

NEW YEAR.

"Hear, oh, hear, we hear the din Of the last of many a cancelled year."

The dim old year has passed away, a new one takes its place. While musing upon the swift succession of fleeting anniversaries fraught with the accumulated wisdom of the past, we are forcibly reminded of a beautiful expression from the eminent Dr. Watts: "Whatever of good the old time had is living still."

Though the terrific blight of a devastating war is upon us, we must the more firmly fix our gaze on the true pole-star of all just and magnanimous government. We may review the past, and weigh the future in the scales of analogy, we may philosophize, and theorize, and discover what seems to be the correct course of government, but after all the destiny of nations is in the hands of the Omnipotent, and now at the ushering in of this new year let us bring our country's cause before the King of Kings, and invoke his blessing that we may prosper.

Last night Dr. C. H. DeWolfe delivered the first of a course of Free Lectures in this place. It was excellent, and well attended. His Lectures will be on each successive evening of this week except this evening.

The damage to Sacramento, by the late flood, is supposed to be a million and a half of dollars.

The Oregon Reformer.—The Company at Salem and one at Jacksonville have been mustered into service; it is thought that three more companies may be raised south of the mountain.

We have had snow the last two days, about six inches in depth, it is gradually melting off.

LIKENESS OF COL. BAKER.—We are indebted to Mr. F. C. Snow, San Francisco, for a lithographic likeness of the late Senator Baker, published by Mr. Snow. It is copied from an oil painting, and is the only good likeness we have seen of the deceased Senator.

Read Wheeler and Wilson's advertisement in today's paper. For particulars and prices apply at this office.

Many of our horticulturists have come in too late for this issue.

The Supreme Court is now in session at Salem, Judges Wait, Poise and Stratton being present.

The late flood has wrought much damage from Portland to Sacramento; destroying bridges, ferries, and all kinds of property.

It is reported that the mud and gravel were left eight feet deep in the streets of Jacksonville.

Our old friend M. Rosenblatt, is again in town with a new stock of goods. Give him a call.

Mr. A. S. McClure, a pioneer merchant of this place, has moved into his new building; he will fit out purchasers to suit the hard times.

F. DUDLEY, bookseller of this place, has laid on our table "Bancroft's Hand-Book Almanac for the Pacific States for 1862." It is an excellent compend of facts.

Wm. P. Gardner from this place, writing from Oro Fino, Dec. 16th, says the snow has been two feet deep, and was then sixteen inches deep. But little mining being done there on account of bad weather.

PROF. CORNELIUS' High School will be reopened next Monday Jan. 6th.

The steamer Relief, Captain J. W. Cochran, arrived here last Saturday. On Sunday she made the pioneer trip to Springfield. Many of our townsfolk went up on board. She ran from Springfield down to Eugene in twenty six minutes, a distance of five miles. She carried about 13 tons freight from the former place, and 17 tons from here.

The Julia brought down about \$40,000 in dust the 23rd, \$15,000 of it per Tracy & Co. Snow fifteen inches deep at the Cavendes, and ten inches at the Dalles—Times.

We are indebted to Messrs H. Ellsworth and McClure for news.

The authorities of France are very much concerned in the suppression of certain usurpations of privilege by religious societies.

NEW BUILDING.

BETTER FACILITIES, AND MORE ACCOMMODATIONS.

I would announce to the people of the Upper Willamette that I have moved into my new building on the corner of Oak and Ninth Streets, in front of the Court House, where I will be found ready and willing to meet all my old friends and patrons and a fair proportion of new ones. The Medical and Surgical Institute of Dr. L. J. CZAPKAY

is already secured in a position which places it, as well as its rector, far above the assaults of envy and professional malice. In the schools of France, the highest prizes are often awarded to practitioners in this department of medical science, and they occupy with others an equally lofty position in the profession. Record is a most illustrious example, a shining light among the philosophical stars of his age in Europe, and Dr. Czapka has fully equalled him in this country, as a proof of which the Philadelphia College of Medicine complimented him with a Diploma, and the honorary of *docteur en science*. Selecting this as his field of operation, although qualified as a graduate of the University of Pesth, and late Chief Surgeon of the Hungarian Revolutionary Army, for more extended labors, Dr. L. J. Czapka has bent his earnest attention to the care of chronic and private diseases, in which he has become so great an expert that it is now regarded as the center in this branch of his profession throughout the United States, and his portrait and biography are published as matter of interest to their readers in the most exclusive journals. The Doctor's offices are at his Medical and Surgical Institute, on Sacramento street, corner of Leidesdorff, nearly opposite the buildings of the Pacific Mail Steamship Company.

We ask particular attention of our readers to the sworn certificates of remarkable cures, in another column of this paper.

Persons not wishing to lose time in corresponding, please inclose \$10 in their letters, and they will get immediate attention. Address L. J. CZAPKAY, M. D. Jew 3m San Francisco, Cal.

HALL'S SARSAPARILLA, YELLOW DOCK, AND IODINE OF POTASS, is prepared from the finest raw Jamaica Sarsaparilla and English Iodide of Potass—admirable as a restorative and purifier of the blood, it cleanses the system of all morbid and impure matter, removes pimples, boils, and eruptions from the skin, cures rheumatism and pains of all kinds. All who can afford should use it, as it tends to give them strength and prolong life. Sold by druggists generally at 25¢ per bottle. R. HALL & CO., Proprietors, Wholesale Druggists, 145 and 147 Clay street, my5-6m Below Montgomery, San Francisco.

SANDS' SARSAPARILLA—Remember this is the original and only genuine article. In this preparation we have all the restorative properties of the root, concentrated in their utmost strength; but while Sarsaparilla forms an important part of its combination, it is, at the same time compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation that its remarkable success in the cure of disease depends. Accordingly we find it resorted to almost universally in cases of Scrofula, Liver Diseases, Salt Rheum, General Debility, etc. Other preparations imitate it in the style of putting up, and in bearing the name of one of its ingredients, and here ends their resemblance to it. Those seeking a remedy like this are requested to note this, and ask for "Sands' Sarsaparilla," and take no other. For sale by Redington & Co., and H. Johnson & Co., San Francisco; Smith & Davis, Portland; and Wm. Walker, Eugene City. Read the advertisement in another column. jay5-ff

Freeman & Simpson's

OLD MAGNOLIA WHISKEY.

THE undersigned is receiving this standard brand of fine Whiskey, direct from Messrs. Freeman & Simpson, Proprietors of the Phoenix Distillery, Schuykill River, and offers it for sale in barrels and half barrels, in lots to suit. The genuine.

OLD MAGNOLIA WHISKEY

Has Freeman & Simpson's name in full on each package, and also a card attached with a lithographed engraving of their Distillery.

As a matter of interest to the trade and public, in showing the immense capital employed and the extent of the manufacture of

Freeman & Simpson's Old Magnolia Whiskey, the following comparative table is appended, taken from a work entitled "Philadelphia and its Manufactures": "The center of the Whiskey manufacture is probably Cincinnati, Ohio; for we notice that in 1856 there were distilled in that city and vicinity, 13,254,245 gallons of proof Whiskey, consuming, if we allow one bushel of corn to every three gallons of spirits, 6,529,082 bushels corn. In Philadelphia there are but five concerns engaged in distilling Whiskey, from rye, corn, etc. They have a capital employed of nearly \$200,000, and in 1857 produced 2,100,000 gallons. The Distillery of Freeman & Simpson, on the Schuykill River, having a capacity of

400 barrels per week of fine Whiskey alone, is one of the largest and most complete in the country for the distillation of fine Whiskey, to which they concentrate their efforts almost exclusively.

Sands' Sarsaparilla,

FOR THE REMOVAL AND CURE OF

All Diseases arising from an Impure State of the Blood or Habit of the System.

IN this preparation are strongly concentrated all the medicinal properties of Sarsaparilla, combined with the most effectual aids, the most salutary preparations, the most pure simples of the vegetable kingdom; and the combination is such that one modifies and improves the other, producing a compound differing entirely in its character and properties from any other preparation, and unrivaled in its operation on the system when laboring under disease. It has been so fully tested, not only by patients themselves, but also by physicians, that it is now regarded as a standard recommendation and the approbation of the public; and has established on its own merits a reputation for value and efficacy far superior to the various compounds bearing the name of Sarsaparilla.

FROM THE ARMY. MESSRS. A. B. & D. SANDS—Gentlemen: I beg leave to add my testimony in favor of your invaluable medicine, hoping it may lead some other unfortunate beings to try its effect, and that they may be benefited as I have been. I arrived here by the overland route, about the first of October last. A few days after I was attacked with a very disagreeable eruption of the skin, which my physician could not cure. I happened to find your Sarsaparilla in a store in this place, and remembering the popularity of the medicine at home, I purchased three bottles, which had the desired effect of removing my difficulty entirely.

With high regards, yours, etc. J. H. MILLEB, Lieut. U. S. A.

TURNER'S

FOREST WINE BITTERS. The Greatest Remedy of the Age, FOR THE CURE OF

Dyspepsia, Liver Complaint, Weakness of Stomach, Or any Derangement of the Digestive Organs.

THEY regulate and prepare the stomach to receive and digest food in a healthy manner, giving action to the Liver, by removing the secreted bile, allowing the body its natural strength. It is very essential for persons of every age and condition in life, to be careful and keep their Digestive Organs in good order. By doing this, they will be proof against any, or all of the prevailing diseases, incident to the different climates, no matter what the temperature of the same. These Bitters are sure to do this in every case, if taken according to directions.

There are thousands of small arteries and veins in the human frame, leading to and depending upon, the gastric juices produced by the stomach for the support of the entire body. If the stomach is diseased, surely it cannot do its work. Consequently the body must be fed from unprepared and unnatural saliva, sowing corruption throughout the whole system. But if the stomach is kept in order, the created saliva goes to enrich the blood, giving a natural freshness to the countenance, and strengthening the whole frame.

We desire any and every person using the Bitters to show them to and ask the opinion of their confidential family physician, in regard to the merits of the article.

TURNER'S FOREST WINE BITTERS

Are sure to regulate the stomach, the main avenue to the whole body; Are sure to counteract Biliousness, when in a malarious climate; Are sure to agree with the most weakly, as well as the most robust person; Are sure to create a good appetite; Are pleasant as a beverage; Are economical and cheap; All travelers should carry these Bitters with them, to prevent Biliousness and Fevers, caused by changes of water and climate.

Seamen should carry them to prevent Scoury, Ship Fever and the like when they are deprived of fresh vegetables.

All persons of sedentary habits, who cannot rest at night, should take them before going to bed, as a foet and disordered stomach always produces a nervous irritation of the muscular glands, causing sleepless nights. They assist the stomach to perform its natural powers, allowing the patient to rest with composure. They are a very rich and nutritive wine, formed by the addition of nine different kinds of roots, bark and herbs, making a very palatable as well as one of the most nourishing Bitters in the world.

None has ever been any article introduced that has gained such universal confidence, and been so highly applauded by the public, as these Bitters. They have been in use about six years, and the sale has increased so much that it now takes three large buildings, covering over nine lots of ground, to do their business.

For the better protection of the public (after this date, April 15th), we have for a label, a splendid and very expensive Steel Engraving, with the portrait of each member of our firm, making a perfect guarantee against counterfeits or imitations of the genuine article.

N. B.—Hereafter our FOREST WINE BITTERS will be manufactured from White Wine, which makes a decided improvement, unequalled by any other Bitters in the United States. Sold wholesale, by

TURNER BROTHERS, Corner Washington and Franklin streets, New York; Niagara street, Buffalo, N. Y.; corner Broadway and Front streets, San Francisco, Cal.; and for sale by Merchants and Druggists everywhere. jyl-3m

We have already obtained claims for the attorney and client had both given up in despair.
