

Skepticism and its Cure.

Mr. Ely says that there are many Infidels among us, and that disbelief in the Bible is increasing. It is said, on the other hand, that very few men have a settled disbelief in the Bible, though many have doubts about its divine authenticity.

I wish to say that I have commenced a series of Sabbath evening Lectures, at the Congregational Church, upon the Prophecies and their Fulfillment, to show that the Bible is both authentic in its facts and genuine in its origin. It speaks the truth. It is God's book.

Every lecture will be a separate and complete argument in itself, so that those who hear only one will have at least one unanswerable evidence that the Bible is truly what it claims to be.

All persons who have doubts on this subject, or who desire to confirm their faith, especially young men, are cordially invited to attend. If any person shall object to the fairness or completeness of the argument, and will make his objections known fairly in writing, I will answer them to the best of my ability at the next or a subsequent lecture.

Yours, respectfully,

G. H. ATRINSON.

Death of Prescott, the Historian.

William H. Prescott, the historian, died on Friday, Jan. 28, in Boston, very suddenly, from paralysis. He had been enjoying his usual health up to the moment of his death.

A Boston correspondent of the New York Evening Post narrates some interesting incidents touching his death:

"An hour before the fatal stroke (we are told) he had been conversing with his friends. Having retired to another room, his amanuensis soon after heard him groaning, and on bursting open the door found him with his head thrown back, entirely unconscious, and in about an hour after, he died. The previous premonition, which he received a few months since, had accustomed his family and friends when parting with him, to do so as if they feared for another meeting on earth. But this circumstance by no means diminished the poignancy of his grief, nor in any way supplies his place, for whom the greater solicitude and love were felt on account of his own precarious situation.

"On the work on which he was engaged, Philip II., six volumes were designed, three of which have been published; part of the fourth is now written, and the other two will probably fall to the hands of some other master of Spanish history to complete, but the touch of the great painter cannot but be missed, and the line clearly defined where he finished and another began."

GOOD SUGGESTION.—A correspondent of the Press suggests that Col. Chapman, and other 'high-toned conservatives,' who want so much to live among negroes, be colonized by the Government on Congo river in Africa. The idea is good.

DRUGS.—It will be seen by Dr. Weatherford's advertisement in this paper that he has a heavy assortment of drugs here and on the way. It is astonishing what an amount of drugs that establishment dispenses of every year. Is it owing to sickness, Weatherford's popularity, or his low wholesale prices, that has created such a run on his establishment?

GOSSIP.—It is rumored in Washington that Buchanan is about to be married to a widow woman in Georgia, and that his niece Miss Lane will soon be married to somebody.

BACK.—Hibben has got back to the bosom of his master. The hand-writing on the circulators franked by Lane is that of Hibben—so Postmaster Fleming tells us.

OBLIGATIONS.—We are under especial obligations to Mr. Hoyt, the gentlemanly clerk of the Express, and to Dr. Steele, agent of Wells, Fargo & Co., for files of exchanges. We are also indebted to Mr. Postmaster Fleming for a copy of Jo Lane's circular, which our Delegate forgot to send.

NOTICE.—Those who wish to help us out of a 'pressure,' will oblige us by sending what they owe us to the Salem convention of April 21.

THANKS.—This office is under obligations to J. M. Bacon for a Tribune Almanac for 1859, and to John Dement for a 'letter clip.'

PRICE CURRENT.—Our quotations are wholesale cash prices. Although bacon is quoted at 12 to 14 cents, small lots of a good article could probably be sold for more.

IMMIGRATION FOR 1858.—The total number of emigrants who arrived at the port of New York during the past year was 78,589, being a decrease of 105,184 compared with the previous year. Of the whole number, 31,874 were from Germany, 25,070 from Ireland, 12,324 from England, 2,718 from Scotland, 1,786 from France.

The long-mooted question, 'Can a civil action for libel be maintained against a corporation?' has been decided negatively by the U. S. Supreme Court, in the case of Quigley against the Philadelphia, Wilmington and Baltimore Railroad Co. The Court reversed the judgment of the Circuit Court at Baltimore.

A Mr. Walker, of Oskaloosa, (Iowa) killed a rabbit lately, and upon removing the skin of the animal, the figures 1823 were visible on the side of the 'varmint,' branded in the flesh. The question for the curious is: 'Did some one brand the rabbit in the year 1823, and has it lived ever since?'

GOLD IN THE ATLANTIC STATES.—Since 1839, the gold mines in North Carolina have yielded the sum of \$9,458,223, and those of Georgia \$7,519,052.

From Washington.

WASHINGTON, Feb. 3.—Senator Toombs intends, early next week, to bring forward a bankrupt bill, and sustain it by a speech. The bill is similar, in its details, to the one matured by the Committee on the Judiciary at the last session. Although there is a pressure of public business, some of the friends of the measure in both houses, if it is pressed, think the bill can be passed, provided its advocates act with zeal. It is claimed that the Senate being opposed to interfering with the tariff, gives the bill additional strength.

Taking into view the embarrassments of the Treasury, and the near approach of the termination of the session of Congress, the House Committee on Military Affairs decided to-day to lay the whole subject of the establishment of a national fund over till the next Congress.

Lord Napier has formally accepted the tender of a complimentary ball to be given him on the 17th inst. The President, the members of the Cabinet, and the whole of the diplomatic corps and its attaches, will be invited guests.

SENATE.—The Judiciary committee of the Senate reported against the claims of Lane and McCarthy who were chosen by the Indiana Legislature as senators in place of Bright and Fitch, the present bogus incumbents.

HOUSE.—On motion of Mr. Reagan it was resolved that the committee on the Judiciary be instructed to inquire into the expediency of reporting a bill to define and provide punishment for polygamy in the Territories of the United States, and restrain the people and authorities therein from interference with the Federal Judiciary.

A BOY CARRIED OVER THE FALLS OF NIAGARA.

A boy and accident occurred at Niagara Falls on Saturday last. An adopted son of Mr. Gibbs, foreman of the paper mills, accidentally fell into the river and was carried over the American Fall. We understand that the lad was on the ice, near the mills, where men had been running the drift-ice from the flume, and accidentally fell into the swift stream. He was not seen to fall, but was seen some distance down the river, in the rapids, when beyond the reach of human aid, and speedily passed over, of course to rise no more alive. The child was twelve years old, and a lad of much promise, beloved by his adopted parents and all who knew him.—The calamity caused much sensation at the village where it occurred.—Rochester Union and Advertiser.

Our readers will observe, by an extraordinary notice in another column, that Dr. A. H. Steele has been appointed agent for the new Medical Salt, which is creating so much excitement in the Atlantic States. We make it a principle never to puff a patent medicine, but as this article professes to be the regular prescription of an eminent physician, and as the high standing of the general agents (Messrs. Redington & Co., of San Francisco), is, in itself, a guarantee against imposition, we advise all to read the notice and judge for themselves.

OREGON CITY MARKET.—Wheat \$1; flour \$6 to \$7.50; potatoes 60c; oats 60; butter, fresh, 25c—packed, 12c; bacon 12c to 14c.

Clackamas Republican Convention.

There will be a meeting of the Republicans of Clackamas county at the Court-house on Saturday, April 9, at one o'clock P. M., for the purpose of choosing five delegates to represent this county in the general convention to be held in Salem April 21, as also to transact such other business as may come before the convention. All such citizens as have patriotism enough to love their country, respect the constitution, cling to the Union, desire a wholesome Government, who regard freedom as national and slavery as sectional, and who are opposed to the Administration and the Salem clique, are most respectfully invited to participate in the meeting. Let no lukewarmness deter any man from coming. The gathering storm of sectional rage, political fanaticism, disunionism, and national bankruptcy, evoked by the party falsely called Democratic, ought to stir up an enthusiasm in the breast of every patriot that will result in immediate and determined action. Come along, friends, and let us have a rousing convention.

W. L. ADAMS, J. S. RICHARDSON, C. W. BRYANT, Co. Com.

Washington County.

There will be a convention of the Republicans of Washington county at Hillsboro on Saturday, April 12, for the purpose of appointing delegates to the Territorial convention, and to transact such other business as may be brought before the convention. It is extremely desirable to have a full attendance. All persons opposed to the present Administration are requested to meet with us.

The committee would recommend as a basis of representation that each precinct send one delegate, and an additional one for every twenty-five votes.

C. S. SUTHERLAND, Wm. H. BENNETT, A. H. LILL, Rep. Co. Com.

Linn County.

There will be a mass Republican convention of Linn county held at Albany on Friday, April 15, for the purpose of selecting six delegates to attend the Territorial convention to be held at Salem April 21, and for the purpose of transacting such other business as may come before the convention.

By order of the Republican county committee. J. O. CONNER, Ch'n.

Republicans of Polk.

There will be a convention of the Republicans of Polk county on Saturday, April 16, 1859, at Dallas, to nominate county candidates and appoint delegates to the Territorial convention, etc. It is recommended that precinct meetings be held on Friday, April 15, for appointing delegates to the county convention, and that each precinct be entitled to five delegates. By order of the county committee. WM. W. BOONE, Ch'n.

Yamhill.

The Republicans of Yamhill county, and all those opposed to the present Administration and the domination of the Salem clique, will have a meeting at the court-house in Lafayette on Tuesday, March 29, 1859, to choose delegates to the Republican convention at Salem April 21. Turn out, and let us have a full attendance!

J. W. COWLES, OLIVER MOORE, Geo. L. WOODS, Rep. Co. Com.

Republican Mass Convention.

The Republican county committee of Marion county deem it expedient to call a mass meeting of the Republicans and all others of the county who repudiate the present Administration, and appoint delegates to the Territorial convention, to be held at Salem, on Saturday, April 16, to nominate candidates for county officers, and appoint delegates to the Territorial convention.

W. WARREN, Ch'n.

Clatsop Co. Republican Mass Meeting.

The electors of Clatsop county, who are in favor of the great cardinal principles of the Republican party, the non-extension of slavery, as opposed to the great overshadowing dogma of the Democratic party—the universal extension of slavery, even against the sovereign will of the people, as exemplified in the decision of the Dred Scott case, and in the Lecompton Kansas policy of the present administration—are requested to meet in mass

meeting, at the Court House in Astoria, on Saturday, the 9th of April, 1859, at 1 o'clock P. M., for the purpose of electing a delegate to the Territorial Republican convention, to be held at Salem on Thursday the 21st day of April, 1859, for the purpose of nominating a delegate to Congress, and a Territorial Prison Inspector, to be elected at the ensuing June election. Other business of the nature of more fully organizing the party may be transacted.

W. W. PARKER, JOHN JEWETT, CHAS. STEVENS, Rep. Co. Committee.

SALT.—The most extraordinary chemical discovery of modern times is the Aniphiogenic Salt. It acts upon the blood peculiarly, in the same manner as the vaccine matter operates in the prevention of malignant diseases. It cures only diseases which are inflammatory in their nature, such as inflammation of the head and throat, such as brain fever, flu, headache, neuralgia, erysipelas, and catarrh. Second, cases of inflammation in the chest and abdomen, viz: inflamed lungs and liver, pleurisy, dyspepsia, ascites, gravel, piles, &c. Third, inflammation of the extremities and skin, as wit: rheuma teno, scrofula, sties, scalding fever, venereal and catarrhal affections. This chemical combination is so powerful and instantaneous in its effects, that the dose is only what will adhere to a quill dipped in the Salt and held to the tongue for one minute. The most astounding results have invariably followed its use in the Atlantic States, and thousands of testimonies as to its virtues can be furnished, if required. The price is one cent per ounce, but is willing to let the Salt be tried by its works, confident that it will never fail. It is put up in drachm packages, price Two Dollars, and will be forwarded by mail, post paid, to any part of the country, upon receipt of that sum, addressed to REDINGTON & CO., San Francisco. Full directions accompany each package. As soon as a sufficient supply can be obtained, it will be for sale by Druggists generally. J. Cogswell, M. D., druggist and proprietor, Sole Agents for California and Oregon, REDINGTON & CO., Wholesale Druggists, San Francisco, Cal. Dr. A. H. STEELE Agent for Oregon City.

Rheumatism. In all cases of Inflammation, Rheumatism, whether acute or chronic, the Aniphiogenic Salt, discovered by Dr. F. Cogswell, of Boston, is a sure and infallible remedy. In New England, where this disease is very prevalent, the Salt has never been known to fail in effecting a radical cure, and of giving permanent relief. Rheumatism is most invariably caused by inflammation and cold, and the peculiar effect of this medicine, as its name (Aniphiogenic or Anti-inflammatory) signifies, is to reduce inflammation, and balance the circulation of the blood, and the fluids of the body. It does not profess to be a grand panacea, but is calculated expressly for all diseases of an inflammatory nature, and is thus a perfect substitute for blood-letting in all its forms. It is for sale by all Druggists. General Agents, REDINGTON & CO., Wholesale Druggists, San Francisco.

Bronchitis, Asthma, Catarrh. These diseases, and a host of similar chest affections, caused by colds and inflammation of the throat, and certainly to the effects of the Aniphiogenic Salt. It is peculiarly beneficial in all diseases of this nature, as they are invariably caused by a tendency of blood to the head and throat, and the result is, the use of this medicinal salt is to reduce inflammation and cool the circulation of the fluids of the body. It is also remarkably efficacious in all inflammatory diseases of the chest and abdomen, such as Pleurisy, Gravel, Venereal Dyspepsia, Piles, &c. No better evidence of the value of this medicine can be given than the fact that, though it is now two years since it was first offered to the public, the discoverer has been able to answer but a small portion of his orders, and it is only within the last few months that it could be obtained at any price in this State. For sale by all Druggists. General Agents, REDINGTON & CO., Wholesale Druggists, San Francisco. Agents for Oregon City, Dr. A. H. STEELE. 47m3
