DR. JACOB WEBBER'S SANGUIFIER, Or Invigorating Cordial.

What though the sun in beauty shine, And you have countloss hoards of wealth; What though the world-all, all was thine.
If you but want the blessing, Heulth.

An Honest Appeal! To all with bad or failing health.

A RE you languid, inanomate, resiless, appetite poor, digestion bad, and pains in the limbs, body back, and head? Reader, much of this is caused from cold caught unwittingly or, in seven blood, and want of natural perspiration, indiscre-tion in the use of food and drink, or from a drytion in the use of food and drink, or from a dryness in the atmosphere—which is a very unhealthy part of this climate—many of the awful, violeut, and suid n deaths that occur here must be
attributed to this. Now, reader, I have made this
my study for many years, and I do assure you
that my DR. WEBBER'S INVIGORATING
CORDIAL SANGUIFIER will cure these
causes—it will insure animation of the liver, blood,
and brains—it strengthens the nerves, and gives
to the sufferer a lightness of spirits, a mential and
indity feeling of strength that is deligitful. The bodily feeling of strength that is delightful. The many respectable persons who have been benefited by and certified to its extraordinary qualities in curing any of the following diseases, must satisfy all but the self-wise and ignorant skeptic-dysstrength and mental energy; fever, ague, or chills; rheumatic, neuralgic, or other pains; depletion and weakness of the natural functions, debility from disease, dissipation, too much doctoring, de-bauchery, and other causes; in case of excitement hauchery, and other causes; in case of excrement from constant intemperance, and where delirium tremens has occurred, I have seen it change the sufferer in half an hour from the most horrible state to calmness and placidity. It can, indeed, be conscientiously recommended to all suffering, and the proprietor regrets deeply that it is neces-sary thus to udvertise ii, in order that its merits may be known.

Intemperance and Debauchery, Constitutional Weakness, &c., DECLINE OF NATURE, PREMA-TURE OR NATURAL WEAKNESS OF THE FUNCTIONS, NER-
