All I Mnow. The following lines by Alice Carey are very sweet and beautiful:

Her voice is sweet and low; her face No words can make appear, For it looked out of heaven but long enough To leave a shadow here.

And I only knew that I saw the face, And saw the shadow fall, And that she carried my heart away, And keeps it; that is all.

Love or THE BIBLE .- The undecaying sanctities of religion have, like unseen household gods, kept watch by their hearth-sides from generation, and their belief in the Bible is connected with all that is holiest and dearest in filial and parental love. A common piece of wood, the meanest article of household furniture, is prized, when it is a relic of one tenderly beloved; but the peasant of Scotland has a relic of departed affection that lifts his nature up to heaven, when he takes into his reverential hand-

WHEN EDUCATION BEGINS .- A mother once asked a clergyman, when she should begin the education of her child, which she told him was then four years old.

"Madam," was the reply, "you have lost three years already. From the first smile that gleams over the infant's cheek, "They will pay cash or goods for all kinds of produce, such as butter, eg. s. chickens, or almost produce, such as butter, eg. s. chickens, or almost produce, such as butter, eg. s. chickens, or almost produce. your opportunity begins."

"No TIME."- We complain that we have "no time." An Indian Chief of the Six Nations once said a wiser thing than any philosopher. A white man remarked in his hearing that he had not time enough. "Well," replied R-d Jacket. graffly, "I suppose you have all there is." He is the wisest and best man who can crowd the most good actions in Now .-

A Bigor.-The celebrated John Foster thus describes a bigot: "He sees religion, not as a sphere, but a line, and it is a line in which he is moving. He is like an African buffalo-sees right forward, but nothing on the right or left. He would not perceive, a legion of angels or devils at the distance of ten yards, on the one side or the other."

For Grace Greenwood, in speaking of a certain and too fashionable kind of parental government, in her lecture at the Melodeon, recently, told this refreshing little story A gentleman told his little boy, a child of four years, to shut the gate. He made the request three times, and the youngster paid no sort of attention to it. "I have told you three times, my son, to shut the said the gentleman, sorrowfully .-" And I've told you free times," lisped the child, "that I won't do it. You must be stupid."-Cleveland Plaindeuler.

Dr. Franklin said: "When I see a house well furnished with books and newspapers, there I see intelligent and well informed children; but if there are no books or pupers, the children are ignorant, if not profligate."
