General Orders. No. 3. ADJUTANT GENERAL'S OFFICE, PORTLAND, O. T.

October 15, 1855 By proclamation of the Governor, this day made two Battalions of mounted volunteers have been called for from Southern and Middle Oregon, for the purpose of suppressing Indian hostilities in those sections of our country. And in view of the probable concert of action among the tribes upon both our northern and southern borders, it is indispens ably necessary that a free communication should be kept open between the Rogue river and Willamette valleys.

The officers who may be chosen to the comm of those Battalions, as soon as they are mustered into the field, will therefore employ their respective commands in protecting the settlements in those sections from which they have been raised, and at the same time will keep open the line of communi cation between the Umpqua and Rogue river valleys. Their movements for those objects must

ose of effectually chastising thes savages who have perpetrated the merciles outrages in their midst, they will treat all Indians as enemies who do not show unmistakable signs of friendship, and deal with them accordingly. And they will also bear in mind that, so far a

is practicable, a concert of action will be maintained with the United States forces that may be engaged in that section of the Territory.

No change in the plan of operations for earrying on a vigorous war against the Indians at the north will be made in consequence of the call for Buttalions from the south.

By order of the Governor. E. M. BARNUM, Adjutant General.
