☞ A statistical correspondent of the Savannah (Ga.) *Republican* puts forth a series of startling calculations, going to show that the Southern army and the Southern people are alike in peril of starvation. He declares that if the whisky distilleries that are springing up everywhere are not prohibited, the rebel army will have to be disbanded for want of provisions in less than eight months. It requires 36,500,000 bushels of grain and 182,500,000 pounds of bacon to supply the army alone for one year. Independent of this there is a population of about eight millions to sustain. In addition to the danger of starvation arising from a multiplication of distilleries, the writer says the negroes will be led into dissipation and consequent insurrection

☞ A Washington letter of the 21 of December, contains this notice of Messrs Harding and McBride:

Senator Harding, elected by a Union Legislature to fill the vacancy made by the death of the gifted Baker, succeeds Stark, Secesh, who was appointed by Gov. Whiteaker of Oregon. The new Senator is a plain looking and plain speaking man, who has an honest, intelligent face, and will probably prove a useful Senator, if not anything more brilliant. John R. M'Bride, member elect from Oregon to the next Congress, is here to study legislation, see the sights, and like a sensible man, fit himself for the duties of the next session of Congress.

☞ Perhaps the most distinguished foreigner in our service is Baron Steinwehr, a brigadier general in Sigel's corps. The Great Frederick of Prussia stood godfather to his father, and the latter was commander-in-chief of the Prussian army, as was also his grandfather. He, with all his uncles and brothers, was trained to the military profession, and is otherwise educated and accomplished to a degree unusual in this country. He is besides an earnest Christian and a Protestant, and perfectly modest and unassuming. A finished scholar, soldier and gentleman, and a Christian. We know that his management of his brigade has been fine. And his whole heart is in the work.

SCIENTIFIC AMERICAN.

*The Best Mechanical Paper in the World.*

EIGHTEENTH YEAR.

VOLUME VIII.—NEW SERIES.

A NEW VOLUME of this popular journal commences on the first of January. It is published WEEKLY, and every number contains sixteen pages of useful information, and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

*To the Mechanic and Manufacturer.*

No person engaged in any of the mechanical or manufacturing pursuits should think of "doing without" the SCIENTIFIC AMERICAN. It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which can not be found in any other publication.

*To the Inventor.*

The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains an official list of the claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

A pamphlet of instructions as to the best mode of obtaining Letters Patent in new inventions, is furnished free on application.

Messrs. MUNN & Co. have acted as Patent Solicitors for more than seventeen years, in connection with the publication of the SCIENTIFIC AMERICAN, and they refer to 20,000 patentees for whom they have done business.

No charge is made for examining sketches and models of new inventions and for advising inventors as to their patentability.

*Chemists, Architects, Millwrights, and Farmers.*

The Scientific American will be found a most useful journal to them. All the new discoveries in the science of chemistry are given in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill-owners will be found in the Scientific American, which information they can not possibly obtain from any other source. Subjects in which farmers are interested will be found discussed in the Scientific American; most of the improvements in agricultural implements being illustrated in its columns.

TERMS.—To mail subscribers Three Dollars a year, or One Dollar for four months. The volumes commence on the first of January and July. Specimen copies will be sent gratis to any part of the country. MUNN & CO.,

HARPER'S

*PICTORIAL HISTORY*

OF

**THE GREAT REBELLION**

*In the United States.*

WILL shortly be issued in Numbers, a complete History of the Great Rebellion in the United States. The work has been for many months in course of preparation by a writer every way qualified for the task.

The Introduction will contain a clear and succinct account of the Formation of the Confederacy of the States; the Formation and Adoption of the Constitution of the United States, and the Establishment of the National Government; the origin, development, and progress of the doctrines of Nullification and Secession, and the various phases which they assumed until their final culmination in the Great Rebellion.

The History will comprise a full account, drawn from the most authentic sources, of all the Events of the War; the intrigues of the Southern leaders at home and abroad; the gradual defection of one section; the great Uprising of the People for the maintenance of the National Life and Existence; the rapid creation of an immense Army and Navy; and the Battles by Land and Sea.

The Illustrations will comprise Portraits of all those who have borne a prominent part in the struggle; Maps of the different localities; Plans of the leading actions; Views of every scene of interest, and of the most important Battles.—These illustrations are mostly from drawings taken on the spot by artists deputed for that purpose to accompany every division of our Army and Navy.

Every facility at the command of the Publishers has been employed in the preparation and execution of this work; and they confidently believe that it will form the most reliable and valuable history which can be prepared of the Great Struggle for the American Union.

MODE AND TERMS OF PUBLICATION.

The work will be issued in Numbers, each consisting of 24 pages of the size of "Harpers' Weekly," printed from clear type, upon fine paper, and will probably be completed in about Twenty Numbers.

The Numbers will be issued at intervals of about three weeks.

The price for each Number, which will contain matter equivalent to an ordinary volume, will be fifty cents.

To Canvassers, and Periodical Agents and News Dealers, liberal discounts will be made from the retail price.

PROCLAMATION BY THE GOVERNOR.

EXECUTIVE OFFICE, PORTLAND, OREGON, January 6, 1863.

By the President of the United States through Brigadier General George Wright, commanding the Department of the Pacific, and Brigadier General Benjamin Alvord, commanding the District of Oregon, I have been requested to raise an additional company, required to complete the 1st Regiment of Cavalry, Oregon Volunteers.—They will be needed the coming Spring on the frontiers of the State and Washington Territory, and for expedition against the Snake Indians, who have so long been successfully engaged in robbing emigrants and murdering our fellow citizens. I cannot doubt that the citizens of Oregon, who have always responded to any demand for their military services, will in like manner respond to this call, thereby showing their loyalty to the Government, and aiding in chastising marauding bands of Indians which infest our frontiers.

The mounted men, when mounted, will be supplied with horses by the United States, it being understood that they will be accepted or not, as shall be deemed advisable by the Government.

Persons wishing to raise a whole company, which will furnish their own horses and horse equipments, may be entertained. The men are in such case entitled to forty cents a day for the use and risk of their horses and horse equipments.

Each company will consist of one hundred enlisted men, and when mustered into the service of the United States to serve for three years, unless sooner discharged.

Recruiting offices will be immediately opened at Portland, Butte City, and perhaps at other places.

By the Governor,

ADDISON C. GIBBS.

CYRUS A. REED, Adjutant General

**LIVER INVIGORATOR**

*Never Debilitates.*

It is compounded entirely from GUMS, and has become an established fact, a standard medicine, known and approved by all that have used it, and is now resorted to with confidence in all the diseases for which it is recommended.

It has cured thousands within the last two years who had given up all hopes of relief, as the numerous unsolicited certificates in my possession show.

The dose must be adapted to the temperament of the individual taking it, and used in such quantities as to act gently on the bowels.

Let the dictates of your judgment guide you in the use of the Liver Invigorator, and it will cure Liver complaint, billious attacks, dyspepsia, chronic diarrhœa, summer complaints, dysentery, dropsy, sour stomach, habitual costiveness, cholic, cholera, cholera morbus, cholera infantum, flatulency, jaundice, female weakness and may be used successfully as an ordinary family medicine. It will cure sick headache (as thousands can testify) in twenty minutes, if two or three teaspoonfuls are taken at commencement of attack. All who use it are giving their testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

☞ Price, $1 per bottle.

*FAMILY CATHARTIC PILLS,*

COMPOUNDED FROM

*Pure Vegetable Extracts,*

Put in glass cases, air tight, and will keep in any climate.

The Family Cathartic Pill is a gentle but active cathartic, which the proprietor has used in his practice more than twenty years.

The constantly increasing demand from those who have long used the Pills, and the satisfaction which all express in regard to their use, has induced me to place them within the reach of all.

The profession well know that different cathartics act on different portions of the bowels.

The Family Cathartic Pill has, with due reference to this well established fact, been compounded from a variety of the purest vegetable extracts, which act alike on every part of the alimentary canal, and are good and safe in all cases where a cathartic is needed, such as derangements of the stomach, sleeplessness, pains in the back and loins, costiveness, pains and soreness over the whole body, from sudden cold, which frequently, if neglected, end in a long course of fever, loss of appetite, a creeping sensation of cold over the body, restlessness, headache, or weight in the head, all inflammatory diseases, worms in children or adults, rheumatism, a great purifier of the blood, and many diseases to which flesh is heir too numerous to mention in this advertisement.—Dose, 1 to 3.

PRICE, THREE DIMES.

The Liver Invigorator and Family Cathartic Pills are sold by Druggists everywhere, and by
