

BEAUREGARD FRANTIC.

Halleck has converted the evacuation of Corinth into a regular Waterloo rout. The army of Corinthians, like most of the other rebel armies, had no other means of transportation than the railroad in the rear afforded. This Halleck's cavalry succeeded in cutting at Booneville, at the same time destroying a large portion of the rolling stock. General Pope, who has a genius for bagging the rebels, was then sent in pursuit, at the head of the late army of the Mississippi forty thousand strong—some ten thousand prisoners and fifteen thousand stand of arms are the results of his rapid and skillful operations. The remainder of Beauregard's army has scattered in all directions, throwing away their arms and endeavoring to escape as best they can. The telegraph reports that when Beauregard heard of the cutting of the railroad he "became frantic," and raised the cry of the panic-stricken French at Waterloo: *Sauve qui peut!* And his demoralized men seem to have obeyed this last order with wonderful alacrity. Thousands of the Corinthians are straggling through the wilds of Mississippi on foot, dependent upon the people for the means of sustaining life. It may be fairly inferred that those who can get to their homes will go thither with all possible speed, and carry with them wild tales of their deed of desperate valor—how they whipped Lincoln's henchmen at Shiloh, but how the henchmen aforesaid, being reinforced to the extent of a half million of men, are moving down upon devoted Mississippi, with Halleck at their head, prepared to burn, slay, hang and desolate like a horde of savages as they are.—*Sac. Union.*

ADDITIONAL NEWS.

Washington, June 2d.—Bouligay, member of Congress from New Orleans, visited the House to-day, and was received with much warmth by the members.

From Tennessee we learn that the steady development of the Union feeling in that State is cheering. Governor Neil S. Brown, a prominent rebel and member of the Military Board, addressed a Union meeting at Columbia a few days since, and said the rebellion was played out, Tennessee was lost to the Confederacy, and all the people ought to go for the Union.

The bill recognizing Hayti and Liberia passed the House yesterday—86 to 37.

The bill for the punishment of polygamy imposes a penalty of five hundred dollars and imprisonment for not less than five years.

Nashville, June 4th.—A train from Columbia brought this evening 1,600 Federal prisoners of Gen. Prentiss' division, taken at the battle of Pittsburg Landing. They were paroled in consequence of the rebels being unable to feed them. They report there is universal discontent among the rebel soldiers, who are anxious to go home—Four hundred more prisoners will arrive to-morrow. The speech of ex-Governor Brown at Columbia is exerting a powerful influence on hundreds who have been led into Secession.

The bombardment of Fort Wright was again commenced on the morning of the 3d, and continued all day.

A party of guerrillas came down from Hickman (Ky.), and gave themselves up, and said they were tired of serving Jeff Davis, and anxious to return allegiance to the Federal Government.

After the evacuation of Corinth, several regiments from Mississippi disbanded and went home.

Vicksburg is not yet in our possession. A meeting of the citizens of Memphis was held, which resolved that the city should never be surrendered. [This means unless a Federal force should appear.]

Gen. Wool now commands at Baltimore, and Gen. Dix at Ft. Monroe.

Providence, R. I., May 29.—Governor Sprague was elected United States Senator, yesterday, by a majority of 81.

The secesh organ at Portland, in a late issue takes occasion to give one of Uncle Sam's Oregon Volunteers who voted the secesh ticket an approving pat on the back.

Like the man, or more properly speaking the *thing*—who while employed in one of the National arsenals was detected filling the shells with sand—this fellow in the Nation's service, seeks to fill the National Councils with traitors and rebel sympathizers. If he ever gets half a chance—he will doubtless be *proud* to imitate the example of Arnold.

Look out for him Union soldiers, if you come on a battle field, that this thing does not act out its instincts not only by deserting you but by striking a treacherous blow at the Union through your hearts.

We are not surprised that the sympathizer applauds his course—but praise from such a source—to such an object—is equally disgraceful to both.

POWDER RIVER MINES.—Mr. W. F.

West of Marion County, just from Powder River, informs us that these mines are beginning to turn out well. Kirkpatrick's claim (Blue Canyon,) in eight days had yielded near \$900. The snow is going off and many are engaged in prospecting. It requires hard work, and a good deal of it to get the gold. There are about 500 men in these mines, and more going in while but few are coming out.

KILLED.—We learn from Mr. West that a difficulty occurred on Union Flat, Powder River, on the 25th of May, between James Waller and James Griffin, in which the latter was stabbed with a knife in the hand of Waller. Griffin lived 36 hours after. The parties were lying on the grass together, when a dispute arose, on some trivial question, and Griffin laid his hand upon Waller saying Don't dispute my word, when Waller turned suddenly and snatching a knife from the hand of one of the party, plunged it into the body of Griffin, causing his death as above stated.

Waller was brought to the Dalles and committed to jail.

BORN.—On Friday, May 30, at Astoria, a daughter, of Mrs. W. L. Adams—babe named CLAREILLE MAY.

We learn that a letter has been received in this place from Lieut. Apperson, of the company of volunteers from this county, (now east of the mountains,) which states that two of the members of the company had a difficulty, in which one, Clark, was shot in the shoulder by the other, Robinson. The latter fled to the mountains, but was pursued, and on his resisting he was shot twice before he was captured, one of the shots killing his horse. It is thought Robinson cannot survive.

PICTURES.—To those wishing likenesses of themselves or friends, we would say that Mr. Joseph Buchtel will be in town next Monday, and will take pictures in the latest and best style. He will remain here one week, and no longer. Rooms over Milwain's.

The Yamhill broke a shaft again on Thursday, coming from Dayton.

JOSEPH YOUNG'S TO FOSTER'S.

New Ferry,

Buckeye Mower.

Farmers, buy the best machine!

THE BUCKEYE

Has proved itself to be the

BEST MOWER & REAPER COMBINED,

Yet brought into use.

IT has the following advantages over other

Machines: It has two driving wheels which support the whole weight of the frame, gearing, driver and Baker. It has a double-hinged finger bar belonging exclusively to the Buckeye Mower, which conforms to all varieties of surface and can be easily raised to pass obstructions. It is entirely free from sole draft—the draught is lighter than ordinary plowing.

As a REAPER, it has all the advantages of the Mower. The Reed is attached with a flexible joint, which allows it to follow all the movements of the Platform on uneven ground. The Platform is readily adjusted to any required height of cut.

The weight of Baker is directly over the axle of the machine, instead of being carried on the platform where it adds greatly to the side draft. It has many other improvements over the old style Mowers and Reapers. We have also the

Celebrated Improved

ESTERLY MOWER AND REAPER;

The Kentucky Harvester,

(a combined reaper and mower)

The Ketchum Mower & Reaper;

—ALSO—

The Sweepstakes Thrasher,

Manufactured by C. Atkinson & Co., Canton, Ohio, which we guarantee superior to any thrasher in the market.

Also, a full assortment of Agricultural Implements. Farmers, give us a call, or send for catalogues. HAWLEY & CO.,

Corner of California and Battery streets, San Francisco.

Any of the above mentioned machines can be purchased of me at Oregon City, where I will take pleasure in showing and giving any information persons may desire respecting them.
