true on the Death of John Kelly Chenette Cornelius, aged 1 year, 1 month, and 23 days A bad has been plucked from its parent stem, To be placed in the Savior's diadem; It is taken from earthly clouds and gloom, in the heavenly gardens resplendent to bloom.

The starm too keenly swept o'er the child, "Our Father," seeing, in pity smiled, And snatched the sweet flower from earth away, To bloom 'neath a sun of more genial ray.

Thou wouldst not, thou couldst not, recall it to thee Through starry fealurs straying, in rapturous glee Is joys are more sweet, 'mid that choral band, Then a mortal may know in this sinful land.

Bay, wouldst thou ment the loved one in heaven? To thee one only way is given,— And all thy hope and trust must be In Him who died on Calvary.

Will destroy Garden Insects, Cockronches, Bed-Bugs, Fleas, Ants, Moths, and all pests of the vermin kind.

The importance of a reliable article of this kind is inestimable. In warm weather all nature teems with these annoying foes. This powder is the on-ly article ever discovered which will exterminate them. A company of botanists, from the Horti-cultural Society of Paris, while amidst the feris of cultural Society of Paris, while amidst the feris of Asia, observed that all insects lighting upon a certain kind of plant very soon dropped dead.—This fact was made use of to guard their night camps from these introders. Quantities of the plant were brought home by Mr. E. Lyon, and found a positive insect destroyer in every experiment. It is simply a powdered leaf, chemically prepared to resist the effect of age and climate.—Medals and Letters Patent have been obtained from the governments of England, France, Germany and Russia, from the World's Fair, and numerous medical and horticultural colleges and societies.

The proprietor asks not, however, for Faith, but is wil to let the Salt abide by its works, confident that it will never fail. > Rhoumatism. In all cases of Inflammatory Rheumatism, whether acute or chronic, the Antiphlogistic Salt, discovered by Dr. F. Coggswell, of Boston, is a sure and infallible result. In New England, where this disease is very prevalent, the Salt has never been known to fail in effecting a radicat cure, and of giving permanent relief. Rheumatism is almost invariably caused by inflammation and colds, and the peculiar effect of this medicine, as its name (Antiphlogistic or Anti-inflammatory) signifies, is to reduce inflammation, and balance the circulation of the blood, and rice fluids of the body. It does not profess to be a grand panacea, but is calculated expressly for all diseases of an inflammatory nature, and is thus a perfect substi-tute for blood-letting in all its forms. It is for sale

by all Druggists. General Agents, REDINGTON & Co., Wholesale Druggists, San Francisco. Bronchitis, Asthma, Catarrh. Bronchitis, Asthma, Catarrh.

These diseases, and others of a similar characy ter, caused by colds and inflammation, yield readily and certainty to the effects of the Antiphlogistic Salt. It is peculiarly beneficial in all diseases of this nature, as they are invaribly caused by a tendency of blood to the head and throat, and the certain result of the use, of this medical salt to reduce inflammation and equalize the circulation of the fluids of the body. It is also remarkably efficacious in all inflamatory diseases of the chest and abdomen, such as Piles, Gravel, Venereal, Dyspepsia, Pleurisy, &c. No better evidence of the value of this medicine can be given than the fact that, although it is now two years since it was first offered to the public, the discovsince it was first offered to the public, the discov-erer has been able to answer but a small portion of READT-MADE CLOTHING, his orders, and it is only within the last two months that it could be obtained at any price in this State.
