

LATE FROM EUROPE.

PEACE TREATY SIGNED!

Dates from Europe are to the 5th of April. PEACE WAS SIGNED AT PARIS ON SUNDAY, THE 30TH OF MARCH. The event was announced in Paris and London by salves of artillery. Paris was illuminated, and in England the church bells were pealed.

The British Admiralty have sent two steamers in search of the Pacific. The Allies have commenced the demolition of the inclosure around Sebastopol. Ishmail Pasha is increasing the army of Anatolia. Gen. Mouravieff has received reinforcements by way of the Caspian Sea and Tiflis.

Mr. Buchanan was to leave for New York on the 9th April, after first visiting Paris and the Hague. Walter Savage Landor has addressed an appeal to The London Times in behalf of Louis Kosuth, who he declares to be in the utmost want. Kosuth has declared himself greatly mortified at its publication.

Miss Pellett on Nicaragua. Miss Pellett, a lady who from travel in and acquaintance with the leaders of the present regenerating movements in Nicaragua, is well qualified for the labor, delivered an address at Lyceum Hall, last evening, concerning that country, which was very respectably attended.

Accounts from Cronstadt assert that a squadron was ordered to be got ready for the middle of May, but for what purpose was not publicly known. It was rumored that its object was to convey the Emperor of Russia and one of his brothers on a visit to France and England.

A Brussels journal says that the coronation of the Czar will take place about the 31st of August, and with great pomp. Advices from the Crimea state that the weather had become so intensely cold that the troops found it absolutely necessary to shut themselves up in their tents and huts.

It may be confidently expected that the year 1857 will be far advanced before the last man and the last cargo of shells can pass the Dardanelles on their way homeward. Nor is any haste necessary in completing the evacuation. The allies have accumulated large stores, and assembled a great army for the defense of Turkey, and there is no reason that they should incur the expense of new transports and a greater employment of labor, in order to hurry back with such speed as may gratify the desire of those whom they saved to be quickly rid of them.

The details connected with the Danubian Principalities and the liberties of the Christian subjects of the Porte, are the points to be arranged in the renewed Conference. The Porte objects to any occupation of Turkey by the allied forces, and it is possible that the point will be waived, if the Powers are satisfied as to the safety and privileges of the Christians.

Col. Vaughn, Indian Agent, arrived here on the 3d inst., from Ft. Clark. He left there about the 28th Dec., and came down in the coldest time, thermometer 36 deg. below zero. He said he left at that time because he was afraid to remain longer, and says that he is prepared to hear of the Fort being burnt up at any time. This does not look like peace very much.

In fact, some more of those devils must be whipped. Meanwhile, about ten of the several bands who have got a "big scare" on them, are now waiting for the grand Council of Peace or War, to come off on the 1st of March proximo. The Platte, Brules, Winnecongus and Ogelales, and one other fragment, the ones who so grossly insulted the agent, Vaughn, last Summer and Fall are not here, nor will they be present.

Gen. Harney returned here from L'ean qui Court on the 15th inst., having been absent sixty days. He walked all the way down and back—went down on snow two feet deep, and back on ice—total distance about 490 miles! This, in the dead of Winter, with mercury 34 deg. below zero, is no trifle. It is said that Gen. Harney found the squadron down at L'ean qui Court in such a "used-up" state that it could not go on down to Sioux river this Winter, as was contemplated, but it will go on ice breaking up.

The Indian traders had not done a very heavy business this year so far—in fact, little or nothing, and God knows it is time they should cease to exist. Millions on millions of dollars have been made by traders amongst these Indians, which is the cause of all their present troubles, poverty and crime.
