DR. JACOB WEBBER'S SANGUIFIER, Or Invigorating Cordial.

What though the sun in beauty shine,
And you have countloss hoards o' wealth;
What though the world—all, all was thine.
If you but want the blessing, Health.

An Honest Appeal! To all with bad or failing health.

A RE you languid, inanomate, restless, appetite poor, digestion bad, and pains in the limbs, body back, and head? Reader, much of this is body back, and head? Reader, much of this is caused from cold caught unwittingly or, in seven cases out of ten, sluggishness of the liver and blood, and want of natural perspiration, indiscre-tion in the use of food and drink, or from a drytion in the use of food and drink, or from a dryness in the atmosphere—which is a very unhealthy part of this climate—many of the awful, violent, and sadden deaths that occur here must be attributed to this. Now, reader, I have made this my study for many years, and I do assure you that my DR. WEBBER'S INVIGORATING CORDIAL SANGUIFIER will cure these causes—it will insure animation of the liver, blood, and brains—it strengthens the nerves, and gives to the sufferer a lightness of spirits, a mental and bodily feeling of strength that is delightful. The many respectable persons who have been benefited by and certified to its extraordinary qualifies in curing any of the following diseases, must satisfy Grecory, Crockery, Glass-ware, all but the self-was and ignorant skeptic—dyspepsin, or indigestion, loss of muscaling the self-was and ignorant skeptic—dyspepsin, or indigestion, loss of muscaling the self-was and ignorant skeptic—dyspepsin, or indigestion. strength and mental energy; fever, ague, or chills rheumatic, neuralgic, or other pains; depletion and weakness of the natural functions, debility and weakness of the natural functions, debility from discase, dissipation, too much doctoring, desbauchery, and other causes; in case of excitement from constant intemperance, and where delirium tremens has occurred, I have seen it change the sufferer in half an hour from the most horrible state to calmness and placidity. It can, indeed, be conse entiously recommended to all suffering, and the proprietor regrets deeply that it is necessary thus to udvertise ii, in order that its merits may be known.
