W. L. Adams, Editor. OREGON CITY: SATURDAY, AUGUST 25, 1860.

Republican Nominations. For President, ABRAHAM LINCOLN, OF ILLINOIS. For Vice President, HANNIBAL HAMLIN, OF MAINE.

The Great Result. The war that is now being carried on between the expiring factions of suicidal fanaticism is rich. Scoundrels having fallen out, honest men are likely to get a fair dividend.

The fact is, as Douglas and his organs, while they have been more violent in their abuse of Republicanism, more unscrupulous in their slanders, more low-flung and dirty in their assaults upon us than the salamander organs, the result will show that Douglas has done more to build up the Republican party than Wm. H. Seward.

Old Bob Jones, of Bourbon county, Kentucky, once called up his twenty-five niggers, gave them a dram a piece, and said to them—"Boys, it's Christmas time; you've been good niggers the last year, and you are now at liberty to go where you please for a whole week."

The salamander organs are properly holding up this hotch potch of incongruities, woven into a gull-trap to catch Northern fools and bait Southern knaves, as the most loathsome and disgusting piece of handiwork that was ever carted from the back yard of a den of political machinists.

OUR GUR-REAT PUR-RINCLE MANUFACTURED TO ORDER TO SUIT ANY SECTION!! The salamanders know very well that the machine Douglas is riding on is guided by a rudder consisting of that tail to the Cincinnati platform.

OVERLAND MAIL.—Our Portland neighbors seem to be greatly anxious that the Stage Company should reach their metropolis without going through Oregon City, and have earnestly tried to induce the mail carriers to cross the Willamette at Boon's Ferry.

Mr. Post's School.—On Monday, the 3d of September, another quarter of this popular institution will commence. The patronage of the public will no doubt be as liberally extended to Mr. Post, as it has hitherto so deservedly been.

Lincoln's Popularity. We are truly glad to know that the old threats of salamanders to dissolve the Union in case of the election of a Republican President have all been "dried up" since the nomination of Lincoln.

The fact is, Lincoln is going to do what no other President ever did—take his seat in the Presidential chair as the unanimous choice of the American people! Let us see. There is the Bell and Everett party at the South, who are running a ticket so that the Southern opposition can have somebody to vote for.

Calling Names.—Delusion comes down on Wm. Bristow as "Bill Bristow, the cheaply purchased muton-head." He has already called Col. Kelly "an unprincipled slink" and complimented O'Meara as "a clean shirted bummer around the coffee-houses in San Francisco."

Another Explosion.—As we expected, the Democratic State Committee busted last Saturday at Eugene City, standing 9 to 6 on the Presidential question.

MOLALA SILVER MINES.—Judge White, Capt. Myrick, and others, who have visited the new diggings, returned on Thursday, bringing about one hundred pounds of ore, worth, it is supposed, about \$2 a pound.

Rock Creek Mines.—We learn that there are about 400 men at work in these mines, great many of whom are doing well. New and extensive diggings have been discovered about 80 miles beyond.

Wasco.—J. M. Murphy, Esq., who has just completed taking the census of Wasco, informs us that the whole population of the county amounts to 1700.

LATER FROM THE EAST. The political news is unimportant. Mr. Douglas continues his tour throughout the Eastern States. He has been invited South. Mass meetings of the various parties are being held nightly in all the principal cities of the Union.

Official dispatches from Utah show that 100 army revolvers and 800 cartridges were furnished by the Acting Adjutant General to the agent of Russell's Pony Express, to defend the riders from the Indians.

Halifax, July 30.—The Prince of Wales landed here to-day at noon. The London Times, in an editorial on the event, predicts that in the United States the Prince will be received with that cordiality which no people can show better than the Americans.

The Washington correspondent of the New York Times of the 28th of July remarks that a large number of Southern people are traveling northward through Washington, and they express universal astonishment at the strength of Republican sentiment in the Capital and its toleration in a Southern city.

The same correspondent says that advice received from the friends of Douglas, from all portions of Virginia, represent a greater strength for their candidate than had been anticipated. He will undoubtedly poll from 20,000 to 30,000 votes in the State.

Gen. Houston has announced that under no circumstances will he withdraw as a candidate for the Presidency. The Washington correspondent of the New York Times refers to rumors of an organized movement in several of the Southern States for a dissolution of the Union on Keitt's plan.

Some of the leading Douglasites and Union party men in Georgia have agreed to a fusion electoral ticket in that State, to stand five Bell men and five for Douglas; but it remains to be seen whether the two parties there will carry out the design when it comes to be submitted to a State Convention.

In New Jersey the Breckinridge men have acted singularly in forming a electoral ticket composed of two from each Democratic faction and one from the Bell party. The Bell men, however, have nominated an out-and-out ticket of their own; and the Douglas worshippers will do the same, and the former will have no course left them but to revise their ticket and eject all but Breckinridge men.

THE DISUNION CLAMOR OF "WOLF! WOLF!" WILL ELECT LINCOLN. The New York Herald just now is doing serious damage to the cause of Breckinridge, which it professes to support, by playing the terrorist over the foolish letter of Keitt.

The Herald clamorously asserts that Breckinridge is the only candidate who has any chance against Lincoln, and that the Southern men are certain to dissolve the Union rather than submit to Lincoln's election. The whole North, therefore, is implored by Bennett to quit Lincoln, and vote for Breckinridge, to save the Union.

Presidential Sweepstakes.—"Alpha," of the Cincinnati Gazette, thus sums up the intelligence received at Republican headquarters in Washington: "Owing to certain local causes, the majority for the Republican candidate for Governor of Maine will not in September exceed five or six thousand votes, which, however, will be trebled in November for Lincoln."

THE PRINCE OF WALES. Halifax, July 30.—The Prince of Wales landed here to-day at noon. The London Times, in an editorial on the event, predicts that in the United States the Prince will be received with that cordiality which no people can show better than the Americans.

The Government of Saragossa continues to openly favor the expedition of volunteers going to assist Garibaldi. They were 10,000 troops in Genoa on the 10th of June ready to start. They were under the leadership of students and some excellent officers of the Sardinian army, who refused to join Garibaldi. Arms and ammunition appear as by enchantment when needed by Garibaldi. It is said that they come from the Sardinian arsenals; but this is an assertion not proved.
