

POINTS OF FAITH ON "PUNISHMENT"
HEREAFTER.—The Christian Intelligencer remarks: The different views concerning the future state, held by the Christian Church, may be thus classified, arranging them extensively under eight divisions:
I. The Roman Catholic Church makes three conditions hereafter, namely:
1. Everlasting joy.
2. Everlasting suffering.
3. Temporary sorrow in purgatory.
II. The orthodox Protestant Church makes two conditions hereafter, namely:
1. Infinite and eternal joy.
2. Infinite and eternal suffering.
III. The Old School Universalists make one condition hereafter, namely:
1. Eternal joy.
IV. New School Universalists and Restorationists make two conditions hereafter, namely:
1. Eternal joy.
2. Temporary and finite suffering.
V. Unitarians make an infinite number of conditions hereafter, according to the various characters and moral states of men.
VI. The Swedenborgians make an indefinite but limited number of heavens and hells, suited to the varieties of character, but having a supernatural origin.
VII. The Spiritualists make the other world like this world, with no essential difference, making it a continuation of the natural life.
VIII. The Annihilationists believe the finally impenitent will perish wholly and come to nothing.

DISAPPOINTMENT.—Good reader, if you and I ever reach that Father's house, we will look back and see that the sharp-tongued, rough-visaged teacher, Disappointment, was one of our best guides to bring us thither. He often took us by thorny paths. He often stripped us of our over-load of worldly goods, but that was only to make us travel the freer and the faster on our heavenward way. He often led us into the valley of the death-shadow, but never did the promise read so sweetly to us as when read by the light of faith in that very valley.

A CHARITABLE MAN.—Rev. Mr. Stiggins said: "I am a charitable man, and think every one entitled to his opinion—and never cherish malice against Mr. Mulberry, who has indirectly called me a sinner; but still, if the Lord has a thunder-bolt to spare, I think it would be well bestowed on brother Mulberry's head."

—An editor at St. Paul, Minn., one day last week ornamented his house with a splendid American flag, and the same night his wife presented him with a new powder.

GROWN WISER.—When we fancy that we have grown wiser, it is only, in many instances, that new prejudices have displaced old ones.

—At a recent meeting, a married man, who ought to have known better, proposed "The ladies" as "the beings who divide our sorrows, double our joys, and trouble our expenses."

DR. W. M. HALL'S
BALSAM

CURES all diseases of the LUNGS and throat. For the cure of consumption, decline, asthma, bronchitis, wasting of flesh, night sweats, spitting of blood, whooping cough, difficulty of breathing, colds, coughs, influenza, phthisis, pain in the side, and all diseases of the lungs, it is unequalled!

Hall's Lung Balsam, in all cases, gives the best satisfaction.
Has wrought more cures since its introduction than any other cough medicine.

Is endorsed by our leading physicians as the safest and best remedy now before the public.
Is safe to use among children, yet powerful in cases of chronic pulmonary disease.

Brings in certificates almost daily of its wonderful cures in all parts of the country.
There is no medicine within our knowledge that has acquired so great and wide-spread popularity, in so short a space of time, as DR. HALL'S BALSAM FOR THE LUNGS.

Its balsamic and healing properties are magical. It is highly expectorant and tonic. It contains not a grain of opium or morphia, the antiseptic and astringent properties which have created so much prejudice against similar preparations.

We believe that a medicine possessing real merits will effect cures whenever it is used, at home or abroad. Dr. Hall's Balsam for the Lungs is no paregoric preparation, but one which, if used in reason, will save the lives of thousands.

The most distressing cough is frequently relieved by a single dose, and broken up in a few hours' time. The afflicted do not have to take bottle after bottle before they find whether this remedy will afford relief or not.

Hear what Physicians say of Dr. Hall's Balsam. Says one: "I, with confidence, recommend the Balsam as superior to any preparation." Another says: "I have used it with uniform success, and can confidently recommend it for all those complaints for which it is offered as a remedy." Still another writes: "I have no hesitation in saying that it is a safe, convenient, and efficacious medicine."

Sold by all Druggists.

Roman Eye Balsam,
FOR WEAK & INFLAMED EYES.

THIS BALSAM was used for many years in the private practice of a celebrated Oculist, with remarkable success, for diseases of the Eye and Eyelids.

There are many persons who would rather suffer from pain and disease through life, than resort to try the efficacy of any new discovery all such had better read this, but to all reasonable persons this preparation is recommended as a most safe and effectual cure for inflammation of the Eye and Eyelids, caused either by too close application to minute objects, serafions, hair, exposure to cold, mews, contusion, or irritation from any extraneous body under the eyelids. It is remarkably soothing in its effect, and has cured thousands who would otherwise have lost their sight.

In cases the Eyelids are inflamed, or the ball of the Eye thickly covered with blood, it acts almost like mercury, and removes all appearances of inflammation after two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or diseases that weaken and inflame the Eyes, and perhaps destroy the sight, who, from the nature of their employments, are compelled to work in a cloud of dust and grit. Such should never be without this BALSAM. Remember, "Seeing is Believing."

THESE Drops have been extensively used by thousands whose experience has proved that the Anodyne will give immediate and permanent relief after the failure of every other remedy. It is pleasant to the taste and smell, and a few applications will entirely remove the pain and soreness from a decayed tooth, so that it may be filled and rendered as usual as ever. When the pain proceeds from the gum, or from the gum around a tooth apparently loose, this Anodyne will give speedy relief by rubbing a few drops on the part affected. It has only to become generally known to be as highly appreciated by the Public as it is by Dentists.

PURIFY THE BLOOD,
MOFFAT'S
Vegetable Life Pills

THE high and envied celebrity which these permanent Medicines have acquired for their invincible efficacy in all the diseases which they profess to cure, has rendered the usual practice of purging not only unnecessary, but unwholesome. They are known by their traits, their good works testify for them, and they thrive not by the faith of the credulous.

In all cases of asthma, acute and chronic rheumatism, affections of the bladder and kidneys, bilious fevers and liver complaints, in the south and west, where these diseases prevail, they will be found invaluable. Phlegms, tumors, and other evils, who once use these Medicines, will never afterwards be without them.

Mercutial Diseases.—Never fails to eradicate entirely all the effects of Mercury indifferently administered. The most powerful preparation of Sarsaparilla, Night Sweats, Nervous Debility, Nervous complaints of all kinds, Organic Affections, Painful Urine, Gonorrhoea, &c.

Piles.—The original proprietor of these medicines cured of Piles of 35 years' standing by the use of these Life Medicines alone. WOUNDS of all kinds are effectually expelled by these medicines. Parents will do well to administer them whenever their existence is suspected. Relief will be certain.

The Life Pills and Phlegm Bitters
Purify the blood, and thus remove all dross from the system. A single trial will show the LIFE PILLS and PHLEGM BITTERS beyond the reach of competition in the estimation of every patient. Prepared by

Office of the U. S. Naval Inspector of Provisions and Clothing,
NAVY YARD, N. Y., July 22, 1858.

This is to certify that Joseph Meyer, Practical Chemist, has by the use of his preparations, driven all the rats from Government Store No. 6 of the Inspection, which was infested with those destructive animals, and that I witnessed an extraordinary destruction of cockroaches, by Mr. Meyer; although, when he applied his powder about their places of resort, only a few were seen, and in less than fifteen minutes, the floor of the room was literally covered with them, some already dead, others dying, and I feel assured that by a few applications of his Chemical Powder, (which is certainly very efficacious), Mr. Meyer would entirely rid a house of these obnoxious insects.

It has long been a most important desideratum in the practice of medicine, to obtain a remedy similar to this, and accordingly we find it recorded as a desideratum in all those terminating diseases of the skin so trying to the patient, and injurious to the health. It is a tonic, aperient, and disinfectant. It acts simultaneously upon the stomach, the strictures, and the system, and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time through the instrumentality of one and the same agent. Its great merit is that it meets and neutralizes the active principle of disease itself, and when this is gone, the symptoms necessarily disappear. The remedy with which the patient recovers health and strength, is not this medicine, but the system.

REMARKABLE CURE.

LEWIS CORNELL, Oregon Ter.,
March 11, 1855.

Merist, A. B. & D. SANDE, New York Gentlemen.—In the spring of 1853, while on my way from Indiana to this place, my eldest boy was seized with a swelling and severe pain in the legs which day by day grew worse, until his legs contracted, and became so painful that he could not walk, and we had to carry him about like an infant. We reached Albany on the 31st of October, completely worn out by fatigue. By this time, he was reduced to a perfect skeleton. Here we were enabled to consult a physician (Dr. Hill), who honestly confessed he could not cure him, although he could give him medicine that would relieve the pain. In this exigency something must be done, or death was inevitable. Being recommended to try your Sarsaparilla, I procured a bottle. After taking some, he appeared worse; but persevering with it, I obtained a second bottle, which secured to grapple with the disease, and caused a marked improvement: the swelling and pain in the legs were reduced, his appetite improved, and his color began to return. Thus encouraged, I purchased a third bottle; while taking it, the swellings in his legs broke, and some press of bone one eighth of an inch long came out, after which his legs straightened and healed up. He is now perfectly recovered, has no appearance of a cripple, and can perform most kinds of common labor, as all our neighbors can testify. Yours, respectfully,
