It has long been a most important desideratum in the practice of medicine, to obtain a remedy sim lar to t us, and accordingly we find it re-orted to almost an versally in all those formenting dis-cases of the skin so trying to the patience, and inarious to the health. It is a tonic, sperient, and disinfectant. It acts simultaneously upon the crowace, the creculation, and the nowers, and thus three processes, which are ordinarily the result of THREE different kinds of medicine, are carried on at the same time through the instrumentality of THIS ONE remedial agent. Its great nerit is that it meets and neutralizes the active cinciple of disease itself, and when that is gone, symptoms necessarily disappear. The rapodity with which the patient recovers health and trength under this triple influence is surprising.

REMARKABLE CURE.

LINK COUNTY, Oregon Ter., ? March 11, 1855. Messts. A. B. & D. Sands, New York: Gen tlemen.—In the spring of 1853, while on our way from Indiana to this place, our eld-st boy was seized with a swelling and severe pains in the legs which day by day grew worse, until his legs con-tracted, and became so painful that he could not walk, and we had to carry him about like an in-fant. We reached Albany on the 3d of October, completely worn out by fatigue. By this time, he was reduced to a perfect skeleton. Here we were enabled to consult a physician (Dr. Hill) who honestly confessed he could not cure him, alwho honestly contessed he could not cure him, although he could give him medicine that would relieve the pain. In this exigency something must be done, or death was locatable. Being recommended to try your Sarsaparilla, I pricured a bottle. After taking some, he appeared worse; but persevering with it, I obtained a second bottle, which secured to grapple with the disease, and caused a marked improvement; the swelling and pain in the legs were reduced, his appetite improved, and his color began to return. Thus en-couraged, I purchased a third bottle; while taking it the swellings in its legs broke, and some pieces of bone one eighth of an inch long came out, after which his legs straightened and healed ip. He is now perfectly recovered has no ap-searance o being a cripple, and can perform most kinds of common later, as all our ne glibors can certify. Yours, respectfully, CALEB DAVIS
