### DON'T RUSH TO MINIDOKA LAND

Pumping Problem for Irrigation Has Not Been Solved.

Washington, April 7.—The attention of the director of the geological survey has been called to the fact that a misapprehension exists on the part of certain citizens of Idaho as to the plans of the reclamation service in regard to some important details relating to the Minidoka project. This misunderstanding has arisen, it is believed, by reason of the efforts of many settlers to anticipate the plans of the engineers and secure choice holdings of land.

The government from the first has warned intending settlers to go slow in making entries on the lands embraced in this project, and has called particular attention to the fact that the plans for irrigation, especially those involving the pumping plant, were merely tentative, and could not be worked out as quickly as those for the gravity system. While nothing has arisen to prevent the ultimate development of a pumping plant, so many delicate engineering features are involved that careful consideration must be given to these before any definite conclusions are reached or the final plans are approved.

Thus, apparently, while no reason exists for believing that the pumping features of the Minidoka project will not ultimately be utilized, the engineers very wisely have concluded to give this question more study and consideration before recommending it for construction.

### YAQUIS ARE SPREADING TERROR

Murder and Pillage Mark Their Trail Through Mexico.

El Paso, Tex., April 6.—John St. Clair, a well known prospector, whose statements are considered reliable, has returned from the Yaqui country near Ures, Sonora, and reports that the Indians are still on the warpath. He says that Malpuche, the old chief, is at the head of a band of over 50 and is devastating the whole country, murdering, pillaging and burning. Grain and cotton ranches are being abandoned and the people are going into the towns for protection.

The whole country is in a state of panic. Mail routes between the small towns have been abandoned and provisions are getting scarce. Although the country is overrun with soldiers, he says, the Indians are fearless and continue their depredations. St. Clair does not believe it is safe for Americans to go into the Yaqui country at this time, as the Yaquis are very hostile to Americans.

While going from Ures to his camp in the mountains, St. Clair heard firing and ran into what had been an Indian ambushade. He found two dead Mexicans who had been killed only a few minutes before he reached the place. The Yaquis are armed with rifles and are well supplied with cartridges, St. Clair says.

### HUNDREDS WERE MANGLED.

Results of Earthquake in India Worse Than First Reported.

Lahore, British India, April 7.—As the particulars filter in from the outlying districts, it is being revealed that the casualties caused by the earthquake of two days ago have been under, rather than over-estimated. In one spot alone at Dhamala, it is reported that fully 1,400 natives have been killed or injured. Of the injured many will die. Seven of the Europeans previously reported hurt have since died, and two others are in a dying condition.

There is not a house left in the vicinity that does not show evidence of the trembling of the earth.

This is the report from one district alone, and as authentic information comes in it seems certain that the magnitude of the disaster will be sufficient to stir the entire world when fully revealed.

The Indian government is making arrangements to relieve all distress as soon as possible.

### Whiskey Under Other Names.

Rockland, Me., April 7.—A wholesale grocery store here owned by Governor William Cobb and others was raided today by the sheriff and deputies and a large stock of a patent medicine said to contain a high percentage of alcohol was seized on the ground that offering the preparation for sale is in violation of the Maine prohibition laws. In addition, the sheriff seized the entire stock of the city agency. The charge is made that the city of Rockland has been engaging in the sale of liquor in violation of state law.

### Forest Fire on South Mountains.

Gettysburg, Pa., April 7.—Forest fires burning over an area of thousands of acres have started in the South mountains, the line of fire extending a distance of three miles. The destruction of valuable lumber is great.

### CZAR IS IN DANGER

Dynamite Is Found Hidden In Imperial Palace.

SECRET POLICE WERE IN PLOT

Twelve Members Arrested and Placed in Dungeon—Chance Leads to Discovery of Explosive.

St. Petersburg, April 6.—At last the terrorists have succeeded in penetrating the cordon of guards about the czar, and in smuggling high explosives into the palace itself, and as a result there is a feeling of apprehension among all of the high officials and the guards about his majesty have been trebled. Late yesterday afternoon, as the guard at the palace was being changed, Lieutenant Colonel Shirapovsky, who was in command, noticed that one of the Cossacks who had been posted at the main door was wearing the sword of an infantry officer, and not the sabre of a Cossack. He thereupon called a corporal and placed the man under arrest. He was at once searched and incriminating documents were found on his person.

The search of the palace revealed two packages of dynamite, placed against the main door of the imperial suite, in a dark corner where they were not likely to be noticed.

A searching inquiry was at once instituted, with the result that 12 secret police agents were arrested as accomplices, and all were hurried to the Peter and Paul fortress, where they were interviewed by General Treppoff.

The fact that the terrorists have succeeded in corrupting members of the secret police and soldiers has caused much alarm, and another attempt against a high official is looked for.

### PRICE PAID FOR CATTLE.

Next Question for Consideration Before Beef Trust Grand Jury.

Chicago, April 6.—Prices paid for livestock by the packers, alleged rebates granted the packers by the railroads for handling the same and the private accounts of some of the packing concerns are to be closely inquired into within the next few days by the Federal grand jury which is investigating the business affairs of the beef trust.

Another phase of the question of the alleged combination of some of the packers in violation of the Sherman anti-trust law and Judge Grosscup's injunction which is to be inquired into is the price paid by wholesale dealers to the packers for meats.

Witnesses who can give the jurors detailed and accurate information along these lines have been subpoenaed and appeared at the investigation today. Some of these witnesses testified and, although they refused to make public what they told the jury, it is said a large amount of data valuable to the government was secured from them.

More complaints of interference with the witnesses reached United States Attorney Bethea and Captain Porter, of the secret service, during the day. The session today was devoted to the examination of men employed at the Chicago stockyards and packing houses.

With the exception of the Sunday adjournments, the jury, it is said, will now proceed steadily to the end of the inquiry. The United States attorney has announced that May 15 will probably see the close.

It is said the hearing of the plea and demurrer of Thomas J. Connors, the indicted superintendent of the Armour company, will be disposed of before the jury presents other true bills involving persons on charges of tampering with witnesses.

### Burton Will Soon Resign.

Kansas City, Mo., April 6.—A special to the Journal from Abilene, Kan., says: "Senator J. R. Burton, will resign his seat as United States senator in a short time, according to information given out by one of his close personal friends here. After he was convicted, and pending his appeal to the supreme court, he could not resign for fear that it would be taken as an admission of guilt. The supreme court reversed the decision and Burton now stands as innocent, until convicted again."

### Want To Be Paid Monthly.

Santo Domingo, April 6.—The Belgian creditors of Santo Domingo have presented a proposition to President Morales and American Minister Dawson for the monthly payment of \$25,000 to the Belgians, intimating that then they would favor the debt arrangement being concluded. It is expected that the situation will remain unaltered until the United States takes final action regarding the pending convention.

### EASTERN CITY ELECTIONS.

Democrats Carry in St. Louis, Chicago, Colorado and Kansas.

Chicago, April 5.—A political tornado yesterday overwhelmed one of the most ruggedly unique leaders in the country. Incidentally the Republican party met defeat in a memorable effort to capture the mayoralty of Chicago. As a direct result the city is officially committed to the policy of the quickest possible cessation of private franchises for public utilities. Municipal ownership is especially threatening street car lines valued high up in the millions.

After winning successively four remarkable biennial fights of independence against the regular Republican organization here, John Maynard Harlan, son of Associate Justice Harlan, of the Supreme court of the United States, was a loser as Republican candidate for mayor. The defeat is attributed to an extraordinary whirl of causes starting with political revenge and taking in a wide sweep, embracing the most up-to-date Socialism as a factor. The victor is Judge Edward F. Dunne, Democrat.

### Wells Ahead in St. Louis.

St. Louis, April 5.—With 100 precincts missing out of a total of 405, Mayor Rolla Wells, Democratic nominee for re-election, is leading John A. Talty, Republican, by 774. The returns for 308 precincts give Wells, 33,719; Talty, 32,945; Lee Merrivether, independent public ownership, 2,239.

The \$9,000,000 bonds issue, the proceeds of which were to have been used for municipal improvements, generally conceded to have been defeated by a big majority.

### Democrats Sweep Colorado.

Denver, April 5.—A Democratic landslide struck Colorado, where municipal elections were held yesterday in all cities and towns excepting Denver. In Pueblo, Colorado Springs and Leadville, normally Republican, the Democratic tickets were successful, in the latter case for the first time in 20 years.

In the smaller towns, where party lines were drawn, the Democrats won, the notable exceptions being Cripple Creek, Victor, Golden and Central City. A vigorous fight was made in Northern Colorado towns and also in towns on the western slope, against saloons, and in only one instance, that of Montrose, was the liquor element victorious. Heavy roads, due to recent storms, caused a light vote to be polled.

### Democrats Win in Kansas.

Kansas City, Mo., April 5.—Elections were held in the larger cities of Kansas yesterday. The Democrats carried Kansas City and Leavenworth, this being a revolution entirely unlooked for in each case. In Topeka Davis, Rep., is elected mayor by a majority of at least 400.

### HOPE ALL FROM ROJESTVENSKY

Russians Expect Change of Fortune When Fleet Meets Togo.

St. Petersburg, April 5.—The announcement that President Roosevelt has left Washington on a vacation trip is accepted here as evidence that the efforts to draw Russia and Japan into peace negotiations have come to grief for the moment. No definite explanation of exactly what happened is forthcoming, but the general impression is that Japan either declined to treat upon the Russian basis or demanded a direct avowal that there was a pacific disposition.

At any rate, the advocates of a continuation of the war seem secure in their position, and everything indicates that the hope of an immediate change of fortune is staked on Vice Admiral Rojostvensky, whose squadron, according to the best information, is now actually on its way to meet the Japanese.

The admiral is greatly encouraged by the prospects that Rojostvensky will be able to defeat Admiral Togo, owing to the splendid reports which have just arrived here from Rojostvensky, dated from the Island of Madagascar, recounting in detail the condition of the ships and personnel and the results of the target practice of the squadron and of the maneuvers, in which the warships have been drilling for three months.

### Hungry for Treppoff's Scalp.

St. Petersburg, April 5.—The police arrested yesterday in the Nevsky Prospect a man disguised as a carriage driver, presumably belonging to the same organization as the 21 persons who were arrested last week for supposed connection with terrorist schemes. There is little doubt that there was a plot directed against the life of Governor General Treppoff and the latest arrest indicates that the terrorist are acting on a concerted plan, with auxiliaries and lookouts to aid the actual perpetrator of the assassination.

### Linievitch Said To Be in Straits.

St. Petersburg, April 5.—General Linievitch's position has altered for the worse. The general staff fears that the Japanese will be in Harbin within a month. There is a rumor that the railway has been cut near Taitshair.
