

For the Argus.

O Mother, pray for thy absent child; The clouds are dark, the tempest wild; I feel a painful woe, unknown before I sought the broad Pacific shore, The fragrance of the wild rose hills, The mountain gales of pine and fir, The murmuring gold-pined rivulets, And forests filled with glancing trees, That moan when shaken by the western breeze.

But, ah! in lurks in the most beautiful bower, And leaves its impress on the heart of the flower. The banks of the temple are stranger than steel, Mother, dear Mother, O pray for my soul! In my lonely hours, of doubt and care, I still have faith in a mother's prayer; And I feel withapture where'er I roam In my mother's heart I've always a home.

A PRETTY FANCY.—When day begins to go up to heaven at night, it does not spread a pair of wings and fly aloft like a bird. It just climbs softly up on a ladder. It sets its red sandals on the shrub you have watered these three days, lest it should perish with thirst; then it steps on the tree we sit under, and thence to the ridge of the roof; from the roof to the tall chimney; and from the chimney to the tall elms; and then to the threshold of heaven; and thus you can see it go up as though it walked up red roses.—*Jeremy Taylor.*

Ten days per annum is the average sickness of human life. About the age of thirty-six the lean man generally becomes fatter, and the fat man leaner.

One single "thanks be to God!" uttered in adversity, is of more avail than a thousand thanksgivings in the day of prosperity.

Never take morning bitters. Morning sweets, as you leave your house, are much better, and a kiss from your wife makes the best.

SANDS' SARSAPARILLA, For Purifying the Blood,

AND FOR THE CURE OF Scrofula, Mercurial Diseases, Rheumatism, Cutaneous Eruptions, Stomach ulcers, Liver complaint, Dyspepsia, Bronchitis, Salt Rheum, Lumbago, White Swellings, Hip Disease, Enlargement of the Bones and Joints, Fever Sores, Female Complaints, Erysipelas, Loss of Appetite, Pimples, Bile, General Debility, &c.

It has long been a most important desideratum in the practice of medicine, to obtain a remedy similar to this, and accordingly we find it resorted to almost universally in all those tormenting diseases of the skin so trying to the patience, and injurious to the health. It acts simultaneously upon the stomach, the circulation, and the bowels, and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time through the instrumentality of this one remedial agent. Its great merit is that it cures and neutralizes the active principle of disease itself, and when that is gone, the symptoms necessarily disappear. The rapidity with which the patient recovers health and strength under this triple influence is surprising.

REMARKABLE CURE. LANS COUNTY, Oregon Ter., March 11, 1855.

Mrs. A. B. & D. SANS. New York: Gentlemen,—In the spring of 1853, while on our way from Indiana to this place, our eldest boy was seized with a swelling and severe pains in the legs which day by day grew worse, until his legs could not be drawn, and became so painful that he could not walk, and we had to carry him about like an infant. We reached Albany on the 3d of October, completely worn out by fatigue. By this time, he was enabled to consult a physician (Dr. Hill) who honestly confessed he could not cure him, although he could give him medicine that would relieve the pain. In this emergency something must be done, or death was inevitable. Being recommended to try your Sarsaparilla, I procured a bottle. After taking some, he appeared worse; but persevering with it, I obtained a second bottle, which seemed to grapple with the disease, and caused a marked improvement; the swelling and pain in the legs were reduced, his appetite improved, and his color began to return. Thus encouraged, I purchased a third bottle; while taking it the swellings in his legs broke, and some pieces of bone one eighth of an inch long came out, after which his legs straightened and healed up. He is now perfectly recovered, has no appearance of being a cripple, and can perform most kinds of common labor, as all our neighbors can certify. Yours, respectfully,

I can administer to a mind (and body) diseased, And with a sweet oblivious antidote Cleanse the foul system of its poisonous stuff! —Shakspeare.

A Blessed & Divine Remedy **SANGUIFEROUS NERVE TONIC!** **Read my Theory of** **LIFE and DEATH,** THAT most disease prove fatal; that early death occurs; that people live for years a living death, weak, imbecile, and exhausted,—not from the disease itself, but from an inability to nature, and nature's strength to withstand or maintain life through the ravages of disease.—Give these strength, and nature will relieve herself, if stimulated. She gives us herbs and plants to effect all this. Purify the blood, render the intestines, the liver, the heart, and all the natural functions of man or woman active, and you have half conquered disease. Dr. JACOB WEBBER does conscientiously assure all who read this, that his Sanguifer or Invigorating Cordial produces all the effects above described. He has seen the old, the tottering, the palsied, the nervous, the dyspeptic, the imbecile, the debauched, and the invalid revive under its influence, as if new it were given them.

Dr. Webber's Sanguifer acts on the blood, heart, brain, throat, nerves, muscles, the fluids, and all the organs of the body, and the whole physique, and **BENEFITS ALIKE** the gloomy hypochondriac, the dyspeptic, the nervous, debilitated, and feeble, the over-dorated invalid, the bilious and liver-diseased sufferer, the gourmand, the debaucher, the imbecile, and all who suffer ill health.

"OH HORRIBLE! OH HORRIBLE! Most Horrible!!!" When worn-out nature succumbs to **DEATH,** because she has not strength to resist. Now, Dr. Jacob Webber's Invigorating Cordial causes strength—that is its main quality. The first operation, **Tonic;** the paraker feels that animation called—his skin is damp, his limbs supple and active, he feels a rush for exercise, and knows he has strength to endure it; he is light-spirited, his skin becomes clear; his eyes, long become dim, are bright and shining; the bile neutralized or ejected, and his blood thinned and purified. If he has a foul stomach, this acts as an aperient, and otherwise. Again, it immediately relieves a feeling, and procures an evacuation of wind in the stomach. The stomach, the great receiver of disease and its cure. I will now enumerate a few of those diseases I have seen Dr. Webber's Invigorating Cordial act most beautifully:

Nervousness, Weakness, Languor, Fever and Ague, Chills, Pains in the Limbs, Joints, Body, Delirium Tremens, Tremors, Constitutional Decline, (from any cause,) Debility in either sex or age, Torpor of the Liver, Bowels, & HABITUAL CONSTIPATION!!

This will purify the thick stagnant blood, cause a healthy action on the bowels, heart, skin, and brain, and thereby revolutionize the whole system, which has become dormant and inactive. Two thirds of human diseases are caused from some of the above organs being disorganized. Disease or may tell you that you have such and such a disease, but medical practice becomes a science (and it is not yet) disease cannot be described to a certainty. This singular medicine gradually strengthens the system, enters at once the blood, which from sluggishness is rapid, courses through the veins and the heart. Many I have seen who assured me that, three days after using it, they have felt a thrill of an emotion, mentally and bodily; their chest and breast were before heavy; all they ate seemed to settle there; their rest was quiet; their appetites poor; and that this real benefit cordial removed all such symptoms, that strength of limbs, bowels, appetite, and spirits were given them by it, and an entire revolution in their worn-out system occurred.

The Rev. Robert Selinger, of Petaluma, says: "For years both myself and brother have suffered from dyspepsia, a weak and sour stomach, indigestion and flatulence, that life at times was a burden. We have used your Cordial (Dr. Webber's Invigorating Sanguifer) four days, and feel better than we have for years."
