

SECESSION GALAXY.—It is said that the family name of Pryor's ancestors was Liar, and that the name was changed to Pryor for the sake of removing a fancied reproach connected with the old name among the chivalry. It ought never to have been changed, but Liar ought to have figured in that galaxy of secession leaders, illustrious only in their deeds of infamy. The secession galaxy would then have stood—Bragg, Cheatham, Leitch, Liar, and Toombs—the first four names, representing the character of the beast of treason, and the last one, its destiny. No more appropriate names could be found to head the rebellion, and own such things as Northern dogfaces, than Toombs, Bragg, Cheatham, Leitch, and Liar. They are all names that are suggestive of what McTeeny's patient calls the "greatest conservative principles of the New York democracy."

OUR.—We are sorry that we cannot supply back numbers of the *Argus* as such as wish. So many of our new subscribers have been ordering back numbers that we have actually encroached upon our regular file. If our friends will put the *Argus* in every voter's hands in the State, they need not fear to trust the people to go right.—With the *Argus* in his hands, there is seldom a man, however ignorant, that will not be able to detect the falsehoods and meanness of the secession press, though he takes all the rebel sheets in Oregon.

INDIA COTTON.—The London News says that there are now on the way to England from India, 194,000 bales of cotton. Last year at this time there were only 89,000. The war here has stimulated the cultivation of cotton in India and other places, till it will not be long before all the supplies in the world will be kept whirling, even though the cotton States should all turn their attention to making whiskey to buy Northern votes with.

And be it further enacted, That from and after the first day of July next the compensation of Registers and Receivers in all the Land Offices in the United States shall be an annual salary of five hundred dollars to each, with the fees and commissions now prescribed by law and to be paid by claimants, an additional fee in donation cases of five dollars for each final certificate for one hundred and sixty acres, ten dollars for three hundred and twenty acres, and fifteen dollars for six hundred and forty acres."

We shall then pass to other townships, and in this order call on all the Donation Claimants in our district.

Persons who live at a distance from this Office can take the oath before a Justice, having the Clerk of the proper county certify that the Justice was authorized at the time to administer oaths.

HEMISTREETS Inimitable Hair Restorative. IT IS NOT A DYE. Restores gray hair to its original color, by supplying the capillary tubes with natural emulsion, impaired by age or disease. All instantaneous dyes are composed of lye and caustic, destroying the vitality and beauty of the hair, and afford themselves no dressing. Hemistreet's Inimitable Coloring not only restores hair to its natural color by an easy process, but gives the hair a Luxuriant Beauty, promotes its growth, prevents its falling off, eradicates dandruff, and imparts health and pleasantness to the head. It has stood the test of time, being the original Hair Coloring, and is constantly increasing in favor. Used by both gentlemen and ladies. It could by all respectable dealers, or can be procured by them of D. S. BARBER, Proprietor, New York, 50 and 52 Ave. Portland, Agents. Twelve, 50 cents and \$1. 1863.

Every housekeeper experiences how difficult it is to make good bread, and we therefore take pleasure in calling attention to the fact that to insure infinitely light, sweet, and uniform bread, it is only necessary to use REDINGTON & CO'S YEAST POWDER.
