THE PRISON OF WASHINGTON.

The President of the United States, Washington, D.C., Oct. 29th, 1860. - "To the People of the United States: I have determined to reject the advice of my estimable friends, and to submit to the will of the people in the manner proposed by Mr. Lincoln, as the only way of avoiding a civil war."

I have therefore determined to resign the office of President of the United States, and to mend my way to the place from which I came."

I have also determined to receive the American flag which has been presented to me by Mr. Lincoln, as a token of his respect for me, and to carry it with me as a symbol of our national unity.

JAMES B. HARRISON.
