

The time has now fully come when the raising of *Coyote* horses and *Spanish* cattle do not pay in the Willamette Valley.—Oregon Farmer.

With all due deference to the Farmer, we suggest that the raising of cattle that are part *Spanish* does pay in the Willamette Valley. Our observations, as well as those of other stock raisers with whom we have conversed, have led us to believe that such cattle are equally handsome, equally as good for milk, and more hardy than the improved stock. We noticed that cattle of this description came through the last winter in fair condition, while the 'Durlams,' and other improved breeds, with full blooded Americans, gave up the ghost in despair on the bleak hill tops, or lazily slid down to die in the muddy gulches and grassless ravines. Mr. Wm. Frazier, of Marion County, who had taken considerable pains to improve his stock, informed us, April 21, that notwithstanding he had fed some four hundred dozen of sheaf oats and wheat, his cattle had continued to die up to within a day or two of that time, when he had lost between fifty and sixty head. We have regretted that the *Spanish* blood had so effectually disappeared from the country, and we believe that a *Spanish* cross pays the best here of any other. We are, however, willing to hear the experience of others on the subject.

A goose, a few days since, attempted to fly over the barn of Robert Pollock, of Perry township, Clatsop county, Pa., when the wind drove it upon the lightning rod, which penetrated its neck and killed it instantly.—Ferry's Press.

Yes, and another bird, an obscene one, called 'sound goose,' or Buchanan Democracy, tried to fly over the great granary of the people of Pennsylvania on the twelfth of last October, but was driven by the 'storm' of popular indignation upon a political lightning rod, which penetrated its neck and killed it instantly." Let the two geese be buried in the same grave.

CLATSOP.—A friend writes from Clatsop that the Republican cause is brightening up in that county, and that Logan and Matlock will probably get a respectable majority there.

PORTLAND, May 11, 1859.

ED. ARGUS: It is reported here that Stout owes his nomination to the management of a great Steamship Company, who have sought to control the politics of this coast for many years, on account of their claims before Congress. He has been their attorney ever since he has been in Oregon, and if they expect to induce the people of this State to send their hired agents to Washington to look after their interests and assist in keeping up the present monopoly of the Mail Company, we ought to know it. I have no objection to an attorney's employment by anybody; that is his own business; but when a company to which Oregon owes so little as the Mail Company wants us to send their counsel to Washington, I think we should look about and find some one who will have no duties to perform except those which will promote the interests of Oregon. Yours, &c.

LEBANO, May 7, '59.

ED. ARGUS: Delazon spoke at Seio last Friday, and at Lebanon in the evening. The principal topics of his harangue were, Delazon Smith, Lane, Bush, Hon. Wm. H. Seward, Republican party, Logan, and Stout. In regard to himself, he said that he wanted to be Senator, for he had worked amazingly hard to get Oregon admitted, and that he was in the good graces of Buck and the Cabinet; also how he took Senator Hale down, and used him completely up; with many other wonderful facts beyond number. He said that Lane had done his whole duty, for everybody he saw said so; and that he didn't see him word that he stood the fairest chance to be the next President of any man in the nation—that the President consulted him on every important subject. Poor Bush gave particular thunders. He said that Grover and himself wrote every editorial that ever appeared in the Statesman in favor of State government—that Bush was eternally slandering somebody or other—that one escaped—that he packed him on his back for sixty days last year, and barked for him, for he was a dumb dog and couldn't bark for himself—a perfect draw-back on the party—always opposed a State government. He said that nine-tenths of all the political enemies he had made in Oregon, he made by upholding that mean Bush. He took the advantage, as all such men do, to stir Logan in his absence; said he was devoid of principle, and mean and treacherous. (If he is meaner than Smith, God help him.)

LOOKER ON.

SURVIVE.—A squaw, one of the wives of Indian Charley, hung herself last Wednesday to a branch of a tree not four feet from the ground, and also strangled her two children by tying a cord around their necks and binding them both together. The children, by prompt treatment, were saved, but the mother was too far gone to restore. She must have shown great resolution, as her body rested on the ground, and no marks of a struggle were seen. She cut up her dress, with which she made cords instead of rope. The cause appears to be some family quarrel. Charley is well known in town, having been brought up amongst the whites, and resided in Oregon City for ten or twelve years. Dr. Barclay says that a resort to such extremities is not uncommon among Indians.

POPULAR.—Upon enquiring at McCormick's last week for a copy of "Captain Gray's Company," the new work by Mrs. Duniway, we were told that not a single copy was to be had, as the first edition of one thousand copies had all been sold. Another edition will, however, be ready in a few days. It seems that the disparaging notices of some of our hypercritical contemporaries have not very materially injured it with the public.

The Legislature meets next Monday at Salem.

ACCIDENT IN PORTLAND.—Last Monday two young men, Joseph Jamieson and Frank Howard, were badly wounded by the premature discharge of a cannon which they were loading. Jamieson had his right arm broken in three places, his jaw bone shattered, two fingers torn from his right hand, and his right eye blown out. Howard had an arm broken, his face badly torn, and one of his eyes shot away. They were engaged in firing a salute to the Turn Verens.

Delazon Smith has our thanks for a copy of Vice President Breckinridge's address on the occasion of the Senate leaving the old for the new chamber.

Sec. 4. SALE.—The most extraordinary chemical discovery of modern times is the Antiphlogistic Salt. It acts upon the blood precisely in the same manner as the vaccine matter operates in the prevention of malignant diseases. It cures only diseases which are inflammatory in their nature.—First, inflammation of the head and throat, such as brain fever, fits, headache, neuralgia, erysipelas, and catarrh. Second, cases of inflammation in the chest and abdomen, viz: inflamed lungs and liver, pleurisy, dyspepsia, asthma, gravel, piles, &c. Third, inflammation of the extremities and skin, to wit: rheumatism, scrofula, ulcers, scurvy fever, venereal and cutaneous affections. This chemical combination is so powerful and instantaneous in its effects, that the dose is only what will adhere to a quill dipped in the Salt and held to the tongue for one minute. The most astounding results have invariably followed its use in the Atlantic States, and thousands of testimonials as to its virtues can be furnished, if required. The proprietor asks not, however, for Faith, but is willing to let the Salt abide by its works, confident that it will never fail. It is put up in drachm packages, price Two Dollars, and is forwarded by mail, post paid, to any part of the country, upon receipt of that sum, addressed to REDINGTON & CO., San Francisco. Full directions accompany each package. As soon as a sufficient supply can be obtained, it will be for sale by Druggists generally.—F. Cogswell, M. D., discoverer and proprietor.—Sole Agents for California and Oregon, REDINGTON & CO., Wholesale Druggists, San Francisco. Dr. A. H. STEELE Agent for Oregon City.

Rheumatism. In all cases of Inflammatory Rheumatism, whether acute or chronic, the Antiphlogistic Salt, discovered by Dr. F. Cogswell, of Boston, is a sure and infallible result. In New England, where this disease is very prevalent, the Salt has never been known to fail in effecting a radical cure, and of giving permanent relief. Rheumatism is almost invariably caused by inflammation and cold, and the peculiar effect of this medicine, as its name (Anti-phlogistic or Anti-inflammatory) signifies, is to reduce inflammation, and balance the circulation of the blood, and the fluids of the body. It does not profess to be a grand panacea, but is calculated expressly for all diseases of an inflammatory nature, and is thus a perfect substitute for blood-letting in all its forms. It is for sale by all Druggists. General Agents, REXINGTON & Co., Wholesale Druggists, San Francisco.

Bronchitis, Asthma, Catarrh. These diseases, and others of a similar character, caused by colds and inflammation, yield readily and certainly to the effects of the Antiphlogistic Salt. It is peculiarly beneficial in all cases of this nature, as they are invariably caused by a tendency of blood to the head and throat, and the certain result of the use of this medical salt is to reduce inflammation and equalize the circulation of the fluids of the body. It is also remarkably efficacious in all inflammatory diseases of the chest and abdomen, such as Piles, Gravel, Venereal, Dyspepsia, Pleurisy, &c. No better evidence of the value of this medicine can be given than the fact that, although it is now two years since it was first offered to the public, the discoverer has been able to answer but a small portion of his orders, and it is only within the last two months that it could be obtained at any price in this State. For sale by all Druggists. General Agents, REDINGTON & Co., Wholesale Druggists, San Francisco. Agent for Oregon City, Dr. A. H. STEELE. 47m3
