PLEASANT INCIDENT .- Last Thursday evening, Multnomah Fire Company No. 2, of Portland, nocompanied by Dennison's Brass Band, came up on the steamer Express, on a pleasure excursion to BEST TOOLS AND PATTERNS our city, bringing with them a little engine which they have lately purchased. They were met at the landing by a crowd of our citizens, and thence they marched down Main Street, the national colors flying from the new liberty pole being and are prepared to do any work in their line dipped as the Company passed. Returning to the eistern at the intersection of Main and Fifth sts. the hose was stretched round the square to the foot of the flag-staff, over which they threw a stream of water, the height being 130 feet. Other exploits were performed, as throwing two, three, and four streams of water, &c., when the Company adjourned to the Oregon House, where an excellent supper was prepared at the expense of McLoughlin Engine Co., of this city, to which all sat down and did ample justice. About half past 11 they departed for home, leaving behind many pleasant ories of their visit—not an unpleasant incident er an unbecoming word having transpired during their stay. Those Portland firemen are a splendid set of fellows, and an honor to the city to which they belong. Long may they wave!

THANKS .- We are under obligations to the pubshers of the Jacksonville Sentinel for an Extra word from their office on Menday night, containing the latest news. It was sent by Tracy & Co's Express, but did not reach us until after we received the news by way of Portland.

Flag-Raising.-On Saturday afternoon last the catmens of Canemah raised a liberty pole, from the top of which flies a beautiful flag made by the ladies of that place. The pole is 84 feet high.

I had favorably known Mrs. Holman as an excellent lady, and a church going christian, for upwards of twenty years—and she realized and exemplified the moral grandeur and glory of the christian hope, during a very protracted and painful illness, and also in a triumphant and holy calm, and in a cheerful and devout resignation in death. She leaves an aged companion to finish the journey of life, without the solace of her presence, or the many kind offices and affectionate attentions which it was over her pleasure to bestow. She also leaves children, a sister, and other relatives and numerous friends to mourn their loss. But we mourn not as these who have a borne when her we have the termineter. children, a sister, and other relatives and numerous friends to mourn their loss. Dear Sirs:—I feel it my duty to write you, and let you know what your Blood and Liver Syrup has done for my daughter, and that by publishing it others who suffer with the same disease may know of it, and by its use derive great benefit.—

My daughter Efiza has been sorely afflicted with SCROFULA, attended with great pain, for more start of the control than two years. She had some five or six running Ulbers on one of her feet, one on her hip, and one on her back. They caused contraction of the limbs so that she could not walk.
