

A DEMOCRAT ON DEMOCRACY.—The "irrepressible conflict" among the Democrats has induced many of the members of that party to utter their opinions quite freely. Letters are as thick as blackberries, from both sides of the question. The following is an extract from the letter of Governor Wilson Lumpkin, of Georgia. It is a very true and well defined sketch of the Democratic party. The author, says the Atlanta American, claims to be, what everybody knows him to be, an old-fashioned Democrat of the Jeffersonian and Jacksonian school, and says that the recent course of the party acting under the name of the one he once belonged to, has satisfied him that he is "out of fashion."

Speaking of this modern, mongrel, piebald concern, called Democracy, he says: "But it is my deliberate opinion that the present state of the Democracy is a deplorable one; that a large portion of its present material is corrupt, selfish, and destitute of patriotism, or fixed constitutional principles. It is composed of sectional office-seeking factions who follow the camps of the Democracy, for the sake alone of the leaves and fishes of office. And this description of persons, it is obvious to me, constitute a large portion of the Democratic party of the present day."

The following is from the Washington correspondence of the Philadelphia Press. It at least shows the way in which one of the Democratic divisions talks about the other:

"The enemies of Judge Douglas at last begin to realize the ruin they have wrought, and more than one would gladly retrace his steps if that were possible. They supposed the Democratic party would submit to any outrage, however monstrous; but the cup of forbearance has finally run over, and those who have sowed the wind are terrified at the present and palpable fact that they must reap the whirlwind. Some of them are rendered desperate, and finding no pardon for them in the future, resolve to advance on their record, and to persevere in their proscriptions. This class looks to disunion as their only refuge from the wrath of the party they have labored to destroy. I believe that the men in this category are bent upon breaking up this Confederacy if they can. They have sympathizers not only in the South, but on the Pacific coast, and contemplate a division of the Republic, by which California and Oregon are to be assisted in setting up an independent government in return for their aid in the establishment of a Southern Confederacy. Jo Lane's telegraph to the Oregon delegates to go out of the Charleston Convention was a good indication of his sympathy with this programme."

Wendell Phillips made a characteristic speech before the Garrisonian Abolitionists at New York on Tuesday. We clip a paragraph from it:

Everything is breaking, and at last the great Democratic party was breaking. (Applause and laughter.) She found out that slavery had a right everywhere. It hated the Republican motto—"Freedom national, slavery sectional"—and took as its motto—"Slavery everywhere," and the counterpart is the Democratic party nowhere. (Loud laughter and applause.) It reminds me of the story that an Eastern traveler tells of a bear in Northern Asia that went into a woman's hut when she had just taken off a boiling tea-kettle, and smelling around with his nose touched the hot iron. Indignant at the offense offered to his nervous system, the bear clasped the kettle (laughter), and the more it burned him the more he yelled, and the tighter he clasped it, until he died.—(Renewed laughter.) So the Democratic party clasped the motto, "Slavery everywhere," and the more it damaged it, the more it clasped it, the louder it yelled, (laughter,) and it will die with the hot doctrine in its arms. (Loud laughter and applause.)

THE PRICE OF THE N. Y. HERALD.—It is well remembered that the N. Y. Herald opposed Buchanan in his canvass, and advocated Fremont. It was so hard upon the old sinner that he wanted somebody to cut Bennett's ears off, to make him some sense. After the election, however, he changed his tactics. He wanted the Herald to help cover up the rascalities of his administration. The editor of the Knoxville Whig, writing from Washington, says: "Forney testifies that Buchanan stipulated with Bennett to give him ten thousand dollars per year for the four years of his administration, to support and defend him. Forney says the contract was made with Bennett by him, before himself and Buchanan fell out. It was, no doubt, to meet these payments that poor Fowler was drawn upon. What an unmitigated pack of thieves!"

LOOK AT NEW YORK!—If Mr. Seward was not in favor at Chicago, his principles were. And even by his most devout personal and political friends, his principles are more revered than the man.

Let the Democracy, if they please, concentrate all their power upon New York. Mr. Seward's friends would be happy to have their patriotism brought to such a test. The greater the pressure the greater their power; and shall it be understood that their metal is to be tried in the way indicated, the Republicans of the Union will see such a battle as has never been fought upon this continent. Will the "Dough-Faces" please try us?—*Albany Evening Journal.*

NEW MINING TOWN IN SOUTHERN OREGON.—"Dardanelles" is the name which has been given the little town just sprung up on the south side bank of Rogue river, eleven miles from Jacksonville. It is rapidly pushing into importance. Some half dozen buildings are now in the course of erection, and as many contracted for, soon to be built. The steam quartz crushing mill is located there, and workmen are busily engaged in putting up the machinery. Stages run regularly every day between Jacksonville and the Dardanelles. The great mining operations on Rogue river are but a short distance above the town.—*Jacksonville Sentinel.*

If Douglas is the head of the Democratic party, the party is a dead-head concern.—*Louisville Journal.*

A Georgia paper calls attention to the fact that the Charleston Convention forgot all about John Brown, his invasion not being referred to in the speeches or the platforms. But, says the paper, "the Republicans themselves in Chicago have taken upon them the responsibility of denouncing John Brownism and the invasion of States. Verily, our squatters had better turn their faces toward 'Honest Abe.'"

The Opposition party of Delaware have determined to act in harmony upon State matters, although there is a difference on the Presidential question. Two of the members of the State Central Committee were chosen with the understanding that they were for Bell and Everett. The great majority of the party and all of the opposition journals support Lincoln and Hamlin.

An Ohio correspondent of the New York Tribune says: "Set down Ohio for Lincoln and Hamlin, by 20,000 majority, against any man nominated at Baltimore. Lincoln will get a vote which neither Seward nor Chase could have secured—I mean the conservative vote of central and southern Ohio."

A little Western editor, who pretends to be literary, attacks the literature of Mr. Everett. There is as much difference between the literature of Mr. Everett and that of the scribbler as between a bolt of lightning and a bolt of canvas.—*Louisville Journal.*

The late General Conference of the M. E. Church has resolved, That the marriage relation can only be dissolved by a violation of the seventh commandment, or by death, and a subsequent marriage by either party while both are living, is contrary to the teachings of the Holy Scriptures.

In one of his Illinois speeches Judge Douglas charged that Lincoln had "tended bar" in his youth. Lincoln admitted the fact, and remarked that Douglas was one of his very best customers.

The very common phrase "in the mean time," if used twenty years hence, will be universally understood to mean this present period of Locofoco sway.—*Louisville Journal.*

At a regular meeting of Oregon Division No 8, S. of T., the following resolutions were unanimously adopted:

Whereas, The All-wise and gracious God has seen proper to remove from among us Bro. George Howe, a worthy member of this Division; therefore

Resolved, That we have received with feelings of deep sensibility this dispensation of Divine Providence, and whilst we bow in humility to the stroke, we mourn not for our departed Brother "as those who have no hope," and trust that this affliction may not be lost upon those he has left behind.

Resolved, That having fulfilled the last duty we owe to our Brother, in following him remains to the grave, and there depositing them with the appropriate ceremonies of the Order, we will endeavor to cherish his memory in our hearts; and that, as a mark of respect and affection, the Regalia of the Division be draped in mourning for thirty days.

Resolved, That a copy of these resolutions be sent to the daughter of our deceased Brother—and also a copy be furnished for publication. R. GAMMILL, W. P. GEO. A. SHEPPARD, R. S.

Roman Eye Balsam,
FOR WEAK & INFLAMED EYES.
THIS BALSAM was used for many years in the private practice of a celebrated Oculist, with remarkable success, for diseases of the Eye and Eyelids.
There are many persons who would rather suffer from pain and disease through life, than credit or try the efficacy of any new discovery; all such had better not read this, but to all reasonable persons this preparation is recommended as a most safe and effectual cure for inflammation of the Eye and Eyelids, caused either by too close application to minute objects, acrobulous habit, exposure to cold, blows, contusions, or irritation from any extraneous body under the eyelids. It is remarkably soothing in its effect, and has cured thousands who would otherwise have lost their sight.
In cases the Eyelids are inflamed, or the ball of the Eye thickly covered with blood, it acts almost like magic and removes all appearances of inflammation after two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or diseases that weaken and inflame the Eyes, and perhaps destroy the sight, who, from the nature of their employments, are compelled to work in a cloud of dust and grit. Such should never be without this BALSAM. Remember, "Seeing is Believing."
Price 25 cents per jar.

A Blessed & Divine Remedy
SANGUIFEROUS NERVINE TONIC!
Read my Theory of LIFE and DEATH,
THAT most disease prove fatal; that early deaths occur; that people live for years a living death, weak, insinimate, and exhausted—not from the disease itself, but from an inability in nature, and nature's strength to withstand or maintain life through the ravages of disease.—Give them strength, and nature will relieve herself, if stimulated. She has given us herbs and plants to effect all this. Purify the blood, render the intestines, the liver, the heart, and all the natural functions of man or woman active, and you have half conquered disease. DR. JACOB WEBBER does conscientiously assure all who read this, that his Sanguiferous or Invigorating Cordial produces all the effect above described. He has seen the old, the tottering, the palsied, the nervous, the dyspeptic, the imberbe, the debauchee, and the invalid revive under its influence, as if new life were given them.
Dr. Webber's Sanguifer acts on the blood, heart, brain, intestines, sinews, nerves, the fluids and semi-fluids, and the whole physique, and BENEFITS ALIKE the gloomy hypochondriac, the dyspeptic, the nervous, debilitated and feeble, the over-dosed invalid, the bilious and liver-diseased sufferer, the gourmand, the debauchee, the intemperate, and all who suffer ill health.
"OH HORRIBLE! OH HORRIBLE! Most Horrible!!!"
When worn-out nature succumbs to DEATH, because she has no strength to resist. Now, Dr. Jacob Webber's Invigorating Cordial causes strength—that is its main quality. The first operation, Temer; the partaker feels then that sedation is caused—his skin is damp, his limbs supple and active, he feels a wish for exercise, and knows he has strength to endure it; he is light-spirited; his skin becomes clear; his eyes, too, because his liver is made active, the bile neutralized or ejected, and his blood thinned and purified. If he has a foul stomach, this acts as an aperient, not otherwise. Again, it immediately relieves belching, and prevents an accumulation of wind in the stomach. The stomach, the great receiver of disease and its cure. I will now enumerate a few of those diseases where I have seen Dr. Webber's Invigorating Cordial act most beautifully:
Nervousness, Weakness, Languor, Fever and Ague, Chills, Pains in the Limbs, Joints, Body, Delirium Tremens, Tremors, Constitutional Decline, (from any cause,) Debility in either sex or age, Torpor of the Liver, Bowels, & HABITUAL CONSTIPATION!!

This will purify the thick stagnant blood, cause a healthy action on the bowels, heart, skin, and brain, and thereby revolutionize the whole system, which has become dormant and inactive. Two thirds of human diseases are caused from some of the above organs being disorganized. Doctors may tell you that you have such and such a disease, but until medical practice becomes a science (and it is not yet), disease cannot be described to a certainty. This singular medicine gradually strengthens the system, enters at once the blood, which from sluggishness is rapid, courses through the veins and the heart. Many I have seen who assured me that, three days after using it, they have felt a thrill of animation, mentally and bodily; their chest and breast was before heavy; all they ate seemed to settle there; their rest was unquiet; their appetite poor; and that this really blessed cordial removed all such symptoms; that strength of limbs, body, appetite, and spirits was given them by it, and an entire revolution in their worn-out system occurred.

The Rev. Robert Schuyler, of Petaluma, says: "Four years both myself and brother have suffered from dyspepsia, weakness of and sour stomach, indigestion and flatulence, that life at times was a burden. We have used your Cordial (Dr. Webber's Invigorating Sanguifer) four days, and feel better than we have for years."

The Appetite for Liquor Destroyed!
ONE of the beautiful properties possessed by DR. WEBBER'S INVIGORATING CORDIAL is that it removes all longing or taste for liquor.—Many inebriates have found that after it has renewed and strengthened them, quieted their nerves, it has caused aversion to spirits. I have seen it cure some of the most frightful cases where delirium tremens had actually occurred. Sold by all respectable Druggists in Oregon and California.
Beware of Counterfeits!—See that the names of T. JONES and J. WEBBER, M. D., are on the top of each outside wrapper, and blown in the glass of each bottle. Buy none other!

No More Mills Burnt!
MR. BOOTH—Dear Sir: I have now in our Mill one of your Centre Feed Fire-proof SMUT MACHINES, put up two weeks ago.— I can say that I consider it the greatest improvement in this class of machinery that has come under my notice. The danger from fire by friction and dust, common to the one in general use, is completely obviated. The dust and dirt, heretofore so annoying to me, is now effectually remedied. That part of the mill before occupied by the Smut Machine is now as clean as any part of the mill. I can say that it is the best smouter of grain I ever saw. The improvement in the quality of flour will be at once discovered; in fact, the great change produced in every respect is indeed a very great one. I would say that I have had in mill previous to this a machine that cut the grain very much, but this does not cut a kernel, and does not require half the power. Your machine will certainly take the preference in this State, and I would say on the Pacific coast.

To the Millers of this State:
You will never regret trying this Smut Mill.— You can call and see how this cleans wheat, before purchasing. I have the only one in Oregon, at present, but they can soon be obtained. I would say that my flour has had a great reputation in the last two years, and I am satisfied by the use of this smut mill that it will still make an improvement in the flour, if any can be made.
