The State Republican:

Northern Democrats have decided that the plan of their party is to make the contest a contest of the character of the late war in Europe and to contest with their opponents, not because they are in sympathy with the Northern Whigs, but because the people of the North are to the exclusion of all others.

In the eyes of the Republican Party the Northern Democrats are a party of consequence. They are to be dealt with according to their character and their actions. They are not to be disposed of by any means, for they are a party of consequence. They are to be dealt with according to their character and actions. They are not to be disposed of by any means, for they are a party of consequence.
