The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news items, crude apeculations, and flying rumors of the daily journal, and the ponderous tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well-established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

#### NATIONAL REPUBLICAN.

WASHINGTON, D. C., July 1, 1861.

Washington, D. C., July 1, 1861.

The undersigned commenced, in the month of December last, the publication, in this city, of a weekly newspaper, called the National Republican.

It is printed on a large sheet, twenty-seven by forty-two inches, and is furnished at the low prices stated below.

It will contain all the original matter of the daily National Republican, with the exception of local news not interesting to country subsciibers. It will give full reports of the national Government. It will contain all the news of the national Government. It will contain all the news of the day, foreign and domestic, markets, etc., as well as original correspondence from all parts of the country. The miscellaneous department will receive special attention and, in all respects, the effort will be made to establish the character of the National Republican as a Family Newspaper. Washington being now the central point of the carrent military operations, great attention will be paid to farnishing the readers of the National Republican with full, and especially with accurate, accounts of the progress of the war for the Union.

In politics, the paper will be Ropublican, sustaining the Administration of Mr. Lincoln, but disclaiming, however, any pretention to be the organ of the President. There is no Republican paper in the District of Columbia, or in the vicinity of it, and it is believed that recent events have opened to such a paper an important sphere of useful effort. The time has come, when the actual administration of the Government upon Republican principles will explode the misrepresentations which have made those principles so distasteful to the South. But it is not only here, and in this vicinity, that the projectors of the National Republican and the max of TARD, DUPUY & Cordials and Wine Administration of the Government upon Republican principles will explode the misrepresentations which have made those principles so distasteful to the South. But it is not only here, and in the projectors of the National Republica

chine Castings: all kinds of Repairing done; every des-cription of Brass Work; Sash Weights of all sizes, to order; Crates and Fen ders, for Marble Muntles.

Among the leading articles are TUSTIN'S CALIFORNIA COMBINED REAPER AND MOWER, which cuts six

possesses many advantages over those made in the States.
This Machine took the First Premium at the Sacramento

Knives, moved by the same crank; thereby causing twice
the velocity of the knives, over that given by any other
machine, and preventing the possibility of choking, no
matter how slow the team may travel.

Attention is particularly called to the RAKING DEVICE, which will rake off the grain more regularly and
ovenly than can possibly be done by hand, thus saving the
purchaser the neat sum of \$2.50 per day. The Machine is
very light and durable.

CALIFORNIA FIRE AND BURGLAR-PROOF SAFES.

very light and durable.

CALIFORNIA FIRE AND BURGLAR-PROOF SAFES, which have been tested at various times and found to be superior to any imported. They are warranted to be Fire-proof, and entirely free from sweating or dampness, which is the great complaint of the imported safes, as they gather moisture on their passage. Our Wrought and Chillediron Safe, with Steel Vaults, and Combination Locks, is unsurpassed by any.

All orders promptly attended to. And in conclusion I will add, that all the above lists of goods are made of the very best material that the country will afford. And while I feel thankful for all past favors, I trust I may meet with good encouragement in the future. Every article that I import is of the very best style and improved goods in the market, and can be sold as cheap as the cheapest. All persons in want of any of the above goods, will please send in their orders in time, to

To the Afflicted.

DR. L. J. CZAPKAY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of all forms of Private Diseases—such as Syphilis, Gonorrhea, nocturnal emissions, and all the consequences of self abuse. In the first stages of syphilitic or gonorrhoeal diseases, he guarantees a cure in a few days, without inconvenience to the patient or hindrance to his business. When a patient, by neglect or improper treatment, has developed the secondary symptoms of syphilis, such as buboes or painful swellings on the groins, or ulcers in the threat and nose, which, it not checked, destroy the soft parts and cause the bones to mortify, separate and come away, leaving the sufferer as object hideous to behold; or when blottenes and pimples break out on the skin; or when he has painful swellings upon the bones, or when his constitution is injured so as to predispose to consumption or other constitutional disease, the Dector guarantees a cure or asks no compensation.

In rheumatism—chronic or acute; in dysentery or diarrhoea, he has safe and effectual remedies. For the treatment of the consequences of self abuse, such as nocturnal emissions, nervousness, timidity, headache, pains in the back and limbs, with general weakness, loss of appetite, loss of memory, injury to the sight, resitessness, confusion of ideas, dislike for society, and a feeling of weariness of life; with the nervous system so excitable that slight noises shock or startle the patient, making his existence miscrable. For the above maladies the doctor will guarantee a cure or ask no compensation. He can be consulted free of charge, and invites all to call, as it will cost them nothing, and may be much to their advantage. Office hours from 9 A. M. to 9 P. M.

Dr. L. J. Czapkay is daily receiving applications from every part of this State and from Oregon and from Wash-ington Territory for the treatment of every form of disease, and there is not one who will come forward and express dissatisfaction; on the contrary, the Doctor is in daily re-ceipt of letters, expressive of gratitude and thankfulness, some of which are published below by permission.

STOCKTON, May 24, 1855.

Dear Sir—Having entirely recovered from my sickness I avail myself of this opportunity to return my thankful acknowledgement for the relief that you have given me. When I think of the distressing bodity weakness, under which I have suffered, and the nervousness, headache, fearfulness, want of confidence, dizziness, restlessness, weakness in the limbs, loss of memory, confision of ideas, dislike for society, nocturnal emissions, and many other symptoms, which had made my life miserable, I can hardly express the gratitude I feel, for my existence had become a burthen to use, and nothing afforded me the least gratification, whilst now, I feel perfectly well and can enjoy life to my entire satisfaction. Knowing that there are many afflicted as I have been, you have permission to make use of this letter as you think proper. Believe me gratefully yours.

To Dr. L. J. Czapkay, San Francisco. To Dr. L. J. Czapkay, San Francisco.

SACRAMENTO, May 15, 1855.

Dear sir—Such is the thankfulness I feel for the preservation of my health of both body and mind, and I believe of my life, that I hope I will not be considered intrusive in tendering my thankful acknowledgement for restoring me to health, and making my life a boon worth preserving, when it had become a burthen too great for me to bear. Vietim as I was to a vice that had undermined my constitution, and developed a train of nervous symptoms, such as nervous debility, headache, distressing timidity, self-diartust, dizziness, love of solitude, loss of memory, and want of resolution, besides a loss of strength and energy, which had made my waking moments wretched and my sleep unrefreshing, and was fast bringing me to the grave, but thanks to your skill, I am restored to health, vigor and energy. Hoping to guide others where they may find relief, you have my permission to make this public.

Gratefully yours, LEONARD WHITE.

The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their sufferings may be obtained, feels it has duty to thus publicly express his sincere gratitude to Dr. L. J. Czapkay, for the permanent recovery of his health. Borne down by the distressing symptoms incident to the vicious practices of uncontrollable passion in youth, depressed in body and mind, anable to perform even the most trifling duty imposed upon the daily avocations of life. I sought the advice of many physicians, who at first regarded my disease as of trifling importance, but allas! after a few weeks, and in several instances months, of their treatment, I found to my unuttenable horror, that instead of relief my symptoms became more alarming in their torture, and being told by one that the disease, being principally confined to the brain, medicines would be of no consequence, I despaired of ever regaining my health, strength and energy; and as a last resort, and with but a faint hope of recovery, I called upon Dr. Czapkay, who, after examining my case, prescribed some medicine which almost instantly relieved me of the dull pain and dirziness in my head. Eccouraged by the result, I resolved to place myself immediately under his care, and, by strict obedience to his directions and advice, my head became clear, my ideas collected, the constant pains in my back and groins the weakness of my limbs, the nervous reaction of ny whole body on the slightest alarm or excitement, the misanthropy and evil forebodings, the self-distrust and want of confidence in others, the incapability to study and want of resolution, the frightful, exerting, and at times pleasurable dreams at night, followed by myoluntary discharges have all disappeared, and, in fact, two months after having consulted the Boctor, I felt as if inspired by a new life, that life which, but a short time ago, I contemplated to end by my own hand.
