

A man in Ross county, Ohio, states that he had made last season, from watermelons grown on one acre of ground, 18 barrels of syrup, which sold for 80 cents a gallon—giving \$1440 for the acre of land and the labor. The process is as follows: "Take only the soft part of the melon, rub it through a wire sieve into a barrel, then strain out the juice in a copper kettle, just as you would cider or maple sugar water, and be careful not to scorch it when nearly done."

The Buffalo Advertiser says: A gentleman returned from the Cattaraugus Reservation states that the Indians held a grand council and unanimously resolved to organize an Indian regiment to serve in defense of the United States Government during the approaching war. Another council will be held to-morrow in order to perfect measures for forming companies immediately. All the red skins on the tract are very enthusiastic.

The Petersburg (Va.) Express says that Jeff. Davis, Col. J. B. Magruder, Col. R. E. Lee, Lieut. M. F. Maury and Vice President Stephens will hold a consultation in the city of Washington at a very early day. The St. Louis Democrat adds: "We shouldn't wonder if they did, with a sheriff each side of them, a priest in front, and a slip noose just above their heads. And may the Lord have mercy on their souls."

The N. Y. World thinks that when the Stars and Stripes went down at Sumter it was the signal for the elevation of the still undishonored ensign on a million of flagstuffs from Maine to Oregon. When the seventy surrendered to the seven thousand, twenty millions of people with one voice declared that not a star should be stricken out, or a stripe erased from its honored folds.

The Irish Pictorial, the organ of the adopted citizens of Boston, calls the Irish to arms in defence of the Government and the Union, and to punish the traitors who have attacked Ft. Sumter, and for the overthrow of the Southern oligarchy.

The first recognition of the Southern Confederacy has been by a Havana cigar maker, whose wrappers contain a representation of the Confederate flag. This is both emblematic and appropriate, as it end will be in smoke.

The devout allusions to a protecting Providence in nearly all of Maj. Anderson's modest letters, show that he is as humble a Christian as he is a true soldier, and honorable man.

Never open the door to a little vice, lest a great one should enter also.

Roman Eye Balsam,
FOR WEAK & INFLAMED EYES.

THIS BALSAM was used for many years in the private practice of a celebrated Oculist, with remarkable success, for diseases of the Eye and Eyelids.

There are many persons who would rather suffer from pain and disease through life, than credit or try the efficacy of any new discovery, all such had better read this, but to all reasonable persons this preparation is recommended as a most safe and effectual cure for inflammation of the Eye and Eyelids, caused either by too close application to minute objects, acrobatic habits, exposure to cold, blows, contusions, or irritation from any extraneous body under the eyelids. It is remarkably soothing in its effect, and has cured thousands who would otherwise have lost their sight.

In cases the Eyelids are inflamed, or the ball of the Eye thickly covered with blood, it acts almost like magic and removes all appearance of inflammation after two or three applications. There is a numerous class of persons that are particularly exposed to accidents or diseases that weaken and inflame the Eyes, and perhaps destroy the sight, who, from the nature of their employments, are compelled to work in a cloud of dust and grit. Such should never be without this BALSAM.

Remember, "Seeing is Believing."

Young America Broad-cast
Seed-Sower!

Simplicity, Utility, Durability,
and Cheapness Combined!

R. S. RICKEY'S IMPROVED
BROAD-CAST SEED-SOWER,
Patented, March 29, 1859.

THIS machine is well adapted to sowing all kinds of grain and grass seed, hemp seed, &c. It sows more regularly than can possibly be done by hand, or by any other machine ever introduced. It is perfectly simple in its construction, and not liable to get out of order; it is easily understood, and does away with the hard manual labor of sowing grain—doing the same amount of labor in two hours that could be done in one day by the ordinary method of sowing. The machine can be carried, while being used, as it weighs but five pounds, or, by a simple frame, it can be attached to a wagon. When it is carried, it is strapped on the body of the operator, a strap to go across the right shoulder and under the left arm, and a strap buckled around the body, and a strap from the neck of the sack, around the neck. Should the Machine by accident get broken, any tinner can repair it—although by proper care the Machine will last a lifetime. But to be appreciated, it must be seen.

I will sow the various grains and seeds the following distances:
Wheat, 50 feet at a cast, or 100 ft. at a round
Oats, 36 " " 72 " "
Hemp seed, 10 " " 80 " "
H. G. seed, 36 " " 72 " "
Timothy s'd, 35 " " 50 " "

Other grains and seeds in the same proportion. It will also sow wet and lined grain perfectly well.

County Rights for Sale on Good Terms.
Address, S. S. SNOW, Portland.

Those wishing to procure machines, can apply to the above, or to H. M. Humphrey, Portland, or C. W. Bryant, Oswego, Oregon, and orders will be punctually filled. Sept. 8, 1860

PURIFY THE BLOOD.
MOFFAT'S
Vegetable Life Pills
AND
PHENIX BITTERS.

THE high and envied celebrity which these eminent Medicines have acquired for their ineffable efficacy in all the diseases which they profess to cure, has rendered the usual practice of confiding not only unnecessary, but unworthy of them. They are known by their fruits; their good works testify for them, and they thrive not by the faith of the credulous.

In all cases of asthma, acute and chronic rheumatism, affections of the bladder and kidneys, bilious fevers and liver complaints—in the south and west, where these diseases prevail, and which are found invaluable. Plaster, farmers, and others, who cure use these Medicines, will never afterwards be without them.

Mercurial Diseases.—Never fails to eradicate entirely all the effects of Mercury indolently used, the most powerful preparation of Sanofaria, Night Sweats, Nervous Debility, Nervous complaints of all kinds, Organic Affections, Palpitation of the Heart, Painter's cholera.

Wiles.—The original proprietor of these medicines was cured of Piles 35 years' standing by the use of these Life Medicines alone. Worms of all kinds are effectually expelled by these Medicines. Parents will do well to administer them whenever their existence is suspected. Relief will be certain.

The Life Pills and Phenix Bitters
Purify the blood, and thus remove all disease from the system. A single trial will place the LIFE PILLS and PHENIX BITTERS beyond the reach of competition in the estimation of every patient. **EP** Prepared by

Rev. S. H. MARSH, A. M., President.
Rev. H. LYMAN, A. M., Prof. Mathematics.

THE collegiate year, consisting of one term of nine months, will commence on the first Wednesday of November.

It is the design of this Institution to furnish a thorough and complete collegiate education. There is a Library of 1000 volumes for the use of the students.

Applicants for admission to college must have a knowledge of the common English branches, and have studied the ancient languages so far as to have read portions of Casar and Cicero and the Greek Reader.

The tuition fee is \$32 per annum. Students fitting for college, as well as others wishing to pursue collegiate studies without entering upon the college course, will be under the instruction of the college teachers.

The full term of 11 weeks in the preparatory department commences on the 2d Wednesday of September. Tuition, \$8 per term.

TUALATIN ACADEMY.
Tualatin Academy, for the coming year, will be under the direction and instruction of the College Professors, with such assistant instructors as they may find necessary to carry it forward efficiently and successfully.

The full term will commence on Wednesday, Sept. 19, to continue eleven weeks.

Tuition.—Common branches, \$5; higher, \$8. A small additional charge will be made for fuel, &c. Instruction in Painting EXTRA, to such as receive it.

N. B.—The collegiate and the collegiate preparatory departments will commence on Wednesday the 1st of October, at the commencement of the last half of the academic term, at which time Pres. Marsh is expected, with competent assistant teachers from the East, to be ready to take his place in the Institution.

Prof. Lyman, with the assistance of Mrs. C. E. ADAMS, will carry forward the academic department till the return of Pres. Marsh. Sept. 1, 1860. 21ff

Mill Seat and Land.

I HAVE an excellent MILL SEAT, surrounded with excellent TIMBER, which I would like to have improved. I will give some millwright who wishes to invest in a saw mill or grist mill, or both, a good chance. The location is one of the very best for selling lumber—a level way to the mill seat, no hills to pull over, and handy to heavy settlements.

I wish also to sell half a section of LAND near by. The place is six miles west of Lafayette, Yamhill county.

BETHEL COLLEGE.

THE session of the College year commences on the third Monday of November. The commencement exercises are held on the 4th of July, when the yearly vacation ensues.

FACULTY.
L. L. Rowland, President, Professor of the Greek and Hebrew Languages, Moral and Intellectual Philosophy, Rhetoric, and Logic.
John H. Hall, Professor of Latin, Chemistry, Geology, Mineralogy, Botany, and History.
Nathaniel Hudson, Professor of Mathematics, Natural Philosophy, Astronomy, and Political Philosophy.

The course of studies pursued will be equivalent to that of Eastern Colleges. The German, French, and Spanish will be taught by competent professors, which, with the Hebrew, will be at the option of the student.

Students applying for admission will be required to have a thorough knowledge of the English branches, Ekman's Algebra, Casar, Virgil's *Æneid*, Cicero's Orations, the Greek Reader, and the four Gospels.

A choice Philosophical and Chemical apparatus has been recently received from the East—also, a select library of miscellaneous and standard classical works.
College tuition \$32 per annum.
The Board of Trustees have also made arrangements for the delivering of Theological lectures for the benefit of students in that department.

BETHEL ACADEMY.
Bethel Academy is under the instruction of the College Professors, assisted by experienced teachers. The Academic year commences on the 1st Monday of September, and is divided into four quarters of eleven weeks each.

TERMS OF TUITION PER QUARTER:
Primary Department.....\$ 5 00
Junior Department..... 7 00
Middle Department—Higher Arithmetic, Elementary Algebra, English Analysis, and Botany..... 8 00

Valuable Property For Sale.
THE CHAMPOEG FLOUR MILL.

THIS MILL, situated about three fourths of a mile from Champcoeg in the midst of the great grain-growing country in Oregon, is offered for sale. During high water in winter, flour, &c., can be shipped direct from the Mill. Attached to the mill is a granary for receiving and storing wheat, a dwelling-house and garden for the use of the person in charge. The whole property embraces about five acres.

The machinery of the mill is of very superior quality, having been imported from Rochester, N. Y. There are two runs of the best French Burr, and an extra patent run of smaller Burrs for chopped feed, &c. The frame-work, for strength, &c., cannot be surpassed in Oregon, and the mill in all respects is the best in the State.

For particulars, application should be made to
