Lyon's Magnetic Powders, or Flea Powder,
Will destroy Garden Insects, Cockroaches, Bed-Bugs, Fleas, Ants, Moths, and all pests of the vermin kind.
The importance of a reliable article of this kind is inestimable. In warm weather all nature teems with these annoying foes. This powder is the only article ever discovered which will exterminate them. A company of botanists, from the Horticultural Society of Paris, while amidst the ferns of Asia, observed that all insects lighting upon a certain kind of plant very soon dropped dead.—This fact was made use of to guard their night camps from these intruders. Quantities of the plant were brought home by Mr. E. Lyon, and found a positive insect destroyer in every experiment. It is simply a powder of leaf, which, after preparation, resists the effect of age and climate.—M-dals and Letters Patent have been obtained from the governments of England, France, Germany and Russia, from the World's Fair, and numerous medical and horticultural colleges and societies.
Letter from the President of the United States, "EXECUTIVE MANSION, WASHINGTON, 31st Jan., 1853."
Mr. E. Lyon.—Dear Sir: I have the pleasure to inform you that the Royal commission of the World's Fair, at London, have awarded you a Medal and Certificate for the great value of your Magnetic Powders, &c.
The above was accompanied by a certificate of Prince Albert.
IT IS FREE FROM POISON.
New York, October 1, 1858
Emanuel Lyon.—Dear Sir: We have analyzed and tested your Magnetic Powders, and find them perfectly harmless to mankind and domestic animals, but certain death when inhaled by bugs, ants and insects.
J. R. CUTLER, M. D., Chemist.
L. REID, Professor, Chemistry, N. Y. Hospital.
Mr. John L. Rome, Superintendent of the N. Y. Hospital, says "he has expelled all the bugs, ants, roaches, moths, &c., with Lyon's Powder, and finds it immense value."
Every gardener and housekeeper must have a direct interest in an article of this kind. Reference can be made to the Astor, St. Nicholas, and Metropolitan Hotels; to Judges Meigs, President of the American Institute; James Gordon Bennett, Gen. Windell Scott, Cyrus W. Field, L. M. Pease, of the Five Points Mission, &c., &c.—Judge Meigs says, "This discovery of Prof. Lyon is of national importance. The Farmers' Club have tested it thoroughly. It will destroy locusts, grasshoppers, ants, moths, bugs, and all vermin. Garden plants can be preserved, and houses made pure."
Rats and mice cannot be reached by a powder, and are killed by a Masticatory Pill. Order them through any merchant.
"Lyon's Powder kills insects in a trice, but Lyon's Pills are mixed for rats and mice. Follow directions. Use freely and thoroughly."
Dr. A. H. STEELE, Agent, Oregon City. SMITH & DAVIS, and Dr. WEATHER-FORD, Agents, Portland. PARK & WHITE, San Francisco. fm3

SALT.—The most extraordinary chemical discovery of modern times is the Antiphlogistic Salt. It acts upon the blood precisely in the same manner as the vaccine matter employed in the prevention of malignant diseases. It cures only diseases which are inflammatory in their nature.—First, inflammation of the head and throat, such as brain fever, fits, headache, neuralgia, erysipelas, and catarrh. Second, cases of inflammation in the chest and abdomen, viz: inflamed lungs and liver, pleurisy, dyspepsia, asthina, gravel, piles, &c. Third, inflammation of the extremities and skin, to wit: rheumatism, scrofula, ulcers, scurvy, fever, venereal and cutaneous affections, erysipelas, &c. This chemical combination is so powerful and instantaneous in its effects, that the dose is only what will adhere to a quill dipped in the Salt and held to the tongue for one minute. The most astounding results have invariably followed its use in the Atlantic States, and thousands of testimonials as to its virtues can be furnished if required. The proprietor asks not, however, for Faith, but is willing to let the Salt abide by its works, confident that it will never fail. It is put up in druggists' packages, price Two Dollars, and will be drawn by mail, post paid, by any part of the country, upon receipt of that sum, addressed to REDINGTON & CO., San Francisco. Full directions accompany each package. As soon as a sufficient supply can be obtained, it will be for sale by Druggists generally.—F. Cogswell, M. D., discoverer and proprietor.—Sole Agents for California and Oregon, REDINGTON & Co., Wholesale Druggists, San Francisco. Dr. A. H. STEELE Agent for Oregon City, Rheumatism.

In all cases of Inflammatory Rheumatism, whether acute or chronic, the Antiphlogistic Salt, discovered by Dr. F. Cogswell, of Boston, is a sure and infallible result. In New England, where this disease is very prevalent, the Salt has never been known to fail in effecting a radical cure, and of giving permanent relief. Rheumatism is almost invariably caused by inflammation and acids, and the peculiar effect of this medicine, as its name (Antiphlogistic or Anti-inflammatory) signifies, is to reduce inflammation, and balance the circulation of the blood, and the fluids of the body. It does not profess to be a grand panacea, but is calculated expressly for all diseases of an inflammatory nature, and is thus a perfect substitute for blood-letting in all its forms. It is for sale by all Druggists. General Agents, REDINGTON & Co., Wholesale Druggists, San Francisco.
