How to make a worthless chap of a fine promising boy: Teach him to chew tolineco and smoke when he is ten years old. Don't keep him at any regular business; if you just teach him to read and write, it may be well; let him go to all the horse races, and let him enjoy his own pleasur= at night. An education thus persisted in will finish the boy in a reasonable time.

FOR WEAK & INFLAMED EYES.

THIS BALSAM was used for many years in the private practice of a celebrated Oculist, with remarkable success, for diseases of the Eye

There are many persons who would rather suffer from pain and disease through life, than credit or try the efficacy of any new discovery; all such had better not read this, but to all reasonable persons the preparation is recommended as a most safe and effectual cure for inflammation of the Eye and Eyel-ds, caused either by too close application to minute objects, scrofulous habit, exposure to cold, blows, continions, or irritation from any extraneous body under the cyclids. It is remarkably soothing in its effect, and has cured thousands who would otherwise have lost

In cases the Eyelids are inflamed, or the ball of the Eye thickly covered with blood, if acts almost like magic and removes all appearances of inflammation after two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or discuses that weaken and inflame the Eyes, and perhaps destroy the and inflame the Eyes, and perhaps destroy the sight, who, from the nature of their employments, are compelled to work in a cloud of dust and grit. Such should never be without this BALSAM. Remember, "Seeing is Believing."

MIIS machine is well adapted to sewing all kinds of grain and grass seed, hemp seed, It sows more regularly than can possibly be sown by hand, or any other machine ever intro-It is perfectly simple in its construction and not liable to get out of order; it is easily un-derstood, and does away with the hard manual labor of sowing grain-doing the same amount of labor in two hours that could be done in one day by the ordinary method of sowing. The machine can be carried while being used, as it we ghs but pounds, or, by a simple frame, it can be attached to a wagon. When it is carried, it is strapped on the body of the operator, a strap to go across the right shoulder and under the left arm, also a strap buckled around the body, and a strap from the top of the sack, around the neck. Should the Machine by accident get broken, any tinner can repair it—although by proper care the Machine will last a lifetime. But to be appreciated, it must be seen

THE high and envied celebrity which these pre-eminent Medicines have acquired for their invariable efficacy in all the diseases which they profess to cure, has rendered the usual practice of uffing not only unnecessary, but unworthy of hem. They are known by their fruits; their good works testify for them, and they thrive not by the

faith of the credulous.

In all cases of asthma, acute and chronic rheumatism, affections of the bladder and kidneys, billions fevers and liver complaints,—in the south and west, where these diseases prevail, they will be found invaluable. Planters, farmers, and others, who once use these Medicines, will never afterwards be without them.
