HIGHLY IMPORTANT TO THE SICK!

It is awful to note the haggard, sailow, cadaverous faces and wasted skeleton forms we meet! daverous faces and wasted skeleton forms we meet! This is not confined to the old, but we see the young, able-bodied, and those in the prime of life, complain after being here some time of illness; some grow unnaturally fat suddenly; others waste and grow thin; they cannot localize or describe their disease, yet they feel universally unwell, mentally and physically; some have pains and weakness in the breast, limbs, or body; they feel a want of muscular and mental energy, a want of a want of muscular and mental energy, a want of animation, and have fearful forebodings for the fu-

animation, and have fearful forebodings for the future, poor appetite, nervous irritability, and sleep-lessness; their skin is dry, and occasionally flushed and heated, thin, pallid, and yellow.

Now sudden deaths, lunacy, and universal debility is too, too prevalent here; and who wonders, when combined with a climate like this, a dry air impregnated with electricity and galvanism? Wa when combined with a climate like this, a cry are impregnated with electricity and galvanism? We have many who have passed through sickness, whose life is intemperate and debauched, or have seen others who have been nearly doctored to death by quack medicines, or by the advice of "The Faculty," who have impregnated them with mercury, calomel, &c.

For all such cases is Dr. Jacob Webber's Invigated to Cordial Sanguifer most especially adapted,

orating Cordial Sanguifier most especially adapted, insumod as the above cases and symptoms did Dr. Webber minutely study in adapting his cordial to their care. It enlivens the torpid liver, ejects all

diseases: Nervousness, weakness, languor, loss of appetite, sleep, or strength, trembling, low spirits, decay of the natural functions, pains in the head, limbs, or body, neuralgic or rheumatic, and it often restores those to health and strength whose constitutions are almost broken.

it is all it is represented.
