

'Mon's You'll Keep'—Some years ago, an old sign painter, who was very cross, very gruff, and a little deaf, was engaged to paint the Ten Commandments on some tablet in a church not five miles from Buffalo. He worked two days at it, and at the end of the second day the pastor of the church came to see how the work progressed. The old man stood by, smoking a short pipe, and the reverend gentleman ran his eye over the tablets.

'Eh!' said the pastor, as his familiar eye detected something wrong in the wording of the holy precepts; 'why, you careless old person, you have left a part of one of the commandments entirely out; don't you see?'

'No; no such thing,' said the old man, putting on his spectacles; 'no, nothing left out—where?'

'Why, there,' persisted the pastor; 'here—look at them in the Bible; you have left some of the commandments out.'

'Well, what if I have?' said old Obstinacy, as he ran his eye complacently over his work; 'what if I have? There's more there now than you'll keep!'

Another and a more correct artist was employed the next day.

Friends that are worth having are not made, but 'grow,' like Topsy in the novel. An old man gave this advice to his sons, on his death bed: 'Never try to make a friend.' Enemies come fast enough without cultivating the crop; and friends who are brought forward by hot-house expedients, are apt to wilt long before they are fairly ripened.

THREE LEVELERS.—The vanity of those distinctions on which mankind pride themselves will be sufficiently apparent, if we consider the three places in which all men must meet on the same level—at the foot of the cross, in the grave, and at the judgment bar.

MORAL WRONG.—There is not a selfish or vicious action of which man is capable, from which he is not deterred, by a punitive consequent attendant upon it, even in this life.

Young America Broad-cast Seed-Sower!
Simplicity, Utility, Durability, and Cheapness Combined!
R. S. RICKEY'S IMPROVED BROAD-CAST SEED-SOWER.
Patented, March 29, 1890.

THIS machine is well adapted to sowing all kinds of grain and grass seed, hemp seed, &c. It sows more regularly than can possibly be sown by hand, or any other machine ever introduced. It is perfectly simple in its construction, and nothing to get out of order; it is easily un-derscaled, and does away with the hard manual labor of sowing grain—doing the same amount of labor in two hours that could be done in one day by the ordinary method of sowing. The machine can be carried while being used, as it weighs but five pounds, or, by a simple frame, it can be attached to a wagon. When it is carried, it is strapped on the body of the operator, a strap to go across the right shoulder and under the left arm, also a strap buckled around the body, and the strap from the top of the sack, around the neck. Should the Machine by accident or broken, any tinner can repair it—look out for them! Proper care the Machine will last a lifetime. By to be appreciated, it must be seen.

THE collegiate year, consisting of one term of nine months, will commence on the first Wednesday of November.
It is the design of this Institution to furnish a thorough and complete collegiate education. There is a library of 1000 volumes for the use of the students.
Applicants for admission to college must have a knowledge of the common English branches, and have studied the ancient languages so far as to have read portions of Cæsar and Cicero, and the Greek Reader.
The tuition fee is \$52 per annum.
Students fitting for college, as well as others wishing to pursue collegiate studies without entering upon the college course, will be under the instruction of the college teachers.
The full term of 11 weeks in the preparatory department commences on the 2d Wednesday of September. Tuition, \$8 per term.

TUALATIN ACADEMY.
Tualatin Academy, for the coming year, will be under the direct and instruction of the College Professors, with such assistant instructors as they may find necessary to carry it forward efficiently and successfully.
The full term will commence on Wednesday, Sept. 19, to continue eleven weeks.
Tuition—Common branches, \$5; higher, \$8. A small additional charge will be made for fuel, &c. Instruction in Painting extra, to such as receive it.
N. B.—The collegiate and the collegiate preparatory departments will commence on Wednesday, the 31st of October at the commencement of the last half of the academic term, at which time Pres. Marsh is expected, with competent assistant teachers from the East, to be ready to take his place in the Institution.
Prof. Lyman, with the assistance of Mrs. C. E. Adams, will carry forward the academic department till the return of Pres. Marsh.

A Blessed & Divine Remedy
SANGUIFEROUS NERVINE TONIC!

Read my Theory of **LIFE and DEATH,**
WHAT most diseases prove fatal; that early death occurs, that people live for years in living death, weak, inactive, and exhausted—not from the disease itself, but from an inability to sustain, and nature's strength to withstand or maintain life through the ravages of disease—Give them strength, and nature will relieve herself, if stimulated. She has given us herbs and plants to defeat all this. Purify the blood, render the intestines, the liver, the heart, and all the natural functions of man or woman active, and you have half conquered disease. DR. JACOB WEBBER does conscientiously assure all who read that his Sanguifer or Invigorating Cordial produces all the effects described. He has seen the old, the tottering, the palsied, the nervous, the dypsic, the tubercle, the debauchee, and the invalid revive under its influence, as if new life were given them.

THE high and varied celebrity which these preparations have acquired for their invincible efficacy in all the diseases which they profess to cure, has rendered the usual practice of puffing not only unnecessary, but unworthy of them. They are known by their fruits; their good works testify for them, and they thrive not by the faith of the credulous.
In all cases of asthma, acute and chronic rheumatism, affections of the bladder and kidneys, bilious fevers and liver complaints—in the south and west, where these diseases prevail, they will be found invaluable. Planners, farmers, and others, who once use these Medicines, will never afterwards be without them.
Dyspepsia.—No person with this distressing disease should delay using these medicines immediately. Eruptions of the skin, eruptions, flatulency, fever and ague—for the scourge of the western country, these medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent. TRY THEM, AN ASTHMATIC, OR AN AGUE.

Mercurial Diseases.—Never fails to eradicate entirely all the effects of Mercury infinitely sooner than the most powerful preparation of Sarsaparilla. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Organic Affections, Palpitation of the Heart, Purifier of the Blood. **Piles.**—The original purifier of these medicines was cured of Piles of 3 years' standing by the use of these Life Medicines alone. Worms of all kinds are effectually expelled by these medicines. Parents will do well to administer them when their child's existence is suspected. Relief will be certain.

The Life Pills and Phlegm Bitters
Purify the blood, and thus remove all disease from the system. A single trial will give the LIFE PILLS and PHENIX BITTERS beyond the reach of competition in the estimation of every patient. **Prepared by DR. WILLIAM B. MOFFAT, 335 Broadway, cor.
