A Blessed & Divine Remedy

SANGUIFEROUS NERVINE TONIC:

Read my Theory of

LIFE and DEATH THAT most diseases prove fatal; that early deaths occur; that people live for years a live ing death, weak, inanimate, and exhausted—not from the disease itself, but from an inability is nature, and nature's strength to withstand or maintain life through the ravages of disease. Give them strength, and nature will relieve her-self, if stimulated. She has given us berbs and plants to effect all this. Purify the blood, render the intestines, the liver, the heart, and all the matural functions of man or weman active, and you have half conquered disease. Dr. JACOB WEBBER does conscientiously assure all who read this, that his Sanguiffer or Invigorating Cordial produces all the effect above described. He has reen the old, the tottering, the palsied, the nervous, the dyspeptic, the inchriste, the debau-chee, and the invalid revice under its influence, as if new life were given them.

the gloomy hypochondriae, the dyspeptic, the nervous, deb litated and feeble, the over-dectored invalid, the bilious and liver-discused sufferer, the gourmand, the debauchee, the intemperate, and all who soffer ill health.

"OH HORRIBLE! OH HORRIBLE! Most Horrible!!!"

When worn-out nature succumbs to DEATH, when worn-out nature succumbs to DEATH, because she has not strength to resist. Now, Dr. Jacob Webber's Invigorating Cordial causes strength—that is its main quality. The first operation, Tanic; the partaker feels then that sudation is caused—his skin is damp, his limbs supple and active, he feels a wish for exercise, and knows he has strength to endure it; he is light-pirited: his skin becomes clear; his eyes, too, because his liver is made active, the bile neutralized or ejected, and his blood thinned and puriized or ejected, and his blood thinned and purified. If he has a foul etomach, this acts as an sperient, not otherwise. Again, it immediately relieves belching, and prevents an accumulation of wind in the stomach. The stomach, the great receiver of disease and its cure. I will now enumerate a few of those d seases where I have seen Dr. Webber's Invigorating Cordial act most beau-

It searce cannot be described to a certanty. This singular medicine gradually strengthens the system, enters at once the blood, which from stuggishness is rapid, courses through the veins and the heart. Many I have seen who assured me that, three days after using it, they have felt a thrill of animation, mentally and hadhave fe't a thrill of an motion, mentally and bul-ily; their chest and breast was before heavy; all THE high and enviod celebrity which these prestrength of limbs, body, appetite, and spirits was given them by it, and an entire revolution in their

worn-out system occurred. The Rev. We have used your Cordial (Dr. Webher's Invigorating Sanguiffer) four days, and feel better than we have for years."

It has long been a most important desideratus in the practice of medicine, to obtain a remedy similar to this, and accordingly we find it resorted to almost un versally in all those tormenting diseases of the skin so trying to the patience, and injurious to the health. It is a tonic, aperient, and disinfectant. It acts simultaneously upon the stonach, the cracellation, and the nowers, and thus three processes, which are ordinarily the result of THREE different kinds of medicine, are carried on at the same time through the instrumentality of ruis one remedial agent. Its great merit is that it meets and neutralizes the active principle of discase itself, and when that is gone, the symptoms necessarily disappear. The ra-pidity with which the patient recovers health and strength under this triple influence is surprising.

Messts, A. B. & D. Sands, New York; Gentlemen,—In the spring of 1853, while on our way from Indiana to this place, our eld:st boy was seized with a swelling and severe pains in the legs which day by day grew worse, until his legs con-tracted, and became so painful that he could not walk, and we had to carry him about like an infant. We reached Albany on the 3d of October, completely worn out by fatigue. By this time, he was reduced to a perfect skeleton. Here we were enabled to consult a physician (Dr. Hill), who honestly confessed he could not cure him, although he could give him medicine that would re-lieve the pain. In this exigency something must be done, or death was inevitable. Being recommended to try your Sarsuparilla, I procured a bottle. After taking some, he appeared worse; but persevering with it, I obtained a second bottle. which seemed to grapple with the disease, and caused a marked improvement; the swelling and pain in the legs were reduced, his appetite improved, and his color began to return. Thus en-couraged. I purchased a third bottle; while taking it the swellings in his legs broke, and some pieces of bone one eighth of an inch long came ut, after which his legs straightened and healed up. He is now perfectly recovered has no ap-pearance o' being a cripple, and can perform most kinds of common labor, as all our ne glibors

can certify. Yours, respectfully,

Mill Seat and Land.

I HAVE an excellent MILL SEAT, ourwould like to have improved. I will give some millwright who wishes to invest in a saw mill or grist mill, or both, a good chance. The location is one of the very best for selling lumber—a level way to the mill seat, no hills to pull over, and handy to heavy settlements.

I wish also to sell hulf a section of LAND near by. The place is six miles west of Lafayette, Yamhili county.
