Roman Eye Balsam

FOR WEAK & INFLAMED EYES.

THIS BALSAM was used for many years in the private practice of a celebrated Occilist, with remarkable success, for diseases of the Eye and Eyelids.

and Eyelids.

There are many persons who would rather suffer from pain and disease through life, than credit or try the efficacy of any new discovery; all such had better not read this, but to all reasonable persons this preparation is recommended as a nest safe and effectual cure for inflammation of the Eye and Eyel ds, caused either by too close application to minute objects, scrofulous habit, exposure to cold, blows, contusions, or irritation from any extraneous body under the cyclids. It is reana kubbly scotling in inseffect, and has cured thousands who would otherwise have lost their sight.

In cases the Eyelids are inflamed, or the ball of the Eye thickly covered with blood, it acts almost tree mager and remove an appearance in inflammation after two or three applications. There is a numerous class of persons that are pecu-liarly exposed to accidents or diseases that weak a and inflame the Eyes, and perhaps destroy the sight, who, from the nature of the remp syments are compelled to work in a cloud of dust and grit Such should never be without this BALSAM.

No More Mills Burnt!

MR BOOTH—Dran Sin: I have now in our Mill one of your Centre Feed Fire-proof SMUT MACHINES, put up two weeks ago.—I can say that I consider it the greatest improvement in this class of machinery that has come under my notice. The danger from fire by it class and dust, common to the one in general use, is completely obviated. The dust and dict, heretoore so amoying to me, is now effectually remedied. That part of the mill before occupied by the Smut Machine is now as clean as any part of the mill. I can say that it is the best assurer of grain I ever saw. The improvement in the quality of flour will be at once discovered; in tect, ity of flour will be at once discovered; in fact, the great change produced in every respect is indeed a very great one. I would say that I have had in mill previous to this a machine that cut the grain very much, but this does not cut a kernel, and does not require half the power. Your invehioe will certainly take the preference in this State, and I would say on the Pacific coast.

Give them strength, and nature will relieve herself, if stimulated. She has given us herbs and
plants to effect all this. Purify the blood, render
the intestines, the liver, the heart, and all the

you have half conquered disease. Dr. JACOB
WEBBER does conscientiously assure all who
read this, that his Sanguifier or Invigorating Cordial modiones all the effict above described. He read this, that his Sanguader or Invigorating Cor-dial produces all the eff of above described. He has seen the old, the tottering, the pulsied, the nervous, the dysp pile, the inebriate, the debau-chee, and the invalid revive under its influence,

When worn-out nature succumbs to DEATH because she has not strength to resist. Now, Dr. Jacob Webber's Invigorating Cordini causes Jacob Webbers Invigorating Cortini causes strength—that is its main quality. The first op-eration, Tonic; the partaker feels then that suda-tion is caused—his skin is damp, his limbs supple and active, he feels a wish for exercise, and knows he has strength to endure it; he is lightepirited: his skin becomes clear; his eyes, too, he-cause his liver is made active, the bile neutral-ized or ejected, and his blood thinned and pari-fied. If he has a foul stomach, this acts as an aperient, not otherwise. Again, it immediately relieves belching, and prevents an accumulation of wind in the stomach. The stomach, the great receiver of disease and its cure. I will now enumerate a few of those d seases where I have seen

ONE of the beautiful properties possessed by DR. WEBBER'S INVIGORATING CORDIAL
