O, Spirit of the Summer time!
Bring back the roses to the dells,
The swallow from the distant cove,
The honey bee from drowsy cells.
Bring back the friendship from the sun;
The gilded evening, calm and late,
When merry children homeward run,
And peeping stars bid lovers wait.
Bring back the singing and the scent
Of meadow lands at dewy prime;
O! bring again my heart's content,
Thou Spirit of the Summer time!
—William Allingham.

The most beautiful may be the most admired, but they are not always the most esteemed and loved. We discover great beauty in those who are not beautiful, if they possess genuine truthfulness, simplicity, and sincerity. No deformity is present where vanity and affectation are absent.

When we are master of ourselves, we are masters of the world; for if we cannot bend circumstances to our minds, we can bend our minds to circumstances.

One of the broadest hints to pop the question which it is possible for a young lady to give a gentleman, is to declare her intention of never marrying.

The Census takers find great difficulty in ascertaining the ages of girls, a large majority of them being only sixteen. In one family in a neighboring State, there were found to be twelve girls between ten and sixteen years of age.

The most smiling and placid countenance oftentimes marks the most dangerous temper. The most terrible thunderbolt we ever saw, was shot from a cloud arched by a beautiful rainbow.—Pretier.

What line often comes in contact with a clothes line, frequently crosses the equinoctial line, and is still not a fishing line? Crino-line.

Those who plant sunflowers around their dwellings generally escape fevers. The sunflower in its rank growth absorbs the malaria and purifies the atmosphere.

COLLEGES.—The North Western Christian Advocate satirizes the unwieldy multiplication of literary institutions, by respectfully suggesting that no Conference under 10 years of age be permitted to establish more than 6 universities—or some slender restriction of that sort.

It has long been a most important desideratum in the practice of medicine, to obtain a remedy similar to Iodine, and accordingly we find it resorted to almost universally in all those tormenting diseases of the skin arising to the patient, and injurious to the health. It is a tonic, aperient, and disinfectant. It acts simultaneously upon the stomach, the circulation, and the bowels, and thus three processes, which are ordinarily the result of various different kinds of medicine, are carried out at the same time through the instrumentality of this one remedial agent. Its great merit is that it acts and neutralizes the active principle of disease itself, and when that is gone, the symptoms necessarily disappear. The rapidity with which the patient recovers health and strength under this triple influence is surprising.

REMARKABLE CURE.
LINS COUNTY, Oregon Ter.,
March 11, 1855.
Merrill A. B. & D. SANDS, New York City: Gentlemen,—In the spring of 1853, while on my way from Indiana to this place, our old boy was seized with a swelling and severe pain in the legs which day by day grew worse, until his legs contracted, and became so painful that he could not walk, and we had to carry him about like an infant. We reached Albany on the 24 of October, completely worn out by fatigue. By this time, he was reduced to a perfect skeleton. Here we were called to consult a physician. (Dr. Hill) who I honestly confessed I could not cure him, although he could give me medicine that would relieve the pain. In this exigency something must be done, or death was inevitable. Being recommended to try your Sarsaparilla, I procured a bottle. After taking some, he appeared worse; but persevering with it, I obtained a second bottle, which seemed to grapple with the disease, and caused a marked improvement: the swelling and pain in the legs were reduced, his appetite improved, and his color began to return. This encouraged, I purchased a third bottle; while taking it the swelling in his legs broke, and some pieces of bone the eighth of an inch long came out, after which his legs straightened and healed up. He is now perfectly recovered, has no appearance of being a cripple, and can perform most kinds of common labor, as all our neighbors can testify. Yours, respectfully,
CALEB DAVIS.

FARQUAR'S
MEDICATED
CALIFORNIA
WINE & BRANDY
A DELICIOUS
TONIC BITTER
JUICE OF THE
GRAPE
MEDICATED WITH
JONIPER RHUBARB
PERUVIAN BARK
FOR INVALIDS

THIS is simply the fermented juice of the grape, distilled from the California grape, judiciously medicated with Peruvian Bark, Turkey Rhubarb, Joniper berries, and other vegetable remedial agents, skilfully combined, and in such minute and exact quantities as to constitute a small or homoeopathic dose of each remedy; which when combined form an innocent, harmless, yet active, tonic, alterative, anti-dyspeptic, diuretic, anti-febrile, and sedative beverage, pleasant to the taste.

The inventor, in calling the attention of the public (especially the Californians who know the excellence of the California grape) to these preparations, does so with pride and confidence; in proving the excellence of our native grape, and demonstrating in their remedial virtues, adapted for the following diseases:
Dyspepsia, Indigestion, Loss of Appetite, Nervous Debility, Acidity of, or Sour Stomach, Diseases of the Kidney, Gravel, Disorders of the Urinary Organs, Remittent and Intermittent Fevers, Fever & Ague, Nervousness, Weakness, Debility, Degeneration of the Skin, or want of Perpiration, Pains in the Stomach or Bowels, Cholera, Dysentery, &c., &c.

The proprietor does not pretend that his Medicated California Wine and Brandy is a "wonder" or "miracle" in medicinal uses, but appears to be the common sense of the public, and he does not hesitate to avow that he knows from experience that the medicine in this, though small in quantity, will often effect a cure in some of the diseases connected, when more violent and powerful remedies have failed in their object.
If those drinking liquor only in the morning or before breakfast, would find the Brandy act delightfully on the nerves and stomach, keeping the bowels regular, &c.

As a general beverage, it is pleasant to the taste, slightly exhilarating, perfectly harmless, and gives the weak and feeble a feeling of health and strength.
Read this certificate of analysis made by Theophilus N. Reed, Analytical and Manufacturing Chemist, Boston:
I do hereby certify that, after a minute and careful analytical examination of the California wine and brandy, manufactured by Dr. James I. Farquar, in order to ascertain its composition and quality, I have, after various experiments, arrived at the following result: The wine is of a very agreeable taste, light color, and agreeable aroma, and contains of sugar sugar 9.30, salinels oil 2.13, tannin acid 1.73, coloring matter 1.84, alcohol 9.64, water 73.10, hydrochloric acid 0.27, sulphate of potassa 0.45, salt 0.51.

It can be taken by the most delicate of either sex, and in moderation by children.
Sold by all respectable Druggists and Grocers in the United States, California, and Oregon.
Price—\$1 per bottle; six bottles for \$5.
CAUTION TO THE PUBLIC
In purchasing, always see that a fac-simile of the signature of James I. Farquar, M. D., is posted around the neck of the bottle.

PURIFY THE BLOOD.
MOFFAT'S
Vegetable Life Pills
AND
PHENIX BITTERS.

The high and envied celebrity which these prominent Medicines have acquired for their invulnerable efficacy in all the diseases which they profess to cure, has rendered the usual practice of putting off only unnecessary, but unworthy of them. They are known by their fruits, their good works testify for them, and they thrive not by the faith of the credulous.
In all cases of asthma, acute and chronic rheumatism, affections of the bladder and kidneys, bilious fevers and liver complaints,—in the south and west, where these diseases prevail, they will be found invaluable. Plasterers, farmers, and others, who once use these Medicines, will never afterwards be without them.
Dyspepsia.—No person with this distressing disease should delay using these medicines immediately. Eruptions of the skin, erysipelas, flatulency, fever and ague—for this source of the western country, these medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent. Try them, be satisfied, and be cured.
Mercurial Diseases.—Never fail to eradicate entirely all the effects of Mercury infinitely sooner than the most powerful preparation of Sassafras.
Night Sweats, Nervous Debility, Nervous complaints of all kinds, Organic Affections, Paralysis of the Heart, Painter's cholera.
Piles.—The original proprietor of these medicines was cured of Piles of 35 years' standing by the use of these Life Medicines alone. Victims of all kinds are effectually expelled by these medicines. Parents will do well to administer them whenever their existence is suspected. Relief will be certain.

The Life Pills and Phenix Bitters
Purify the blood, and thus remove all disease from the system. A single trial will place the LIFE PILLS and PHENIX BITTERS beyond the reach of competition in the estimation of every patient.
