The imperance of a reliable article of this kind is inestimable. In warm weather all nature teems with these annoying fors. This powder is the on-ly article ever discovered which will exterminate them. A company of botanists, from the Horti-entural Society of Paris, while amidst the ferms of Asia, observed that all insects lighting upon a certain kind of plant very soon dropped dead.— This fact was made use of to guard their night camps from these intruders. Quantities of the plant were brought home by Mr. E. Lyon, and found a positive insolt dearboyr in overy experi-ment. It is simply a powdered leaf, chemically prepared to reast the effect of age and c inster — Medids and Letters Patent have been obtained from the governments of England, France, Ger-many and Rossia, from the Word's Fair, and numany and Rossia, from the World's Fair, and nu-merons medical and horticultural colleges and so-

SALZ.-The most extraordinary chemical dis-covery of nodern times is the Antiphlogistic salt. It acts upon the blood precisely in the same

manner as the vaccine matter operates in the pre-vention of malignant diseases. It cures only dis-

as brain fover, fils, headache, neuralga, erysipelas, and eatarrh. Second, cases of inflammation in the chest and abdomen, viz.: influence lungs and

liver, pleurisy, dyspepsia, asthma, gravel, piles, &c. Third, inflammation of the extremities and

skin, to wit : rheumatism, scrofula, ulcors, scarlet forer, venercal and cutaneous affections. This

chemical combination is so powerful and instanta-neous in its effects, that the dose is only what will

adhere to a quill dipped in the Salt and held to the tongue for one minute. The most astounding re-

subs have invariably followed its use in the Atlan-tic States, and thousands of testimonials as to its virtues can be furnished, if required. The pro-prietor asks not, however, for Faith, but is willing

to let the Sait abule by its works, confident that it will never fail. It is put up in drachin packages, price Two Dollars, and will be forwarded by mail,

post paid, to any part of the country, upon receipt of that sum, addressed to REDINGTON & CO., San Francisco. Full directions accompany each package. As soon as a sufficient supply can be ob-

baly. It does not profess to be a grand panacea, but is calculated expressly for all diseases of an

inflammatory nature, and is thus a perfect substi-ture for blood-left og in all its forms. It is for sale
