All who are interested seem to be well satisfied with the services of the teacher, and the school promises fair to be one of the most useful and successful that Eugene has ever had.

For publication:

PHILADELPHIA, January 17th, 1862.

To the Editors of the Pacific Medical Journal—Gentlemen: My attention has been called to an article in the December number of your journal, in regard to the ad enendum degree granted by the Philadelphia College of Medicine to Dr. L. J. Czapkay. When the application for the degree was made to the Faculty, it was accompanied by affidavits and testimonials to the effect that Dr. Czapkay was a regular graduate M. D. of the University of Pesth, had served as a surgeon in the Hungarian army, and was a regular practitioner of medicine. On the strength of these the degrees were granted. The ad encondum degree, as its name implies, is conferred on graduates only, and gives us new privileges. Had there been the slightest suspicion of irregularity, the application would have been refused. By inserting this in your journal you will do an act of jus tice to the college, and confer a favor on,

Yours, very respectfully, H. RAND,
Dsan of the Faculty of the Phila. College of Medicine.

TURNERS' ESSENCE

The worst cases of Gonomium are relically cured by two or three bottles. Slight cases in two or three days. This preparation will do what no other remedy can, or has been known to do, viz: Cure every case, no matter how complicated. Thousands can testify to this fact, who had, previous to using Dr. Allerton's Antidote and Rese Injection, expended hundreds of dollars on worthless nostrains and humbing doctors.

TRY TRIS REMEDY! Two or three dusces is sufficient to convince you of its superior medicinal virtues. The only restriction while using the Antidote is to avoid all Spirits and Beer, or Ale. Be sure to ask for Dr. FRANK ALFATON'S Antidote and Rose Injection. Take it according to directions on the bottle and it will care you.

Sold by all regular Draggists and Dealers in California, Oregon and British Columbia.

Price for Antidote, \$1.30; Rose Injection, \$1.05. Three bottles is nearly always sufficient to perform a radical cure, leaving no traces of the malady in the system, which can not be truthfally said of any other known preparation.

CLONER'S DELTA EYE OPENER.

A healthy, pure, invigorating American Drink, peculiarly adapted for a Southern or Tropical Climate, and strongly recomended as a family stimulant, by the most eminent Medical Men in the

United States and Enrope.

The Propeinter of this truly celebrated beverage, in his long experience as one of the largest Importers of first-class Wines and Liquors in the city of New York, has long felt the want that existed in every family, of a Tonic, which could be used with benefit, by every household, from the child to the adult, and in compounding this beverage, his aim has been to use only the purest material, with the most recherche flavoring, thereby fully established the fact, that a vast degree of benefit accrues from the use of this stimulant, in comparison with the vile compounds so extensively manufactured and foisted on the public, under the endorsement of a paid analytical certificate.

In the Atlantic States, this truly National Drink supersedes the use of all others ever introduced to the American public, in addition to which it is now extensively used in Europe. The Kings of Belgium and Sardinia have both ordered supplies, from samples sent direct to our Consuls, as has also the clize of the French Court, as well as the highest circles in London, Liverpool and Antwerp; in fact, it is adapted to all climates and classes, but more particularly arrest any disease, incidental to a hot climate, while he guarantees that the regular use thereof will effectually prevent any of these symptoms, habitoul in a trip to or a residence in the Santh.

The entire press of New York, from actual experience, attust to the value of this delicious Family Invigorator.
