"The following conversation occurred at the White House the other day:

Said a Southern gentleman present, can't go for a revision of the tariff-it's out of the question.' The President drew up fiercely and replied very fiercely, 'Gentle-men, Congress will do as it pleases about the tariff, but some provision must be made for an increased revenue. If this Congress will not make that provision, I shall most certainly call upon another next summer to do it. If Democrats will not see to it that we have a change upon the revenue princi-ple then I will take from the Republicans a change upon the protective principle!'— You can rely upon the truth of this statement."

The New York Tribune's correspondent

"The President said to-day that if this Congress will not vote him means to carry on the government and execute their own laws, he will see if the next Congress will not do it. He remarked that he cannot see how to avoid calling the next Congress together in August."

ALT...The most extraordinary chemical discovery of modern times is the Autiphlogistic Salt. It acts upon the blood precisely in the same manner as the vaccine matter operates in the prevention of malignant discuses. It cures only discases which are inflammatory in their nature.—First, inflammation of the head and thout, such as brain fever, fits, headache, neuralgia, crysipela, and catarrh. Second, cases of inflammation in the cheat and abdomen, viz.: inflamed lungs and liver, pleurisy. dyspepsia, asthma, gravel, piles, liver, pleurisy, dyspepsia, asthma, gravel, piles, &c. Third, inflammation of the extremities and &c. Third, inflammation of the extremities and skin, to wit: rheumation, scrofula, ulcers, scarlet fever, venereal and cutapeous affections. This chemical combination is so powerful and instantaneous in its effects, that the dose is only what will adhere to a quill dipped in the Salt and held to the tongue for one minute. The most astounding results have invariably followed its use in the Atlantic States, and thousands of testimosials as to its virtues can be furnished, if required. The proprietor asks not, however, for Faith, but is willing to let the Salt abide by its works, confident that it will never fail. It is put up in drachm packages, price Two Dollars, and will be forwarded by mail, price Two Dollars, and will be forwarded by mail, post paid, to any part of the country, upon receipt of that sum, addressed to REDINGTON & CO., San Francisco. Rheumatism.

In all cases of Inflammatory Rheumatism, whether acute or chronic, the Antiphlogistic Sult, discovered by Dr. F. Goggswell, of Boston, is a sure and infallible result. In New England, where this discuss is very prevalent, the Sult has never been known to fail in effecting a radical cure, and of giving permanent relief. Rheumatism is almost invariably caused by inflammation and colds, and the prevalent effect of this medicine, as its name (Antiphlogistic or Anti-inflammatory) signifies, is to reduce inflammation, and balance the circulation of the blood, and rhe fluids of the body. It does not profess to be a grand pauseon, but is calculated expressly for all diseases of an inflammatory nature, and is thus a perfect substitute for blood-letting in all its forms.
