

—The astronomers of Germany intend to meet at Dresden on Aug. 20 and 21, to discuss the distribution of observations of the stars—fixed, nebulous, and variable; also an arrangement for observing and calculating in a systematic manner, for the future, the movements, etc., of planets and comets.

—Some graceless scamp has presumed to say that "it is woman, and not her wrongs, that should be re-dressed." That fellow ought to suffer the torment of being invited out to tea, or to a sewing circle.

—A gentleman, who lately visited Washington, informs the Pittsburgh Gazette that, in conversation with President Lincoln, the latter remarked: "I hate Abolitionists as much as you do. I hold them in utter contempt."

—Hon. Owen Lovejoy has been appointed Colonel of Infantry, and assigned upon the staff of Maj.-Gen. Fremont.

—Good men have the fewest fears; he has but one who fears to do wrong; he has a thousand who has overcome one.

—Moult wives formerly took a stitch in time, but now by the help of a Sewing Machine they take one in no time.
