nature has ordained love as woman's task more than man's, is thus declared by a late moralist: With man, love is never a pas-sion of such intensity as with woman. She is a creature of sensibility, existing only in the outpourings and sympathies of her emotions. Every earthly blessing, nay, every heavenly hope, will be sacrificed for her affections. She will leave the sunny home of her childhood, the protecting roof of her kindred-forget the counsels of her sire, the admonishing voice of that mother on whose besom her head had been pillowed TAKES this method of informing his friends.

—do all that a woman can do consistently T and the public generally that he with honor-forsake all that she has clung to in 'er girlish simplicity for years, and throw herself into the arms of the man she idolizes. He that would forsake a woman after these testimonies of affection, is too gross a villain to be called a man.

THE ARMY OATH.-The following is the oath which all volunteers and regulars mustered into the service of the United States are required to take before their final enrolliment into service; "I do solemnly swear that I will bear true allegiance to the United States of America; that I will serve them honestly and faithfully against all enemies or opposers whatsdever; that I will obey the orders of the President of the United States and of the other officers appointed over me, according to the rules of the armies of the United States; so help me

A GREAT SACRIFICE.—A young lady of our acquaintance was lately heard to declare that she was sorry she could not fight in defence of her country's liberty, but she was willing to allow the young men to go, and to die an old maid, which she thought was as great a sacrifice as anybody could be called on to make.

FOR WEAK & INFLAMED EYES.

Tills BALSAM was used for many years in the private practice of a celebrated Oculist, with remarkable success, for diseases of the Eye and Eyelids.

There are many persons who would rather suffer from pain and disease through life, than credit or try the ellicacy of any new discovery; all such had better not read this, but to all reasonable persons this preparation is recommended as a most safe and effectual cure for inflammation of the Eye and Eyelids, caused either by too close application to minute objects, serofulous habit, exposure to cold, blows, contusions, or irritation from any extraneous body under the cyclids. It is remarkably soothing in its effect, and has cured thousands who would otherwise have lost

In cases the Eyelids are inflamed, or the ball of the Eye thickly covered with blood, it acts almost like magic and removes all appearances of inflammation after two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or diseases that weaken and inflame the Eyes, and perhaps destroy the sight, who, from the nature of their employments,

sight, who, from the nature of their employments, are compelled to work in a cloud of dust and grit. Such should never be without this BALSAM. Retaember, "Seeing is Believing."

Young America Broad-cast Seed-Sower!

Simplicity, Utility, Durability, and Cheapness Combined!

R.S. RICKEY'S IMPROVED BROAD - CAST SEED - SOWER.

Patented, March 29, 1859. THIS machine is well adapted to sowing all kinds of grain and grass seed, hemp seed, &c. It sows more regularly than can possibly be sown by hand, or any other machine ever intro-

duced. It is perfectly simple in its construction and not liable to get out of order; it is easily un derstood, and does away with the hard manual labor of sowing grain—doing the same amount of labor in two hours that could be done in one day by the ordinary method of sowing. The machine can be carried while being used, as it we ghs but can be carried while being used, as it we'ght but five pounds, or, by a simple frame, it can be attached to a wagon. When it is carried, it is strapped on the body of the operator, a strap to go across the right shoulder and under the left arm, also a strap buckled around the body, and a strap from the top of the sack, around the neck. Should the Machine by accident get broken, any tinner can repair it—although by proper care the Machine will last a lifetime. But to be appreciated, it must be seen.

It will sow the various grains and seeds the following distances; Wheat, 50 feet at a cast, or 100 ft. at a round Oats, 36 " " 72 " Hemp seed, 40 " " 80 " II. G. seed, 36 " " 72 "

Timothy s'd, 25 " Other grains and seeds in the same proportion. It will also sow wet and limed grain perfectly well. County Rights for Sale on Good Terms.

LEMARKABLE CURE. Linn County, Oregon Ter., March 11, 1855. March 11, 1855. Messts. A. B. & D. Saxps. New York: Gentlemen,—In the spring of 1853, while on our way from Indiana to this place, our eldest boy was seized with a swelling and severe pains in the legs which has been deep and the legs with the legs of seized with a swelling and severe pains in the legs which day by day grew worse, until his legs contracted, and became so painful that he could not walk, and we had to carry him about like an infant. We reached Albany on the 3d of October, completely worn out by fatigue. By this time, he was reduced to a perfect skeleton. Here we were enabled to consult a physician (Dr. Hill) who henestly confessed he could not cure him, although he could give him medicine that would relieve the pain. In this exigency somedhing must be done, or death was inevitable. Being recommended to try your Sarsaparilla, I procured a botmended to try your Sarsaparilla, I procured a bot-tle. After taking some, he appeared worse; but persevering with it, I obtained a second bottle, which seemed to grapple with the disease, and caused a marked improvement: the swelling and pain in the legs were reduced, his appetite improved, and his color began to return. Thus encouraged, I purchased a third bottle; while taking it the swellings in his legs broke, and some pieces of bone one eighth of an inch long came out, after which his legs straightened and healed up. He is now perfectly recovered has no ap-pearance of being a cripple, and can perform most kinds of common labor, as all our neighbors can certify. Yours, respectfully, CALEB DAVIS.
