

The N. Y. Evening Post illustrates the feeling of our Quaker fellow-citizens in relation to the war, by relating the fact that recently one of our Quaker merchants, upon entering his store, said to one of his clerks:

"Well, friend—, is there willing to enlist?"  
"I have thought of it," replied the clerk, "but hesitated, because I feared to lose my situation."

"If these will enlist," replied the Quaker, "not only shall they have their situation, but their salary shall go on while they are absent. But if they will not serve their country, they cannot stay in this store."

We may expect a man who, born and raised in the South from his earliest childhood, has been educated to believe in the "peculiar institution," as the one best calculated to produce happiness, and the most proper foundation of freedom instilled into his mind; but a man born and educated in the free North, who has by living in the South, lost his love for his birth-place, and become the toady and apologist for what he knows to be wrong, we despise. \* \* A Southern gentleman may be trusted, but a Northern doughface is the meanest piece of humanity on earth.—S. P. Journal.

While the editorial columns of the Southern papers teem with accounts of the most perfect unanimity in the rebel army, the advertising portion of the Atlanta (Ga.) Intelligencer contains lists of rewards for deserters, in one case for fifteen from a single regiment.

TEMPERANCE PATRIOTISM.—John B. Gough has dedicated all his receipts from earnings, until next fall, to the good work of equipping volunteers for the defense of the Union.

A YOUNG MAN OF TALENT.—An impudent scoundrel who thrusts himself forward; a writer of execrable poetry; a person without modesty; a noisy fellow; a speechmaker.

The London Times says that the British government might as well offer mediation to a hurricane as to parties in America.

Ten cents was the net income of five post offices in Florida for the year ending September, 1859.

A farmer in Watertown, Ct., has been fined for letting Canada thistles go to seed on his own land.

Weeding a garden is a safer business than unweeding a widow, but not half so pleasant.

**Roman Eye Balsam,  
FOR WEAK & INFLAMED EYES.**

THIS BALSAM was used for many years in the private practice of a celebrated Oculist, with remarkable success, for diseases of the Eye and Eyelids.  
There are many persons who would rather suffer from pain and disease through life, than enroll or try the efficacy of any new discovery; if such had better read this, but to all reasonable persons this preparation is recommended as a most safe and efficient cure for inflammation of the Eye and Eyelids, caused either by too close application to minute objects, serafulous light, exposure to cold, blows, contusions, or irritation from any extraneous body under the eyelids. It is remarkably soothing in its effect, and has cured thousands who would otherwise have lost their sight.  
In cases the Eyelids are inflamed, or the ball of the Eye thickly covered with mucus, it acts almost like magic and removes all appearances of inflammation after two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or diseases that weaken and inflame the Eyes, and perhaps destroy the sight, who, from the nature of their employments, are compelled to work in a cloud of dust and grit. Such should never be without this BALSAM. Remember, "Seeing is Believing."

**Simplicity, Utility, Durability,  
and Cheapness Combined!**

**R. S. RICKEY'S IMPROVED  
BROAD-CAST SEED-SOWER,  
Patented, March 29, 1859.**

THIS machine is well adapted to sowing all kinds of grain and grass seed, hemp seed, &c. It sows more regularly than can possibly be done by hand, or any other machine ever introduced. It is perfectly simple in its construction, and not liable to get out of order; it is easily un-derstood, and does away with the hard manual labor of sowing grain—doing the same amount of labor in two hours that could be done in one day by the ordinary method of sowing. The machine can be carried while being used, as it weighs but five pounds, or, by a simple frame, it can be attached to a wagon. When it is carried, it is strapped on the body of the operator, a strap to go across the right shoulder and under the left arm, also a strap buckled around the body, and a strap from the top of the sack, around the neck. Should the Machine by accident get broken, any tinner can repair it—although by proper care the Machine will last a lifetime. But to be appreciated, it must be seen.

It will sow the various grains and seeds the following distances:  
Wheat, 50 feet at a cast, or 100 ft. at a round  
Oats, 25 " " " 75 " "  
Hempseed, 40 " " " 80 " "  
H. G. seed, 36 " " " 72 " "  
Timothy's, 25 " " " 50 " "

Other grains and seeds in the same proportion. It will also sow wet and lined grain perfectly well. County Rights for Sale on Good Terms.  
Address, S. S. SNOW, Portland.  
Those wishing to procure machines, can apply to the above, or to H. M. Humphrey, Portland, or C. W. Bryant, Oswego, Oregon, and orders will be punctually filled. Sept. 3, 1860-1

## PURIFY THE BLOOD, MOFFAT'S Vegetable Life Pills AND PHOENIX BITTERS.

THE high and envied celebrity which these prominent Medicines have acquired for their inviolable efficacy in all the diseases which they profess to cure, has rendered the usual practice of puffing not only unnecessary, but unworthy of them. They are known by their fruits, their good works testify for them, and they thrive not by the faith of the credulous.

In all cases of asthma, acute and chronic rheumatism, affections of the bladder and kidneys, bilious fevers and liver complaints, in the south and west, where these diseases prevail, they will be found invaluable. Planters, farmers, and others, who once use these Medicines, will never afterwards be without them.

**Dyspepsia.**—No person with this distressing disease should delay using these medicines immediately. Eruptions of the skin, erysipelas, flatulency, fever and ague—for this scourge of the western country, these medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent.

**Try them, be satisfied, and be cured.**  
Dyspepsia.—Never fails to eradicate entirely all the effects of Mercury infinitely sooner than the most powerful preparation of Sarsaparilla.

**Night Sweats, Nervous Debility, Nervous complaints of all kinds, Organic Affections, Puffing of the Heart, Painter's Cholera.**

**Worms.**—The original proprietor of these medicines was cured of Piles of 35 years' standing by the use of these Life Medicines alone. Worms of all kinds are effectually expelled by these medicines. Parents will do well to administer them whenever their existence is suspected. Relief will be certain.

**The Life Pills and Phoenix Bitters**  
Purify the blood, and thus remove all disease from the system. A single trial will place the LIFE PILLS and PHOENIX BITTERS beyond the reach of competition in the estimation of every patient. Dr. Prepared by

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news-items, crude speculations, and flying rumors of the daily Journal, and the ponderous tombs of the future historian, written after the firing of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well-established literary, scientific, and theological character, we urge them upon the consideration of the reading public.
