From Col. Kelley's Command.

Last evening we received from Judge Waterman a despatch containing the following news:

There has been more fighting between Col. Kelley's command and the Indians.—Only one of our boys was killed during the last two days, and three wounded. Reinforcement arrived after the fight was over. First Lieut. Fellows was unanimously elected captain in place of Capt. Bennett. Our boys are in good spirits, but out of provisions, and only half clothed. Fifty Indians had been killed. Gov. Stevens was safe, and probably at the Dalles now. He came in with fifty whites and one hundred friendly Indians.

Seat of Government.

The seat of Government was removed from Corvallis to Salem on the 12th ult., by the following vote:

COUNCIL—Yeas, Drain, O'Briant, Peebles and President, 4—Nays, Fulkerson, Smith and Huber—3.

HOUSE—Cozard, H. L. Brown, Grant, Harpole, Hutson, Harrison, Gates, Callender, Jackson, Tichenor, Moores, Grover, Officer, Risley, Harris and Speaker—16.

Nays, G. W. Brown, Boise, Shuck, Burbank, Johnson, Robinson, Buckingham, Waymire, Smith and Straight—10.

Request.

We hope those members of the Legislature who take THE ARGUS, will be kind enough to loan it occasionally to the legislative luminaries who represent Clackamas county in the assembly; *provided* they have found their way to Salem and are able to read.

☞ Dr Henry's speech which we publish to day will be found to contain a complete refutation of the falsehoods which have been so assiduously circulated by the Corvallis Statesman, and its anonymous correspondents in relation to the history of the Rogue River war. The Dr. in stating that he was authorized to say that the communication signed *A Miner* was written by Dr. Ambrose the Indian agent in the South, might have stated that Dr. Ambrose himself was the authority referred to, as he (Ambrose) had told him (Henry) that such was the fact.

☞ The Puget Sound Courier has again resumed its issue as a full sized sheet. It has improved in appearance, and is now decidedly one of the most respectable periodicals on the coast. If its devil will kill that "Sea serpent" instead of a "fish" we will try to pay Steilacoom a visit next summer.

Mr. Harris.

Whom we reported, week before last, to have been massacred in Umpqua, was not killed. A later express brought word that instead of there being one hundred Indians in the attack, there were but twenty or thirty. The Indians succeeded in firing his outbuildings only, and in wounding Mr. H. in the arm. W. P. Day, with fourteen men from Roseburg, soon afterwards fell in with the same Indians on Olally creek, and routed them, killing two Indians, and taking twenty-thee head of horses and their entire camp equipage from them. One of Capt. Day's men was wounden in the abdomen—not considered dangerous.

"We have changed our publication day to Tuesday, the day on which the mails leave Salem for *all points*."—*Corvallis Statesman.*

Perhaps you mean the "*Five Points;*" very natural change that; it will be an advantage to your subscribers at the "Points" who are anxious to get their "organ" while it is fresh.

The Weather.

For the last fifteen days, we have had such incessant torrents of rain, as we think we never saw in Oregon before. The streams are coming up, and the produce of the upper country is coming down, as fast as the Canemah, Enterprise, Franklin and Hoosier can bring it.

☞ The Telegraph wire was broken by the falling of a tree on last Wednesday. Mr. Baldwin who came up from Portland along the line, tied it together, and we are now receiving dispatches from Portland by the wholesale.

"But, thank God, it is our principle," &c. —*Standard.*

Now, Leland, don't get on your marrow bones to thank GOD for your "principles"; Bush will be at the same kind of devotion next. Remember that nothing but "*good* and *perfect* gifts" come from that quarter.

Be honest, gentlemen, and "give the *Devil* his due."

Obligations.

Last week we forgot to notice the fact that Wells, Fargo & Co., delivered us express favors four hours in advance of every thing excepting the Telegraph. We hope the company will obtain a life lease of the services of James O'Neill, and Wm. Osterman. Mr. Banker of this city also deserves much credit for prompt attention to his duties.

Hon. J. P. Gaines will accept our thanks for favors.

LAFAYETTE, O. T., Dec. 9, 1855.

Editor Argus—DEAR SIR: Our country and neighborhood have been bereft of a good citizen, and as I have seen no obituary as yet, if you will have the goodness to publish a few lines please to do so.

On or about the 4th of July, 1855, the Rev. Vincent Snelling, left his family in this county. He started to Yreka California with I think a wagon load of Bacon, butter, &c. designing to return in about three months, but owing to the Indian outbreak in that vicinity was detained, and during his stay was attacked by the flux, a disease which is common to that climate, after about fifteen days severe illness he breathed his last, in the fond embrace of his two sons and sons wife. You may judge of the great consternation and sorrow of the citizens of this neighborhood on the receipt of the sad intelligence.

It always casts a melancholy gloom over a christian to hear of the death of any and more especially so to hear of the death of a valuable citizen and preacher of the gospel, although absent from his wife and younger children, may we not suppose the good man in his dying hour felt resigned to his fate?

Of a man who had labored successfully for many years in the miuistry, we may not entertain a doubt but he, though in wild California rests happily in the embrace of his God. Doubtless all who knew him will feel to say:

Though lost to sight,
To memory dear.

Yours truly, F. D. HOLMAN.

☞ In our hurry last week we omitted to give the *Standard* credit for the Legislative proceedings we copied, and also to return thanks to the same for sending us an Extra containing Col. KELLEY'S despatch from the war.

"If there is anything in journalism, we despise utterly it is the petty *village puffery*, the habitual announcement that Mr So and so has hung a gate, &c. * * We have never published a local paper. * * The Statesman has been preeminently an *Oregon* journal."—*Corvallis Statesman.*

So it is entirely out of the line of your duty as a journalist to let your great big broad face smile upon such *petty* items, as improvements made at the seat of government, and our other growing cities in Oregon, and such trivial affairs as the Pacific Telegraph, while it accords with your dignity, to publish to the world the transcendently important fact that there is an Englishman in Oregon City who says *orse* for horse and such other "items" of *Territorial* interest as you are enabled to give to the world by crawling into Leland's stove.

Kansas.

We learn from the N. Y. Tribune that at the session of the District court at Leavenworth, Sept. 17th, the grand Jury failed to find a bill against McCrea for shooting Clark. The correspondent of the Tribune charges that the Judge (Lecompte) refused to have McCrea brought from prison, to object for cause to any of the jury. The Judge out of 48 grand jurors proceeded to swear and impannel 16 of them. The next morning the judge secretly added three more to the number. When the jury came into court for instructions, the judge refused to instruct them himself, but sent them back to their room, and delegated R. R Rees, one of the leaders of the mobocrats to instruct them. After nearly a whole week's session, the jury persisting in not finding a bill, and having no instructions from the judge to ignore it, Lecompte adjourned the court until the second monday in Nov.—This being illegal, is considered a dissolution of the court, intended to keep McCrea in prison till next spring.

[From the Corvallis Statesman]

MR WAYMIRE spoke for nearly an hour in opposition to the passage of the bill urging his reasons for remaing at the seat of Government with great force.—His arguments in the main will be found in his speech as reported at another stage of this bill. He had some very happy hits in his inimitable style at Mr. Grover's expression relative to "our father's house." There seemed to be some gentlemen (he said) who could not do anything except they were in their father's house. And this reminded him of a farmer and his son who were hoeing in the corn field. Presently the boy was missing for a considerable time, and on returning was questioned by the old man as to where he had been; the boy replied that he had been home to "pee." (Roars of laughter, which continued for some time.) Now it seemed to him that the gentlemen from Marion were in the same fix—they had been so accustomed to peeing in and around their father's house that they could not do it anywhere else. (Renewed laughter.) 36-1t

Horrible Massacre of Whites!

DON'T be startled, gentle reader, for we have no later news of Indian depredations from either the north or the south, but we do not know how soon we may have. Carriage trimming done to order.

ALL SORTS OF REPAIRS done on short notice. We invite all the world and the rest of mankind to give us a call, and especially the farmers. All sorts of produce that we can turn to any account, will be taken in payment for work.

The Willamette Falls Canal, Milling, and Transportation Company, and others, *Defendants.* } *In Chancery.*

TO Samuel K. Remick, Omer McKinney, Joseph Scott, Charles R. Butler, Joseph B Riley, J. D. Campbell, L. M. Douglas, J. B. Spalding, Erwin Cummins, P. D. Sayers, Wells Lake, John D. Robbins and others, James McNara, E. W. Bliss, a part of the defendants in above suit:—

Take notice that the Bill of Complaint in this cause was filed in this court and subpœna issued thereon on the sixteenth day of August now last past; that this suit is brought by said complainant to recover the sum of $5,400, claimed to be due to complainant as and for interest upon the sum of $45,000, arising and accruing as follows—that Robert Moore and Jane E., his wife, on the 1st day of December, 1852, sold and conveyed to Daniel H. Fergus, certain lands and premises therein described in Linn City, in the then county of Washington, now county of Clackamas, and for the unpaid purchase money thereof received back at the same time from said D. H. Ferguson the promissory note of said Ferguson (among other things) for the sum of $45,000, secured by mortgage at same time on the premises aforesaid; that said note bore date the said first day of December, 1852—was payable to said Robert Moore or order in ten years after said date with interest at six per cent. per annum, payable annually; that on the 19th day of March, 1853, said Ferguson sold and conveyed same premises, subject to said mortgage, to the said Willamette Falls Canal, Milling, and Transportation Company, with actual notice to said Company, at the time of such sale, of such claim of Moore thereon—which conveyance is and was all the title of said Company to said premises; that said Company is in possession of said premises; that on the first day of April, 1854, said Moore for valuable consideration assigned and conveyed said note and mortgage to O. C. Pratt, who, on the tenth day of August, 1855, assigned and conveyed same to said complainant; that no part of said principal money or interest has been paid, and complainant seeks to foreclose said mortgage for nonpayment of said sum of $5400 due thereon for interest; that said defendants respectively, to whom this notice is addressed, have filed mechanics' liens with the proper officer against said premises for work and labor alleged to have been done thereon and materials found for such work for and on account of said Willamette Falls Canal, Milling, and Transportation Company, or have obtained judgments against said Company in the District Court of said county of Clackamas, duly recorded; that the sheriff of said county, having returned that you the said defendants, to whom this notice is directed, could not be found, it is ordered by the court that you and each of you do appear in said court on the first day of the next term thereof, to be held at Oregon City in said county on the first Monday in March next, to answer the said bill of complaint, or that the same will be taken as confessed against those not appearing.

Fruit Trees for Sale.

I WOULD respectfully call the attention of those who want Fruit Trees to my Nursery, near the bank of the Willamette, opposite Buteville, containing some nine acres of fine yearling or two year old trees, numbering some 50,000, mostly grafted. They are of fine healthy growth, very stocky, and raised without manure, which is a very important point, and embrace most of the leading kinds of Apples, Pears, Peaches, &c. Most of my kinds I have introduced here, at great expense, from the best nurseries in the Atlantic States, and they have mostly borne fruit which proves of the highest excellence.

I shall be on hand at the Nursery from the 25th Oct. until about the first of February, and ready at all times to wait upon those who may favor me with a call. I shall sell for cash only, and the prices will be low in accordance with the hard times. All trees purchased will be labeled and carefully packed, and delivered at the landing opposite Buteville, without extra charge. From the 1st of Feb. I shall be at Oregon City to attend to selling trees there. JOHN W. LADD.

War Against Hard Times!

The Place to Get your Money Back.

CHARMAN & WARNER are now carrying on the BAKERY and CONFECTIONERY business at their old stand, where they are still determined to deal on terms to suit the times. Our motto is, "a nimble sixpence is better than a slow shilling;" and we are determined to *sell*, if we do sell upon a very small profit. We are keeping every variety, PROVISIONS, BREAD, CAKES, PIES, &c., &c., that were ever manufactured out of flour. We keep also all kinds of GROCERIES, such as Sugar, Coffee, Tobacco, Cigars, Raisins, Spices, besides many Drugs and Medicines. (We don't keep any "quack" medicines, however.) We have bought out the other bakery, and intend to fix up another establishment soon. The press of business is so great that we are compelled to "spread ourselves" over a larger platform.

☞ Country produce bought and sold.
'Tis no trouble to show "ticks." Call and try us.

Who Wants a Good Saddle?

THE subscriber, living five miles south-west of Lafayette, in Yamhill county, is now carrying on the business of Saddle Making in good earnest. He keeps constantly on hand the best saddles that can be manufactured with the materials at command in Oregon. Those wishing a genuine saddle warranted to fit on both sides, and rigged out in complete style, cheap for cash, or good trade would do well to give me a call. My shop is situated on Bakers Creek near where the road crosses it leading from Portland and Oregon City, "up country" by the way of Smith's bridge on the North Fork of Yamhill.

☞ I keep every thing in the saddlery line, as Bridles, Martingales, Halters, Lines, &c. &c.
