Water Power for Sate.

The undersigned would like to sell one half of his mills and water power on the Tunistin river, about three miles from Linn City, known as Moore's Mills. It is probably the best water privilege, with the exception of the great Falls of the Willamette, that there is in Oregon. I would like to sell one-half or one-fourth of my claim together with the mills and water power. My object is to get a partner, to enable me to properly improve the water power.
