

FUNNY BOYS—those Massachusetts troops! They are up to almost anything. When they wanted somebody to put together an injured locomotive at Annapolis, every man proved to be a machinist, and one man "reckoned he could put it together, as he built it!" When it was necessary to man and work the old frigate Constitution, at the same place, the son of her builder proved to be among the force on board! So far the Massachusetts boys have won a full share of the honors gathered.

"My son," said a solid New York merchant to his heir and namesake, "I would rather give \$1,000 than have you go to Washington soldiering." "Father," was the kindly but decided response, "if you could make it \$100,000 it would be of no use; for where the Seventh Regiment goes, I go."

A Polish gentleman, formerly a colonel in the Polish Legion, was tendered a high position in the Southern army by Gov. Moore, of Alabama, who at the same time requested him to bring drawings of fortifications in this harbor. He replied, "his next visit to the South would be as an enemy to the traitors to the flag of his adopted country."

The War Department received a dispatch from General Butler stating that he had seized the famous steam gun built by Winans, of Baltimore, who attempted to send it to Harper's Ferry for the Virginians. Secretary Cameron replied: Compliments of the Government to General Butler and command. Seize everything contraband being sent to the rebels.

Show Your Spunk.—As the volunteers were about leaving Easton, Massachusetts, for the war, a young man, a member of one of the companies, shed tears when he bade his mother "good bye." The old woman encouraged him, saying, "Dry up, Jo, and show your spunk!"

If necessary, every citizen capable of bearing arms can be compelled to assist in putting down rebellion in any portion of the Union. Were a requisition made on California for one hundred thousand men by the General Government, the number would be furnished—if not by volunteers, then by drafting.

JOHN BELL.—Pretence, in recollecting the many pleasant things he said of Bell during the late Presidential canvass, and considering that he is now numbered among the traitors, says he cannot but recall the striking advice given by some prudent sage:—"Never praise a man till he is dead."

**Roman Eye Balsam,**  
FOR WEAK & INFLAMED EYES.

THIS BALSAM was used for many years in  
the private practice of a celebrated Oculist,  
with remarkable success, for diseases of the Eye  
and Eyelids.

There are many persons who would rather  
suffer from pain and disease through life, than  
credit or try the efficacy of any new discovery;  
all such had better read this, but to all reasonable  
persons this preparation is recommended as a  
most safe and effectual cure for inflammation  
of the Eye and Eyelids, caused either by too close  
application to minute objects, serofulous habit,  
exposure to cold, blows, contusions, or irritation  
from any extraneous body under the eyelids.  
It is remarkably soothing in its effect, and has  
cured thousands who would otherwise have lost  
their sight.

In cases the Eyelids are inflamed, or the ball of  
the Eye thickly covered with blood, it acts al-  
most like magic, and removes all appearances of  
inflammation after two or three applications.  
There is a numerous class of persons that are peculiarly  
exposed to accidents or diseases that weaken  
and inflame the Eyes, and perhaps destroy the  
sight, who, from the nature of their employments,  
are compelled to work in a cloud of dust and grit.  
Such should never be without this BALSAM.

Remember, "Seeing is believing."

effects, to convince the most incredulous of its value.

**Young America Broad-cast**  
**Seed-Sower!**

Simplicity, Utility, Durability,  
and Cheapness Combined!

**R. S. RICKY'S IMPROVED**  
**BROAD-CAST SEED-SOWER.**  
Patented, March 29, 1859.

THIS machine is well adapted to sowing all  
kinds of grain and grass seed, hemp seed,  
&c. It sows more regularly than can possibly be  
done by hand, or any other machine ever intro-  
duced. It is perfectly simple in its construction,  
and not difficult to get out of order; it is easily un-  
derstood, and does away with the hard manual  
labor of sowing grain—using the same amount of  
labor in two hours that could be done in one day  
by the ordinary method of sowing. The machine  
can be carried while being used, as it weighs but  
five pounds, or, by a simple frame, it can be at-  
tached to a wagon. When it is carried, it is  
strapped on the body of the operator, a strap go-  
ing across the right shoulder and under the left  
arm, also a strap hooked around the body, and a  
strap from the top of the neck, around the neck.  
Should the Machine be accidently got broken,  
any tinner can repair it—although by prop-  
er care the Machine will last a life time. But to  
be appreciated, it must be seen.

It will sow the various grains and seeds the  
following distances:  
Wheat, 50 feet at a cast, or 100 ft. at a round  
Oats, 36 " " 72 " "  
Hemp seed, 40 " " 80 " "  
H. G. seed, 36 " " 72 " "  
Timothy s'd, 25 " " 50 " "

Other grains and seeds in the same proportion.  
It will also sow wet and lined grain perfectly well.  
County Rights for Sale on Good Terms.  
Address,  
S. S. SNOW, Portland.  
Those wishing to procure machines, can apply  
to the above, or to H. M. Humphrey, Portland, or  
C. W. Bryant, Oswego, Oregon, and orders will  
be punctually filled. Sept. 5, 1859

**PURIFY THE BLOOD.**  
MOFFAT'S  
Vegetable Life Pills  
AND  
PHENIX BITTERS.

THE high and envied celebrity which these pre-  
eminent Medicines have acquired for their  
invariable efficacy in all the diseases which they  
purge to cure, has rendered the usual practice of  
putting not only unnecessary, but unworthy of  
them. They are known by their fruits; their good  
works testify for them, and they thrive not by the  
faith of the credulous.

In all cases of acute and chronic rheu-  
matism, affections of the bladder and kidneys,  
bilious fevers and liver complaints—in the south  
and west, where these diseases prevail, they will  
be found invaluable. Plasterers, farmers, and oth-  
ers, who once use these Medicines, will never af-  
terwards be without them.

Dyspepsia.—No person with this distressing  
disease should delay using these medicines im-  
mediately. Eruptions of the skin, erysipelas, flatu-  
lency, fever and ague—for this scourge of the  
western country, these medicines will be found a  
safe, speedy, and certain remedy. Other medi-  
cines leave the system subject to a return of the  
disease—a cure by these medicines is permanent.  
TRY THEM, BE SATISFIED, AND BE CURED.

**Mercurial Diseases.**—Never fails to eradicate  
entirely all the effects of Mercury infinitely sooner  
than the most powerful preparation of Sarsaparilla,  
Night Sweats, Nervous Debility, Nervous  
Pain of all kinds, Organic Affections,  
Pulsation of the Heart, Painter's cholera.

**Piles.**—The original proprietor of these medi-  
cines was cured of Piles of 35 years' standing by  
the use of these Life Medicines alone. Worms  
of all kinds are effectually expelled by these medi-  
cines. Parents will do well to administer them  
whenever their existence is suspected. Relief will  
be certain.

**The Life Pills and Phenix Bitters**  
Purify the blood, and thus remove all disease from  
the system. A single trial will place the LIFE  
PILLS and PHENIX BITTERS beyond  
the reach of competition in the estimation of every  
patient. Prepared by
