Total Failure.—The sectional fanatics have made a water-haul of the "Old Brown raid." At first they were hugely they could make " enough fools believe that affect the New York election." Failing in the ocean service will be discontinued altothis, they got up a Brown raid investigating committee in the Senate, but were somewhat flabbergasted to see the Republicans vote for the committee. The committee has now spent several months in examining witnesses brought from all parts of the country, but not a single fact has been elicited from a single witness implicating a single Republican. This failure seems to destroy the last hope that the rotten dynasty had for propping itself up for another four years. The case is a desperate one and requires a desperate remedy. We wender why they don't bribe some Democrat with government money to swear to what they want to prove against the Republicans. Two hundred dollars would buy any amount of evidence needed.

WRECK .- A correspondent writes to us from Tillamook that an unknown vessel of about seventy tons burthen has come ashore at that place. It had 'The Rambler' painted on it, and was laden with about a hundred barrels of whale oil. It had apparently been long at sea, as its rigging was much rotted. The body of a woman was seen to float out of the cabin, and was carried off by the surf. For the want of a boat the body was not recovered. The Rambler had a fine large anchor on her bow. Whence she came, whither she was bound, or what has become of her crew, no one knows.

The Dalles Mountaineer, in some twaldle about Dryer, says there was a time when the very existence of the Repub-Ecan party depended on the course the Oregozian would take. Will that wiscacre have the goodness to inform us when that time was? When he shall have have unswered this question, we would most respeetfully inquire how the existence of the Republican party could depend upon the course a certain paper would take, when the existence of that very same paper itself depended upon its immediately coming into the Republican ranks?

W. C. Johnson. - The Republican State Convention showed a proper appreciation of the fal-nts of our young fellow-townsman, W. C. Johnson, Esq., by calling him to preside over its deliberations. "Carev" makes a capital presiding officer, and the way he dispatched business at the late convention was astonishing to all old fog'es. His excellence in this respect is doubtless the result of the habits of good order he acquired whilst "devil" in this office some years ago. For business, always commend us to one who knows how to handle type,

Sons of TEMPERANCE.-The Grand Division met in semi-annual session in this city this week. But little business was on hand. We learn that three new Divisions were established, in Josephine and Douglas counties.

On Wednesday evening, R.v. F. D. Hodgson delivered a very good address at the Congregational Church, on the subject of Temperance. Not the least interesting part of the proceedings was a song by the little girls of the Band of Hope, led by Miss Marion Buck, on the melodeon.

A TRUE REPUBLICAN .- C. H. Davidson, delegate to the Republican State Convention, being unable, as we are told, to cross the Coast Range of mountains with his horse, on account of the snow, started on foot, and, after clambering over the snow and ice in the mountains, crawling through the brush and over logs, wading creeks and swimming rivers, reached Eugene City in time for the convention, full of hope and in good spirits. Davidson is one of the Republicans that will do to bet on,

WM. LOGAN.-The Democratic paper at the Dalles, in speaking of our candidate for State Senator from this county and Wasco, says: "No better selection could have been made, and it will require a unithe Democracy if they would avoid the humiliation of a Republican victory in this Senatorial District."

A Yamhill correspondent writes to Coon that his Roseburg "Express is much sought after in Yamhill"-and he might have added that it is never found there.

LAUNCH.-Hedges & Dement's new boat is to be launched on Wednesday next.

THANKS.-We are indebted to Tracy & Co.'s Express for late papers.

The County Agricultural Society meets to-day, at 1 o'clock P. M.

We are indebted to Hons. Lansing Stout and I. I. Stevens for favors.

SILVEBRON PRECINCY.—The Republicans of this precinct in Marion county met in

Silverton April 21, for the purpose of electing delegates to the County Convention, and transacting such other business as might come before the meeting -Paul Crandall chairman, and Wm. L. Mescher steretary

The following gentlemen were chosen as delegates: P. Crandall, T. W. Davenport, P. Wilbur, W. L. Mescher, H. D. Mount, J. P. Hutton, L. Davis, and J. H. Small, with instructions to go for a full ticket at the County Convention.

W. R. Dunbar, L. Davis, and W. Cranson were chosen as a precinct committee for the ensuing year.

The meeting then adjourned, in good spirits. We have received some accessions to our party in this precinct.

CONGRESSIONAL .- Mr. Stout, of Oregon, has introduced a bill for a daily overland mail between San Francisco and Puget Sound via Portland. It is claimed that Brown rand.

Brown's conduct, as they thought this daily service can be established for a less sum than the ocean service now costs. they could the Republicans were implicated in it to If so, the bill can hardly fail to pass, and

The Lane faction in Clackamas county, have invited the Democracy of Wasco to meet them in joint convention for the purpose of nominating a candidate to represent the district in the State Senate. They further propose that in the conference thus called Clackamas shall cast fire votes, and Wasco but three! Now, when it is borne in mind that if a Democratic Senator is to be elected at all it must be by the vote of Wasco county, it certainly will be admitted that the proposition is modest, very!-Democratic paper at the Dalles.

A Blessed & Divine Remedy

SANGUIPEROUS NERVINE TONIC:

Read my Theory of

WIAT most diseases prove fatal; that early deaths occur, that people ive for years a kv-ing death, weak, inanimate, and exhausted—not from the disease itself, but from an inability in nature, and nature's strength to withstand or maintain life through the ravages of disease.-Give them strength, and nature will relieve her-self, if stimulated. She has given us herbs and plants to effect all this. Purify the blood, render the intestines, the liver, the heart, and all the natural functions of man or woman active you have half conquered disease. Dr. JACOB WEBBER does conscientiously assure all who read this, that his Sangnifier or Invigorating Cordial produces all the effect above described. He has seen the old, the tottering, the pulsied, the nervous, the dysp ptic, the inebriate, the debau-chee, and the invalid revive under its influence, as if new life were given them.

If he has a foul stomach, this acts as an operiont, not otherwise. Again, it immediately relieves belching, and prevents an accumulation of wind in the stomach.
