8,000 pieces of wood, the other over 5,000 pieces, which he intends to exhibit at the World's Fair.

A PASTOR WHO WAS BEFRIENDED BY AN EMPEROR SAVED BY PE-RU-NA

Rev. H. Stubenvoll, of Elkhorn, Wis., is pastor of the Evangelical Lutheran St. John's Church of that place. Rev. Stubenvoll is the possessor of two bibles presented to him by Emperor William of Germany. Upon the fly leaf of one of the bibles the Emperor has written in his own handwriting a text.

This honored pastor, in a recent letter to the Peruna Medicine Co., of Columbus, Ohio, says concerning their famous catarrh remedy, Peruna: The Peruna Medicine Co., Columbus, Ohio.

Gentlemen:—"I had hemorrhages of the lungs for a long time, and all despaired of me. I took Peruna and was cured. It gave me strength and courage, and made healthy, pure blood. It increased my weight, gave me a healthy color, and I feel well. It is the best medicine in the world. If everyone kept Peruna in the house it would save many from death every year."—H. STUBENVOLL.

Thousands of people have catarrh who would be surprised to know it, because it has been called some other name than catarrh. The fact is catarrh is catarrh wherever located; and another fact which is of equally great importance, is that Peruna cures catarrh wherever located.

Quite intelligent.
Watts—I tell you, old man, I saw the most remarkable exhibition of animal intelligence today that could be imagined.
Potts—What was it?
Watts—A bride and bridegroom started from the house across the street in which I live, and one of the horses attached to the carriage threw a shoe. Now what do you think of that?

Dangers of Modern Education.
Fond Mother—Oh, I am so glad you came in! I don't know what on earth all the baby.
Caller—Shall I run for the doctor?
Fond Mother—No, for an interpreter. His French nurse left suddenly today, and nobody can understand a word he says.—Waver.

The Solano.
The solano is a hot southeast wind, loaded with fine dust, which blows across Spain. It produces great uneasiness throughout the country. The Spanish have a proverb which says: "Ask no favors during solano."
