It has long been a most important desideratum in the practice of medicine, to obtain a remedy similar to this, and accordingly we find it resorted to almost universally in all those tormenting dis-cases of the skin so trying to the patience, and in-jurious to the health. It is a tonic, aperient, and disinfectant. It acts simultaneously upon the stomacu, the cractization, and the nowers, and thus three processes, which are ordinarily the re-sult of rungs different kinds of medicine, are car-ried on at the same time through the instrumenlead cases of costiveness, dyspepsia, bilons and large field on at the same time through the instrumentation of the same time through the same time time through the same time time that it meets and neutralizes the active principle of disease itself, and when the same time time that it meets and neutralizes the active principle of disease itself, and when the same time time that it meets and neutralizes the active principle of disease itself, and when the same time that it meets and neutralizes the active principle of disease itself, and when the same time that it meets and neutralizes the active principle of disease itself, and when the same time that it meets and neutralizes the active principle o princ ple of discase itself, and when that is gone, the symptoms necessarily disappear. LINN COUNTY, Oregon Ter., March 11, 1855. Messis, A. B. & D. Sanns, New York: Gen-tlemen,—In the spring of 1853, while on our way from Indiana to this place, our sld-st boy was seized with a swelling and severe pains in the legs which day by day grew worse, until his legs con-tracted, and became so painful that he could not walk, and we had to carry him about like an in-fant. We reached Albany on the 3d of October. completely worn out by fatigue. By this time, he was reduced to a perfect skeleton. Here we were chabled to consult a physician (Dr. Hill) who henestly confessed he could not cure him, although he could give him medicine that would re-lieve the pain. In this exigency something must be done, or death was inevitable. Being recom-mended to try your Sursaparilla, I procured a bottle. After taking some, he appeared worse; but persevering with it, I obtained a second bottle, which seemed to grapple with the disease, and caused a marked improvement: the swelling and pain in the legs were reduced, his appetite im-proved, and his color began to return. Thus en-couraged, I purchased a third bottle; while taking it the swellings in his legs broke, and some pieces of bone one eighth of an inch long came out, after which his legs straightened and healed up. He is now perfectly recovered has no appearance of being a cripple, and can perform most kinds of common labor, as all our neighbors

READ THE STATEMENT OF MR M. Who is Elder in Rev. Horace Bushneil's church, regarding the cure of his daughter, who was to all appearances crippled for life with the terrible disease, SCROFULA:

CINCINSATI, Feb. 28, 1859.

Mussus, A. L. Scowill, & co.—

Dear Sirs:—I feel it my duty to write you, and let you know what your Blood and Liver Syrup has done for my daughter, and that by publishing it others who suffer with the same discuss may know of it, and by its use derive great benefit.—My daughter Eliza has been sociely afflered with SURDFULA, attended with great pain, for more than two years. She had some five or six running Ulcers on one of her feet, one on her ksp, and one on her bock. They caused contraction of the limbs so that she could not well. At this time, from the high recommendation of your Bhood and Liver Syrup in curing such diseases, I was induced to try it. She commenced using it, and as the medicine acted on the blood, the sores commenced to heal. The limbs are getting straight—she is now gaining strength. I have only used three bottles of the medicine, and the can now walk quite well. Your Blood and Liver Syrup has done wonders in restoring her health. CINCINSATI, Feb. 28, 1859.
