

Morgan Horses.—The origin of the Morgan horse can be traced back as far as 1782. About that time a number of Normandy horses were imported from France into Canada for cavalry purposes by the English Government. A great number of these horses brought fine and durable stock with the cross of the North American Indian pony. Afterwards a large number of them found their way into Vermont. One very fine stallion became the property of Justin Morgan. From this horse a strain of blood can be found all over the Western and New England States, and is now known as the Morgan. The horses are usually very strong, and much celebrated for their endurance. They are usually well ribbed-up, very strongly quartered, with tremendous style and gaskin, short back, large flat bone, with good feet. The neck is a little arched, the head clear and free from flesh. They will weigh from eight hundred to a thousand pounds.—Some of the Morgan stock horses turned out a number of the fastest trotters of the age. For the road we should decidedly recommend the Morgan horse.

A Friend.—Some true heart has given expression to its generous nature in the following beautiful sentiment:  
Never desert a friend when enemies gather round. When sickness falls on his heart, when the world is dark and cheerless, is the time to try a new friend. They who turn from a seer of distress, betray their hypercity, and prove that interest moves them. If you have a friend who loves you, and studies your interest and happiness, be sure to sustain him in adversity. Let him feel that his kindness is appreciated and that his love is but as it exists in the heart. Who has not seen and felt its power?—They deny its worth who never loved a friend, or labored to make a friend happy.

—It has been beautifully remarked that woman's heart is the only true plate for a man's likeness. An instant gives the impression, and an age of sorrow and change cannot efface it.  
—Many who would not for the world utter a falsehood, are yet eternally scheming to produce false impressions on the minds of others, respecting facts, characters, and opinions.  
—Misses, who had the ears of an ass, turned to gold whatever he touched. Many other persons, who have more of an ass than the ears, seem to make money with almost equal facility.

**Roman Eye Balsam,  
FOR WEAK & INFLAMED EYES.**

THIS BALSAM was used for many years in the private practice of a celebrated Oculist, with remarkable success, for diseases of the Eye and Eyelids.  
There are many persons who would rather suffer from pain and disease through the eyes, than credit or try the efficacy of any new discovery, all such had better read this, but to all reasonable persons this preparation is recommended as a most safe and effectual cure for inflammation of the Eye and Eyelids, caused either by too close application to minute objects, serofulous habit, exposure to cold, blows, contusions, or irritation from any extraneous body under the eyelids. It is remarkably soothing in effect, and has cured thousands who would otherwise have lost their sight.  
In cases the Eye-lids are inflamed, or the ball of the Eye thickly covered with blood, it acts almost the same and removes all appearance of inflammation after two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or diseases that weaken and inflame the Eyes, and perhaps destroy the sight, viz., from the nature of their employments, are compelled to work in a cloud of dust and dirt. Such should never be without this BALSAM.

Seed-Sower!**  
Simplicity, Utility, Durability,  
and Cheapness Combined!

**R. S. RICE'S IMPROVED  
BROAD-CAST SEED-SOWER,  
Patented, March 29, 1859.**

THIS machine is well adapted to sowing all  
kinds of grain and grass seed, hemp seed,  
&c. It is used very regularly than any sowing  
done by hand, or by any other machine ever intro-  
duced. It is perfectly simple in its construction,  
and not liable to get out of order; it is easily un-  
derstood, and goes away with the hard manual  
labor of sowing grain—doing the same amount of  
labor in two hours that could be done in one day  
by the ordinary method of sowing. The machine  
can be carried while being used, as it weighs but  
five or six pounds, or by a simple frame, it can be  
attached to a wagon. When it is carried, it is  
strapped on the back of the operator, a strap to  
go across the right shoulder, and under the left  
arm, also a strap buckled around the body, and a  
strap from the top of the back, around the neck.  
Should the Machine be accidently clogged,  
any tinner can repair it—although by proper  
care the Machine will last a lifetime. But to be  
appreciated, it must be used.

It will sow the various grains and seeds the  
following distances:  
Wheat, 50 feet at a cast, or 100 ft. at a round  
Oats, 36 " " 72 " "  
Rye, 49 " " 80 " "  
H. C. seed, 26 " " 72 " "  
Timothy's d, 25 " " 50 "

Other grains and seeds in the same proportion.  
It will also sow wet and lined grain perfectly well.

**PURIFY THE BLOOD,

Vegetable Life Pills

PHENIX BITTERS.**

THE high and envied celebrity which these pre-  
eminent Medicines have acquired for their  
invariable efficacy in all the diseases which they  
profess to cure, has rendered the usual practice of  
pulling not only unnecessary, but unworthy of  
them. They are known by their taste, their good  
works testify for them, and they thrive not by the  
faith of the credulous.

In all cases of asthma, acute and chronic rheu-  
matism, affections of the bladder and kidneys,  
bilious fevers and liver complaints,—in the south  
and west, where these diseases prevail, they will  
be found invaluable. Planter, farmer, and oth-  
ers, who once use these Medicines, will never af-  
terwards be without them.

**Dyspepsia.**—No person with this distressing  
disease should delay using these medicines imme-  
diately. Eruptions of the skin, erysipelas, flatu-  
lency, fever and ague, for this scourge of the  
western country, these medicines will be found a  
safe, speedy, and certain remedy. Other medi-  
cines leave the system subject to a return of the  
disease—a cure by these medicines is permanent.  
Try THEM, BE Satisfied, AND BE CURED.  
**Mercurial Diseases.**—Never fails to eradicate  
entirely all the effects of Mercury infinitely sooner  
than the most powerful preparation of Sassa-parilla.  
**Night Sweats, Nervous Debility, Nervous  
complaints of all kinds, Organic Affections,  
Painful Urine, Puerperal Cholera.**  
**Piles.**—The original proprietor of these medi-  
cines was cured of Piles of 35 years' standing by  
the use of these Life Medicines alone. **Worms**  
of all kinds are effectually expelled by these medi-  
cines. Parents will do well to administer them  
whenever their existence is suspected. Relief will  
be certain.

**The Life Pills and Phenix Bitters**  
Purify the blood, and thus remove all disease from  
the system. A single trial will place the LIFE  
PILLS and PHENIX BITTERS beyond  
the reach of competition in the estimation of every  
patient.

THIS MILL, situated about three fourths of a

can be shipped direct from the Mill. Attached  
to the mill is a granary for receiving and storing  
wheat, a dwelling house and garden for the use  
of the person in charge. The whole property  
embraces about five acres.  
The machinery of the mill is of very superior  
quality, having been imported from Rochester,  
N. Y. There are two runs of the best French  
Burr, and an extra patent run of smaller Burr  
for chopped feed, &c. The frame work, for  
strength, &c., cannot be surpassed in Oregon, and  
the mill in all respects is the best in the State.

It has long been a most important desideratum  
in the practice of medicine, to obtain a remedy  
similar to it, and accordingly we find it resorted  
to almost universally in all those foregoing dis-  
eases of the skin trying to the patient, and inju-  
rious to the health. It is a tonic, purgative and  
disinfectant. It acts immediately upon the  
secretion, the excretion, and the nutrition, and  
thus in three processes, which are actually the re-  
sult of various different kinds of medicine, are ob-  
tained at the same time through the instrument-  
ality of this new remedial agent. Its great  
merit is that it meets and neutralizes the active  
principle of disease itself, and when that is gone,  
the symptoms necessarily disappear. The rapid-  
ity with which the patient recovers health and  
strength under this triple influence is surprising.

The present critical state of European affairs  
will render these publications unusually interest-  
ing during the forthcoming year. They will con-  
stitute a noble ground between the busy writer  
and the busy reader, and the busy writer  
of the daily Journal, and the ponderous tomes  
of the future history, written after the living inter-  
est and excitement of the great political events of  
the time shall have passed away. It is to these  
Periodicals that readers must look for the only  
really intelligible and reliable history of current  
events, and as such, in addition to their well-  
established literary, scientific, and theological char-  
acter, we urge them upon the consideration of the  
reading public.

The receipt of Advance Sheets from the

**Great Inducements to Subscribe!!  
PREMIUMS AND REDUCTIONS.**

SCOTT & CO., NEW YORK, continue  
to publish the following leading British Pe-  
riodicals, viz:  
1. THE LONDON QUARTERLY (Gen-  
erative).  
2. THE EDINBURGH REVIEW (Whig)  
3. THE NORTH BRITISH REVIEW  
(Free Church).  
4. THE WESTMINSTER REVIEW  
(Liberal).  
5. BLACKWOOD'S EDINBURGH  
MAGAZINE (Tory).

The present critical state of European affairs  
will render these publications unusually interest-  
ing during the forthcoming year. They will con-  
stitute a noble ground between the busy writer  
and the busy reader, and the busy writer  
of the daily Journal, and the ponderous tomes  
of the future history, written after the living inter-  
est and excitement of the great political events of  
the time shall have passed away. It is to these  
Periodicals that readers must look for the only  
really intelligible and reliable history of current  
events, and as such, in addition to their well-  
established literary, scientific, and theological char-  
acter, we urge them upon the consideration of the  
reading public.

The receipt of Advance Sheets from the  
British publishers gives additional value to these  
Reprints, inasmuch as they can now be placed  
in the hands of subscribers about as soon as the  
original editions.
