

For the Curious.—The greyhound runs by eyesight alone, and this we assert as a fact. The carrier pigeon flies on his two hundred and fifty miles journey homeward by eyesight, viz: from point to point of object which he has marked; but this is only conjecture. The fierce dragon-fly, with twelve thousand lenses in his eye, darts from angle to angle with the rapidity of a flashing sword, and as rapidly darts back—not turning in the air, but with a dash reversing in the action of his wings, and instantaneously calculating the distance of the objects, or he would dash himself to pieces. But in what conformation of his does this consist? No one can answer.

A cloud of ten thousand gnats dance up and down in the sun—the minutest interval between them—yet no one knocks another headlong upon the grass, or breaks a leg or wing, long and delicate as these are. Suddenly—amidst your admiration of this matchless dance—a peculiarly high-shouldered vicious gnat, with long pendant nose, and settling on your cheeks, inserts a poisonous sting. What possessed the little wretch to do this? No one knows.

A four horse coach comes suddenly upon a flock of geese on a narrow road, and drives straight through the middle of them. A goose was never yet fairly run over, nor a duck. They are under the very wheels and hoofs, and yet somehow they contrive to flap and waddle off. Habitually stupid, heavy and indolent, they are, nevertheless, equal to any emergency. Why does the lonely woodpecker, when he descends from his tree and goes to drink, stop several times on his way, listen and look around, before he takes his draught? No one knows.

—A lover once wrote to a lady who rejected him, saying that he intended to retire to "some secluded spot, and breathe away his life in sighs." To which the lady replied, by inquiring whether they were to be medium or large size. The man has not since been heard from.

—Col. Abercrombie, of the United States regular army, has been gazetted a Brigadier General. The regiments composing his brigade will be the Eleventh Pennsylvania, and regiments from Wisconsin and Connecticut.

—The Enfield rifle will pick off a man at a distance of 800 yards.

**Roman Eye Balsam,**  
FOR WEAK & INFLAMED EYES.

THIS BALSAM was used for many years in  
the private practice of a celebrated Oculist,  
with remarkable success, for diseases of the Eye  
and Eyelids.  
There are many persons who would rather  
suffer from pain and disease through life, than  
credit or try the efficacy of any new discovery; all  
such had better not read this, but to all reason-  
able persons this preparation is recommended as  
a most safe and effectual cure for inflammation  
of the Eye and Eyelids, caused either by too close  
application to minute objects, scrofulous habit,  
exposure to cold, blows, contusions, or irritation  
from any extraneous body under the eyelids.  
It is remarkably soothing in its effect, and has  
cured thousands who would otherwise have lost  
their sight.  
In cases the Eyelids are inflamed, or the ball of  
the Eye thickly covered with blood, it acts al-  
most like magic and removes all appearances of  
inflammation after two or three applications.  
There is a numerous class of persons that are pec-  
uliarly exposed to accidents or diseases that weaken  
and inflame the Eyes, and perhaps destroy the  
sight, who, from the nature of their employments,  
are compelled to work in a cloud of dust and grit.  
Such should never be without this BALSAM.  
Remember, "Seeing is Believing."

**PURIFY THE BLOOD.**  
**MOFFAT'S**  
**Vegetable Life Pills**  
AND  
**PHENIX BITTERS.**

THE high and envied celebrity which these pre-  
minent Medicines have acquired for their  
invariable efficacy in all the diseases which they  
profess to cure, has rendered the usual practice of  
putting not only unnecessary, but unworthy of  
them. They are known by their fruits: their good  
works testify for them, and they thrive not by the  
faith of the credulous.  
In all cases of asthma, acute and chronic rheu-  
matism, affections of the bladder and kidneys,  
bilious fevers and liver complaints,—in the south  
and west, where these diseases prevail, they will  
be found invaluable. Planters, farmers, and oth-  
ers, who once use these Medicines, will never af-  
terwards be without them.  
Dyspepsia.—No person with this distressing  
disease should delay using these medicines imme-  
diately. Eruptions of the skin, erysipelas, flatu-  
lency, fever and ague—for this scourge of the  
western country, these medicines will be found a  
safe, speedy, and certain remedy. Other medi-  
cines leave the system subject to a return of the  
disease—a cure by these medicines is permanent.  
TAY THEM, BE SATISFIED, AND BE CURED.  
Mercurial Diseases.—Never fails to eradicate  
entirely all the effects of Mercury infinitely sooner  
than the most powerful preparation of Sarsaparilla.  
Night Sweats, Nervous Debility, Nervous  
complaints of all kinds, Organic Affections,  
Painstaking of the Heart, Painter's Cholic.  
Piles.—The original proprietor of these medi-  
cines was cured of Piles of 35 years' standing by  
the use of these Life Medicines alone. Worms  
of all kinds are effectually expelled by these medi-  
cines. Parents will do well to administer them  
whenever their existence is suspected. Relief will  
be certain.  
The Life Pills and Phenix Bitters  
Purify the blood, and thus remove all disease from  
the system. A single trial will place the LIFE  
PILLS and PHENIX BITTERS beyond the reach  
of competition in the estimation of every  
patient.  $\text{\$}^{\text{th}}$  Prepared by

**THE CHAMPEGO FLOUR MILL.**  
THIS MILL, situated about three fourths of a  
mile from Champego in the midst of the great  
grain-growing country in Oregon, is offered for  
sale. During high water in winter, flour, &c., can  
be shipped direct from the Mill. Attached  
to the mill is a granary for receiving and storing  
wheat, a dwelling house and garden for the use  
of the person in charge. The whole property  
embraces about five acres.  
The machinery of the mill is of very superior  
quality, having been imported from Rochester,  
N. Y. There are two runs of the best French  
Burr, and an extra patent run of smaller Burr  
for chopped feed, &c. The frame-work, for  
strength, &c., cannot be surpassed in Oregon, and  
the mill in all respects is the best in the State.  
For particulars, application should be made to

A. MCKINLAY, Champego,  
or to AMORY HOLBROOK,

It has long been a most important desideratum  
in the practice of medicine, to obtain a remedy  
similar to this, and accordingly we find it resorted  
to almost universally in all those tormenting dis-  
eases of the skin so trying to the patience, and in-  
jurious to the health. It is a tonic, aperient, and  
disinfectant. It acts simultaneously upon the  
system, the circulation, and the bowels, and  
thus three processes, which are ordinarily the  
result of various different kinds of medicine, are car-  
ried on at the same time through the instrumen-  
tality of this one remedial agent. Its great merit  
is that it meets and neutralizes the active  
principle of disease itself, and when that is gone,  
the symptoms necessarily disappear. The rapidity  
with which the patient recovers health and  
strength under this triple influence is surprising.  
**REMARKABLE CURE**  
LENS COUNTY, Oregon Ter.,  
March 11, 1855.  
Messrs. A. B. & D. SANDS, New York: Gent-  
lemen.—In the spring of 1853, while on our way  
from Indiana to this place, our eldest boy was  
seized with a swelling and severe pains in the legs,  
which day by day grew worse, until his legs con-  
tracted, and became so painful that he could not  
walk, and we had to carry him about like an infant.  
We reached Albany on the 3d of October,  
completely worn out by fatigue. By this time  
he was reduced to a perfect skeleton. Here we  
were enabled to consult a physician (Dr. Hill),  
who honestly confessed he could not cure him, al-  
though he could give him medicine that would re-  
lieve the pain. In this exigency something must  
be done, or death was inevitable. Being recom-  
mended to try your Sarsaparilla, I procured a bot-  
tle. After taking some, he appeared worse; but  
persevering with it, I obtained a second bottle,  
which seemed to gratify with the disease, and  
caused a marked improvement: the swelling and  
pain in the legs were reduced, his appetite im-  
proved, and his color began to return. This en-  
couraged, I purchased a third bottle; while tak-  
ing it the swellings in his legs broke, and some  
pieces of bone one eighth of an inch long came  
out, after which his legs straightened and healed  
up. He is now perfectly recovered and has no ap-  
pearance of being a cripple, and can perform

MAGAZINE (Tory).

The present critical state of European affairs  
will render these publications unusually interest-  
ing during the forthcoming year. They will oc-  
cupy a middle ground between the hastily writ-  
ten news-items, crude speculations, and flying rumors  
of the daily Journal, and the ponderous tomes  
of the future historian, written after the living inter-  
est and excitement of the great political events  
of the time shall have passed away. It is these  
Periodicals that readers must look for the only  
really intelligible and reliable history of current  
events, and as such, in addition to their well-  
established literary, scientific, and theological char-  
acter, we urge them upon the consideration of the  
reading public.  
The receipt of Advance Sheets from the  
British publishers gives additional value to these  
Reprints, inasmuch as they can now be placed  
in the hands of subscribers about as soon as the  
original editions.
