This fact was made use of to guard their night camps from these intruders. Quantities of the plant were brought home by Mr. E. Lyon, and found a positive insect destroyer in every experi-ment. It is simply a powdered leaf, chemically prepared to resist the effect of age and climate.— Medals and Letters Patent have been obtained from the governments of England, France, Germany and Russia, from the World's Fair, and numerous medical and horticultural colleges and so-

SALT...The most extraordinary chemical dis-Salt. It acts upon the blood precisely in the same Salt. It acts upon the blood precisely in the same manner as the vaccine matter operates in the prevention of malignant diseases. It cures only diseases which are inflammatory in their nature.—
First, inflammation of the head and throat, such as brain fever, fits, headache, neurolgia, erysipelar, and catarrh. Second, cases of inflammation in the chest and abdomen, viz.: inflamed longs and liver, pleurisy, dyspepsia, asthma, gravel, piles, &c. Third, inflammation of the extremities and skin, to wit: rheumatism, serofula, pleers, searlet fever, venereal and cutapeous affections. This chemical combination is so powerful and instantaneous in its effects, that the dose is only what will adhere to a quilf dipped in the Salt and held to the tongue for one minute. The most astounding results have invariably followed its use in the Atlantic States, and thousands of testimenials as to its to States, and thousands of testimentals as to its virtues can be furnished, if required. The proprietor asks not, however, for Faith, but is willing to let the Salt abide by its works, confident that it will never fail. It is put up in drachin packages, price Two Dollars, and will be forwarded by mail, proce I wo Datas, and will be forwarded by man, post poid, to any part of the country, upon receipt of that sum, addressed to REDINGTON & Co., San Francisco. Full directions accompany each package. Rheumatism.

In all cases of Inflammatory Rheumatism, whether acute or chronic, the Antiphlogistic Salt, discovered by Dr. F. Coggswell, of Boston, is a sure and infalible result. In New England, where this discase is very prevalent, the Salt leasnever been known to fail in effecting a radical cure, and of giving permanent relief. Rheuma Rhoumatism. never been known to fail in effecting a radical cure, and of giving permanent relief. Rhemma tism is almost invariably caused by inflammation and colds, and the peculiar effect of this medicine, as its name (Ant phlogistic or Anti-inflammatory) significs, is to reduce inflammation, and balance the direculation of the blood, and rhe fluids of the body. It does not profess to be a grant pauncea, but is calculated expressly for all diseases of an inflammatory nature, and is thus a perfect substitute for blood-letting in all its forms.
