The following letter, which emphatically speaks for itself, was written by the Dean of the Faculty of the Philadelphia College of Medicine-to the editors of the Pacific Medical and Surgical Journal, San Francisco for publication:

Patt. determs, January 17th, 1862.

To the Editors of the Pacific Medical Journal—Gentlemen: My attention has been called to an article in the December number of your journal, in regard to the adenualem degree granted by the Philadelphia College of Medicine to Dr. h. J. Crapkay. When the application for the degree was made to the Faculty, it was accompanied by affidavits and testimonials to the effect that Dr. Crapkay, was a regular graduate M. D. of the University of Pesth, had served as a surgeon in the Hungarian army, and was a regular practitioner of medicine. On the strength of these the degree was granted. The ad candem degree, as its name implies, is conferred on graduates only, and gives us new privileges. Had there been the slightest suspicion of irregularity, the application would have been refused. By inserting this in your journal you will do an act of justice to the college, and confer a favor on,

Yours, very respectfully. H. RAND,
Dean of the Faculty of the Phila. College of Medleine.

CERTIFICATE.—I, the undersigned, Governor of Hangary, do testify hereby, that Dr. L. J. Czapkay has served during the contest for Hangarian army, with faithful perseverance. Whereof I have given him this certificate, and recommend him to the sympathy, attention and protection of all those who are capable of appreciating patrione self-sacrince, and undeserved misfortune.
