

REMEDY FOR COLIC IN HORSES.—Many horses are suddenly attacked with colic and pain, caused frequently by being fed with sour barley, or, dir barley. We have been informed by Mr. Matteson, of Murphy's, that he had found an effective remedy in the following simple ingredient. Take a piece of salaratus of the size of an egg, dissolve in a bottle in warm water, and give to the horse; lead him to and fro immediately. This remedy and the exercise will relieve the horse effectually in ten or fifteen minutes. Simple as this remedy is, it is a valuable one, and will save horsemen trouble, anxiety, and often the life of a valuable animal.

LOVE'S ILLUSIONS.—We are not much to blame for our bad marriages. We live amid hallucinations; and this especial trap is laid to trap up our feet with, and all are tripped up first or last. But the mighty mother who had been so long with us, as if she felt that she owed some indemnity, insinuates in to the Pandora-box of marriage some deep and serious benefits, and some great joys. We find a delight in the beauty and happiness of children, that makes the heart too big for the body. In the worst assorted connections there is ever some mixture of true marriage.—Emerson.

Objects close to the eye shut out much larger objects on the horizon; and splendors born only of the earth eclipse the stars. So a man sometimes covers up the entire disc of eternity with a dollar, and quenches transcendent glories with a little shining dust.

One hundred and seventy-one firms in San Francisco closed their places of business, on Wednesday, and devoted themselves, at the polls, to the interests of their country, which they deemed in a large measure involved in the verdict to be given on 15th day by the State of California.

The year 1862 is the thousandth anniversary of the establishment of the Empire of Russia; and it is stated that the occasion will be celebrated throughout the Empire with religious and other festivals.—The spectacles at St. Petersburg and Moscow will be magnificently grand.

Fascinating Gem, (to precocious little girl).—You are a very nice little girl; you shall be my wife when you grow up. Little Girl.—No, thank you; I don't want to have a husband; but aunt Bessy does; I heard her say so.

Sensation on the part of aunt Bessy. Look at the fashionable abominations, the nicely plucked thrush into political platforms, think of the lies—broad lies—lies of all shapes and sizes—lies spoken, lies printed—society lies, lies in rags, and lies by the yard and the pound, and lies in the gutter.

An improvement has been made in an instrument called the laryngoscope.—By means of a lens and mirror, the light of a lamp or candle can be concentrated so as to show the condition of the throat with great certainty.

A Yankee editor says: "We don't mind recording the deaths of people without being paid for our trouble, though that is not fair; but panegrics on the dead must be paid for—we positively cannot send people to heaven for nothing."

Roman Eye Balsam,
FOR WEAK & INFLAMED EYES.

THIS BALSAM is used for many years in the private practice of a well-known Oculist, with remarkable success, for diseases of the Eye and Eyelids.

There are many persons who would rather suffer from pain and disease through life, than to try the efficacy of any new discovery, all such had better not read this, but to all reasonable persons this preparation is recommended as a most safe and efficient cure for inflammation of the Eye and Eyelids, caused either by too close application to sunbats, cereals, hair, etc., exposure to cold, blows, contusions, or irritation from any extraneous body under the eyelids. It is remarkably soothing in its effect, and has cured thousands who would otherwise have lost their sight.

In cases the Eye is inflamed, or the ball of the Eye flabby covered with Mucous, it acts all most like magic and removes all appearance of inflammation after two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or diseases that weaken and inflame the Eye, and perhaps destroy the sight, when the nature of their employment requires them to work in a dark or dim light. Such should never be without this BALSAM, which is sold by A. B. SANDS, Druggist, 100 Fulton Street, New York.

For sale by H. Johnson & Co., and H. Johnson & Co., San Francisco; Rice & Correy, Marysville; R. H. McDonald & Co., Sacramento; and by Druggists generally. July 21-61.

**CLOVE ANODYNE
Tooth-ache Drops.**
Completes no more of Aching Teeth!

THESE Drops have been extensively used by thousands whose experience has proved that the Anodyne will give immediate and permanent relief after the failure of every other remedy. It is pleasant to the taste and sweet, and a very application will not only relieve the pain and remove from a decayed tooth, so that it may be filled and restored as usual as ever. When the pain proceeds from the gum, or from the gums around a tooth, it is equally successful. This Anodyne will give speedy relief by rubbing a few drops on the part affected. It is only to be used generally known to be as highly appreciated by the Public as it is by Dentists.

PURIFY THE BLOOD, MOFFAT'S Vegetable Life Pills

AND
PHENIX BITTERS.

THE high and envied celebrity which these preparations have acquired for their curative efficacy in all the diseases which their inventor has rendered the usual practice of purging not only unnecessary, but unworthy of them. They are known by their fruits, their good works testify for them, and they thrive not by the faith of the credulous.

In all cases of arthritic, acute and chronic rheumatism, affections of the bladder and kidneys, bilious fevers and liver complaints, in the south and west, where these diseases prevail, they will be found invaluable. Plagues, fevers, and cholera, who once use these Medicines, will never afterwards be without them.

Dyspepsia.—No person with this distressing disease should delay using these medicines immediately. Eruptions of the skin, erysipelas, flatulency, fever and ague—for this scourge of the western country, these medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease, but these are permanent and permanent.

Mercurial Diseases.—Never fails to eradicate entirely all the effects of Mercury infinitely sooner than the most powerful preparation of Sarsaparilla. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Dropsical Affections, Pains in the Head, Painter's Colic.

Piles.—The original proprietor of these medicines was cured of Piles of 25 years' standing by the use of these Life Medicines alone. Worms of all kinds are effectually expelled by these medicines. Parents will do well to administer them whenever their existence is suspected. Relief will be certain.

The Life Pills and Phlox Bitters Purify the blood, and thus remove all disease from the system. A single trial will place the LIFE PILLS and PHENIX BITTERS beyond the reach of competition in the estimation of every patient. Prepared by

THE college year, commencing on the first of the month, will commence on the first Wednesday of November.

It is the design of this Institution to furnish a thorough and complete collegiate education. There is a Library of 1000 volumes for the use of the students.

Applicants for admission to college must have a knowledge of the common English language, and have studied the ancient languages so far as to have read portions of Caesar and Cicero and the Greek Reader.

The tuition fee is \$25 per annum. Students fitting for college, as well as others wishing to pursue college studies without entering upon the college course, will be under the instruction of the college teachers.

The full term of 11 weeks in the preparatory department commences on the 24th Wednesday of September. Tuition, \$8 per term.

TULLATIN ACADEMY.
Tullatin Academy, for the coming year, will be under the direction and instruction of the College Professors, with such additional instructors as they may find necessary to carry it forward efficiently and successfully.

The full term of instruction on Wednesday, Sept. 12, to continue eleven weeks. Tuition—Common branches, \$5; higher, \$7. A small additional charge will be made for fuel, &c. Instruction in Painting extra, in such as follows:

N. B.—The college and the collegiate preparatory department will commence on Wednesday, the 1st of October, at the commencement of the last half of the academic term, at which time Prof. Merrill is expected, with competent assistant teachers from the East, to be ready to take charge in the Institution.

Prof. Lyman, with the assistance of Mrs. C. E. Adams, will carry forward the classical department under the tutorage of Prof. Merrill, Sept. 1, 1860.

This is to certify that Joseph Meyer, Practical Chemist, has, by the use of his preparations, driven all the rats from Government Store No. 6 of this Inspection, which was infested with those destructive animals and that I witnessed an extraordinary destruction of cockroaches, by Mr. Meyer, although, when he applied his powder about their places of resort, only a few were seen, soon after, in less than fifteen minutes, the floor of the room was literally covered with them, some already dead, others dying, and I feel assured that by a few applications of his Chemical Powder, which is certainly very efficacious, Mr. Meyer could entirely rid a house of these objectionable insects.

Mill Seat and Land.
I have an excellent MILL SEAT, surrounded with excellent TIMBER, which I would like to have improved. I will give some millwright who wishes to invest in a saw mill or grist mill, or both, a good chance. The location is one of the very best for selling lumber—a level way to the mill seat, no hills to pull over, and land to be had at a low price.

I wish also to sell half a section of LAND near by. The place is six miles west of Lafayette, Yamhill County.

Valuable Property For Sale.
THE CHAMPOEG FLOUR MILL

THIS MILL, situated about three fourths of a mile from Champeog in the midst of the great grain-growing country in Oregon, is offered for sale. During high water in winter, flour, &c., can be shipped direct from the Mill. Attached to the mill is a granary for storing and storing wheat, a dwelling house and garden for the use of the person in charge. The whole property embraces about five acres.

The machinery of the mill is of every superior quality, having been imported from Rochester, N. Y. There are two runs of the mill, French Burrs, and an extra patent run of smaller Burrs for chopping feed, &c. The frame work, for strength, &c., cannot be surpassed in Oregon; and the mill in all respects is the best in the State.

For particulars, application should be made to GEO. T. ALLAN, of Champeog, A. MCKINLAY, or to AMORY HOLBROOK, Champeog, Jan. 10, 1860 411 Oregon City.

Sands' Sarsaparilla, For Purifying the Blood, AND FOR THE CURE OF Scrofula, Mercurial Diseases, Rheumatism, Cutaneous Eruptions, Stubborn Sores, Liver complaint, Dyspepsia, Brachitis, Salt Rheum, Lumbago, White Swellings, Hip Disease, Enlargement of the Bones and Joints, Fever Sore, Female Complaints, Rheumatism, Erysipelas, Loss of Appetite, Pimples, Biles, General Debility, &c., &c.

It has long been a most important desideratum in the practice of medicine, or when a remedy similar to it is used, and accordingly we find it resorted to almost universally in all those trending diseases of the skin, erysipelas, and eruptions, and eruptions of the blood. It is a tonic, aperient, and diuretic. It acts simultaneously upon the system, the circulation, and the secretions, and thus those processes, which are ordinarily the result of various different kinds of medicine, are performed at the same time through the instrumentality of this one remedial agent. Its great merit is that it meets and neutralizes the active principle of disease itself, and when that is gone, the symptoms necessarily disappear. The rapidity with which the patient recovers health and strength under this triple influence is surprising.

REMARKABLE CURE.
LINK COUNTY, Oregon Ter.,
March 11, 1855.
Messrs A. B. & D. SANDS, New York:—Gentlemen, In the Spring of 1853, while out on my way from Indiana to this place, one of my legs was seized with a swelling and severe pain in the leg which day by day grew worse, until his leg was so swollen, and became so painful that he could not walk, and we had to carry him about like an infant. We reached Albany on the 30th of October, completely worn out by fatigue. By this time, the swelling had subsided, and he was able to walk, but he was unable to consult a physician (Dr. Hill) who had been consulted he could not cure him, although he could give him medicine that would relieve the pain. In this exigency something must be done, or death was inevitable. Being recommended to try Sarsaparilla, I purchased a bottle, and after taking some, he appeared better; but proceeding with it, I obtained a second bottle, which seemed to gratify with the disease, and caused a marked improvement; the swelling and pain in the leg were reduced, his appetite improved, and his color began to return. Thus encouraged, I purchased a third bottle; while taking it the swelling in his leg broke, and some pieces of bone were extruded of an inch long came out, after which his leg straightened and healed up. He is now perfectly recovered, has no appearance of being a cripple, and can perform most kinds of common labor, as all our neighbors can certify. Yours, respectfully,
CALEB DAVIS.
