Dr. Czapkay's Medical Notices.

DR. L. J. CZAPKAY'S Grand Medical and Surgical Institute, Armory Hall, corner of Sacramento and Montgomery sts., San Francisco, California. Established for the permanent cure of all Private and Chronic Diseases, and the suppression of quackery.

Dr. J. L. CZAPKAY, late in the Hungarian Revolutionary War, Chief Physician in the 20th Regiment of Honveds, chief surgeon to the military hospital at Pesth, Hungary, and late lecturer on Diseases of Urinary Organs and Diseases of Women and Children, would most respectfully inform the public of Oregon and California that he has opened an Institute for the cure of Chronic Diseases of the lungs, liver, kidneys, heart, blood, brain and the horrid consequences of self-abuse, and he hopes that his long experience and successful practice of many years, will insure him a share of public patronage. By the practice of many years in Europe and the United States, and during the Hungarian war and campaigns, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no Mercury—charges moderate—treats his patient in a correct and honorable way—has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter, or otherwise, will receive the best and gentlest treatment, and implicit secrecy. The Dr.'s offices are at Armory Hall, corner of Sacramento and Montgomery sts., San Francisco, California. 29m3

SPERMATORRHŒA OR LOCAL WEAKNESS. Dr. L. J. Czapkay would call public attention to spermatorrhœa or local weakness. There is not in the catalogue of human maladies one more to be deprecated than this, as well because of present distress, as the ultimate results. The tone of the system under its influence is either impaired or entirely destroyed, and a class of symptoms superinduced that unfits man for the performance of any of the ordinary duties of life. The injuries done to the physical part of man is truly lamentable, but trifling when compared to those of the censorium, the great nervous center, and to the nervous system generally. This disease, which is too often consequent upon that solitary vice, self-abuse, involves pathological conditions beyond the comprehension of the uninitiated, but which are well understood by the regular practitioner. Among the symptoms most conspicuous are the following: Love of solitude, aversion to business and society, distressing timidity, nervous excitement from slight causes, loss of memory, confusion of ideas, inability to reason correctly, low spirits and lassitude, dullness of apprehension and misanthropy.—These being functional derangements, are often the harbingers of horrid organic lesions of the brain, which produce fatuity, dementia and death.

For the cure of this and all kindred diseases, Dr. Czapkay has established his Institute, where all may rely with perfect confidence upon that skill which long experience and thorough devotion to his profession has given.

Those who suffer should call or write without delay, and use the means by which they may recuperate and live.

All consultations, by letter or otherwise, free. Address to DR. L. J. CZAPKAY,
Medical Institute, Armory Hall,
Cor. Sacramento and Montgomery sts.,
29m3 San Francisco, Cal.

SECRET DISEASES.—DR. L. J. CZAPKAY'S EXtraordinary success in the treatment of secret diseases in the primary and other stages, induces him to call public attention to the fact that of the great numbers who have made daily application to him, there is not one who has not been effectually and permanently cured. In recent cases of private diseases, the Dr. guaranties a perfect cure in a few days without hindrance to business or other inconvenience. The Dr.'s method of treating these maladies, combines the improvements made by the medical faculty with discoveries of his own that are unknown to any one else, and which, when applied, prevent the possibility of evil after consequences.

Secondary syphilis, which is so destructive of health, producing ulcerations of the throat, destroying the soft parts, and leaving the bones exposed, which mortify, separate and come away, disfiguring the sufferer most horribly, as well as impairing his general health, and predisposing to consumption, the Dr. treats in the most certain and efficient manner. Also, painful swellings upon the bones, disfiguring splotches upon the skin, sores, pimples, and all other consequences of private diseases he guaranties to cure or asks no compensation.

Dr. C. would especially call the attention of those who have failed to obtain relief from others, many of whom he has already cured, and many are still under treatment. The Dr. makes no charge for consultation, and invites all to call at his Institute; and he will give them such satisfaction as they can obtain nowhere else.—Those at a distance, by writing to the Dr., can have their cures properly attended to. Offices, Nos. 3 and 4 Armory Hall, corner of Sacramento and Montgomery sts., San Francisco, California. 29m3

The Greatest Discovery of the Age.

GREAT Blessings to Mankind! Innocent but Potent! DR. CZAPKAY'S PROPHILACTICUM, (self-disinfecting agent,) a sure preventive against secret diseases, and an unsurpassed remedy for scrofulous, gangrenous and cancerous ulcers, and all cutanous eruptions and diseases. For sale at DR. CZAPKAY'S Office, Armory Hall, corner of Sacramento and Montgomery sts., San Francisco, Cal. As inoculation is preventive against small pox, so is Dr. Czapkay's Prophilacticum a preventive against secret disease. That they can be prevented by proper agents, is as well an established fact as that they can be cured after their establishment. This principle, which is now universally recognized, was received even before the days of Jenner, the discoverer of vaccination, in 1796, and its multiplied benefits ever since have received as they deserved, the attention of the Medical faculty. It was in pursuit of this branch of the medical science that Dr. L. J. Czapkay fortunately made the discovery of his Prophylacticum, which, for the cancerous and cutaneous disorders, stands unrivalled by any agent in the Pharmacopœa. The *modus operandi* of this medicine is explained upon the hypothesis that secret poisons possess chemical properties which are neutralized by being brought in contact with this prophylatic, as acids are known to neutralize alkalies, destroying entirely their original properties, and rendering them inert.—The effect of this agent is immediate, and removes the possibility of a contraction of disease. If, however, the disease has been contracted, it is useful in neutralizing the poisonous secretions, which by absorption, produce the consequences known as secondary disease. In cancerous and gangerous ulcers, in fœtid discharges and in cutaneous diseases where the secretions are excoriating, it acts upon the same principle and is one of the most effectual remedies for the purpose now known. Where disease is once established it should be used in connection with other remedies, and when so used never fails of success. It has been administered by the Doctor in many thousand cases, and he has yet to find the first in which it has failed to subserve the purpose for which it was administered. Price, $5. Full directions are attached to each package.

N. B.—In cases where the Prophylaticum is used as curative, Dr. L. J. Czapkay will furnish (gratis) a prescription for his blood purifier.

All communications from the country, addressed only o Dr. L. J. CZAPKAY, San Francisco, Cal., will be strictly and confidentially attended to, and remedies, with the greatest care and secrecy, immediately dispatched by express or otherwise to their destination.

L. J. CZAPKAY, M. D.
29m3 San Francisco, Cal.

TO THE LADIES OF OREGON AND CALIFORNIA.—L. J. CZAPKAY, M. D., physician surgeon and accoucher, invites the attention of the sick and afflicted females laboring under any of the various forms of diseases of the brain, lungs, heart, stomach, liver, womb, blood, kidneys, and all diseases peculiar to their sex. The Doctor is effecting more permanent cures than any other physician in Oregon or California. Let no false delicacy prevent you, but apply immediately, and save yourself from painful suffering and premature death. All married ladies, whose delicate health or other circumstances do not allow to have an increase in their families should write or call at Dr. L. J. Czapkay's Medical Institute, Armory Hall, corner of Sacramento and Montgomery streets, and they will receive every possible relief and help. The Doctor's Offices are so arranged that he can be consulted without molestation. 29m3

☞ The attention of the readers is called to the following:

A lady of high standing in society and respectability, published a card in the Philadelphia Sunday Dispatch, September 14, 1851, which is as follows:

A CARD—The undersigned feels it her duty to express her heartfelt gratitude to Dr. Czapkay, for the successful cure of herself and child. The latter having been afflicted by a severe attack of "Cholera Infantum," was given up as incurable by some of the most celebrated physicians, when she called on Dr. Czapkay, of whom she heard very favorable report, and who, after a short period, restored the child to perfect health. Encouraged by this extraordinary result, she sought advice herself, for the scrofulous malady, with which she had been afflicted for eight years, and which withstood the treatment of the best physicians in Europe and America. But Dr. Czapkay has succeeded in affording her permanent relief, so that she can now enjoy life, which, for eight years had lost all charms for her. She, therefore deems it due to herself and to all sick and afflicted to recommend Dr. Czapkay, as one of the most skillful physicians within the United States.

MRS. CAROLINE GRAY,
Corner of Walnut and 7th streets, Philadelphia.
A. GLAZER, Notary Public, 126, 7th street.

The following is an editorial notice in the Boston Daily Times of August 6th, 1854:

A SKILLFUL PHYSICIAN.—Dr. L. J. Czapkay has opened an office at No. 16 Pleasant street in this city.—Dr. C. is a Hungarian by birth, and was connected with the patriotic army as physician and surgeon under the patronage of Kossuth. He combines with a finished education and the most refined and agreeable manners, the most extensive scientific abilities and skill in his profession, and we feel much pleasure in recommending him to our citizens as a physician and a gentleman.—Dr. Czapkay has spent some time in Philadelphia where he won the confidence and friendship of those who became acquainted with him. Among his friends in Philadelphia are gentlemen of the highest respectability, with whom we are personally acquainted. He had an extensive practice in Hungary before the Austrians and Russians compelled him to leave it for being found guilty of excessive patriotism. We hope he will receive that patronage due a man of so eminent capacity.

The above are only a few of the many testimonials which Dr. Czapkay has in his possession, but cannot publish for want of space. All communications, (by letter or otherwise,) free.

☞ Persons desiring prompt attention, and who wish to avoid the delay of corresponding, can have immediate attention by sending ten dollars as consultation fee, and can have medicine forwarded. Address to

L. J. CZAPKAY, M. D.
Medical Institute, Armory Hall,
Corner Sacramento and Mongomery streets,
29m3 San Francisco.

SPERMATORRHEA, or Local Weakness, nervous debility, low spirits, lassitude, weakness of the limbs and back, indisposition, loss of memory, aversion to society, love of solitude, timidity, self-distrust, dizziness, headache, pains in the side, affection of the eyes, pimples on the face, sexual and other infirmities in man, are cured without fail by the justly celebrated physician and surgeon, L. J. Czapkay. His method of curing diseases is new (unknown to others) and hence the great success. All consultations, by letter or otherwise, free.
Address, L. J. CZAPKAY, M. D.,
29m3 San Francisco, Cal.

Kier's Petroleum, or Rock Oil,
CELEBRATED for its wonderful Curative Powers. *A Natural Remedy*, procured from a well in Allegheny Co., Pa., four hundred feet below the earth's surface. Put up and sold by SAMUEL M. KIER, Canal Basin, Seventh Street, Pittsburgh, Pa.

The healthful balm from Nature's secret spring,
The bloom of health and life to man will bring;
As from her depths the magic liquid flows,
To calm our sufferings and assuage our woes.

The Petroleum has been fully tested. It was placed before the public as a remedy of wonderful efficacy.—Every one not acquainted with its virtues, doubted its healing properties. The cry of humbug was raised against it. It had some friends—those that were cured through its wonderful agency. These spoke out in its favor. The lame, through its instrumentality, were made to walk—the blind, to see. Those who had suffered for years under the torturing pains of Rheumatism, Gout, Neuralgia, were restored to health and usefulness. Several who were blind have been made to see, the evidence of which will be placed before you. If you still have doubts, go and ask those who have been cured!—Some of them live in our midst, and can answer for themselves. In writing about a medicine, we are aware that we should write *Truth*—that we should make no statements that cannot be proved. We have the witnesses; crowds of them, who will testify in terms stronger than we can write them, to the efficacy of this remedy; who will testify that the Petroleum has done for them what no medicine ever could before; cases that were pronounced hopeless, and beyond the reach of remediate means; cases abandoned by physicians of unquestioned celebrity, have been made to exclaim, "this is the most wonderful remedy ever discovered!" We will lay before you the certificates of some of the most remarkable cases; to give them all, would require more space than would be allowed by this circular. Since the introduction of the Petroleum, many physicians have been convinced of its efficacy, and now recommend it in their practice; and we have no doubt that it will stand at the head of the list of valuable remedies. If the physicians do not recommend it, the people will have it of themselves; for its transcendent power to heal *will* and *must* become known and appreciated;—when the voices of the cured speak out; when the cures themselves stand out in bold relief, and when he who for years has suffered with the tortures and pangs of an immedicable lesion, that has been shortening his days, and hastening him "to the narrow house appointed for all the living," when he speaks out in its praise, who will doubt it? The Petroleum is a Natural Remedy; it is put up as it flows from the bosom of the earth, without any thing being added to or taken from it.

It gets its ingredients from the beds of substances which passes over in its secret channel. They are blended together in such a form as to defy all human competition. The Petroleum in this respect is like Mineral Waters, whose virtues in most chronic diseases are acknowledged, not only by physicians, but by the community at large. These singular fluids flowing out of the earth, impregnated with medicinal substances of different properties, and holding them in such complete solution as to require the aid of Chemistry in order to detect them, bears ample proof to the fact that they are compounded by the master hand of Nature, for the alleviation of human suffering and disease. If Petroleum is medicine at all, it is a good one, for Nature never half does her work; and that it is a medicine of unequaled power, we have the most abundant testimony. It will be used when many of the new remedies now in vogue will have been forgotten forever. It will continue to be used and applied as a remedy as long as man continues to be afflicted with disease. That it will cure every disease to which we are liable, we do not pretend; but that it will cure a great many diseases hitherto incurable, is a fact which is proven by the evidence in its favor. Its discovery is a new era in medicine, and will inure to the health and happiness of man.

SCROFULA.—The Petroleum is a great medicine in Scrofula and King's Evil, in all those diseases having their origin in a depraved condition of the blood and other fluids of the body. It will cure pains and enlargements in the bones and joints, blotches, biles, Erysipelas, pimples on the face, tetter, scald-head ring-worm, and the various skin diseases. It has cured numerous cases of Rheumatism, Neuralgia, Gout, &c. Several cases of Rheumatism of years' standing, have been entirely cured. A woman in Franklin Co., Pa., was cured of rheumatic affection of seven years' standing; the disease was so aggravated as to confine her to bed during the greater part of that time. She is now well and considers herself entirely restored.

MISCELLANEOUS DIRECTIONS.—No better remedy can be found anywhere for burns and scalds, the pain of which it immediately relieves, and restores the parts and disposes them to heal.

Old Sores and Ulcers will be removed by the daily application and administration of Petroleum.

Worms.—In doses of fifteen or twenty drops administered to children of two or three years old, or upwards, two or three times daily, it will remove worms. It is a certain remedy against Tape Worm and Ascarides in grown persons, in which case the dose must be a tea-spoonful.

Bronchitis and Asthma can be relieved by the Petroleum. The distressing cough, night sweats, and difficulty of breathing, are removed by its use in a very short time.

Fever and Ague.—The Petroleum has been used in fever and ague with complete success. It will be found a certain and effective remedy in that troublesome and unmanageable disease. The dose in such cases is a tea spoonful in any pleasant vehicle every three hours, in the absence of the fever.

Tooth-ache.—A few drops dropped on cotton, and placed in the cavity of the aching tooth, will relieve it immediately.

Croup.—By saturating a flannel cloth with the Petroleum and applying it to the neck and breast, it will give immediate relief.

It is also an invaluable remedy in the different forms of Scarlet Fever to be used locally, as in cases of croup.

Neuralgia, in its various kinds, is cured by the free application along the painful tract of nerve. In that species of neuralgia denominated spinal irritation the Petroleum has given permanent relief, by rubbing with it night and morning.

Corns.—For corns this remedy has been used with complete success; the plan of using it is to saturate a piece of cotton with the Petroleum, and tie it upon the Corn. The corn should be pared down every two or three days, and the Petroleum applied until all the hardness has been absorbed.

DIRECTIONS for the internal and local administration of the Petroleum. Diarrhœa.—The dose in this disease is a tea-spoonful every third hour until the purging ceases. In old chronic cases, it will only be necessary to take the medicine three times a day.

Piles.—The mode of administration in Piles is to give the Petroleum three times a day internally, and apply twice a day externally, to the tumors. Where the Piles are of long standing and much hardened, a drachm of Iodine may be added to each bottle, to be used as a local application. When the Piles are internal the Petroleum should be injected with a syringe into the rectum.

Deafness.—Drop ten drops into the ear at bed-time and stop the ear with cotton or wool. The ear should be syringed out with suds made of castile soap and warm water, twice a week.

For Burns and Scalds.—Apply the Petroleum freely over the burnt or scalded parts. In diseases of the bladder and kidneys, the dose is a tea-spoonful three times a day.

For old Sores and Ulcers.—Apply the Petroleum morning and at bed time. Keep the sores or ulcers clean, by washing them daily with castile soap and warm water.

For sore and inflamed eyes.—The Petroleum should be applied two or three times a day to the affected eye and a drop or two be allowed to get under the lid. Where there is a scrofulous tendency it must be taken internally, in doses of a tea-spoonful, three times a day.

For Coughs, Colds, Bronchitis and Consumption—The dose is a tea-spoonful, to be given three times a day.

In Cholera Morbus, give a tea-spoonful every hour until the vomiting and purging ceases.

In Rheumatism, Neuralgia, Palsy, Contractions of the Limbs and Joints, and White Swelling.—The Petroleum is to be freely rubbed on the affected parts at least twice a day with a flannel rag, and, if convenient, before a warm fire. It should also be given internally, in doses of a tea-spoonful, three times a day.

ALLAN McKINLAY & Co.
Oregon City, Dec. 6, 1856.

THE ELECTRO-CHEMICAL BATHS
OF DR. BOURNE,
Southeast Corner of Sansome and Commercial Sts., Opposite the St. Nicholas Hotel, San Francisco,

Are affecting the most extraordinary CURES of Fever and Ague, Intermittent and other Fevers, Jaundice, Diseases of the Liver, Kidneys, the Genital and Urinary Organs, all Sexual Disorders, Paralysis, Neuralgia, including Tic Doloreux, Stiff Joints, and are also employed with astonishing success in

DISEASES OF THE EYE.

Also, all Indolent Ulcers, Tumors, Swellings, Abcesses, Cancer of the Womb, all other affections of the Womb, and Cancerous Affections generally, and Scrofula. These Baths seem to be Nature's own chosen medium for effecting cures where all other means would fail without them; and prove beyond the possibility of doubt, to all who take them, the iniquity of Medical practice which poisons the human system by administering to it calomel, arsenic, lead, zinc, iron, antimony, quinine, iodide of potassa, and a whole host of deadly drugs which remain in the system, and are extracted by these BATHS.

During nearly fifteen years I have never given even a solitary dose of oil or salts, much less any POISONOUS DRUGS, or herbs, and have NEVER seen a case in which they were requisite if Water Treatment was employed. When will the people cease to be such simpletons as to hire men to POISON and BLEED them, while they also retain on their statute books laws against poisoning, maiming and bleeding CATTLE? Are the members of the human family less worthy of protection than animals? I assert in the face of this entire State and the world at large, that there never was, is not now, and never will be, a case in which calomel, crude mercury, quinine, arsenic, lead, zinc, iron, antimony, iodine, or any other POISON, should have been, or be, administered to the human system, or in which bleeding, cupping or leeching was required: and further, that hundreds of thousands fill premature graves through an ill-timed or over-dose of salts or oil. Let the people ponder on these things, and if the poor and deluded victims of medical rascality desire health, I pledge the honor of one man at least, that I will so employ NATURE'S AGENCIES of Good Food, Air, Pure Water, Exercise, Clothing, the Electro-Chemical Baths, and the Sleeping and Waking Hours, that without a particle of NASTY and POISONOUS Medicine, I will so arouse the powers of their systems that if there be any strength left, they shall speedily get perfectly well in body, with minds so expanded to the perception of natural philosophy, as thereafter to cause them to set their faces against all professional rogues or fools, and awake them to a knowledge of the evils of entrusting their own vital interests to the keeping of others whose interest must ever be antagonistic to their own.

Address, by letter, or personally, Dr. BOURNE, Water Cure Physician, Sansome street, opposite St. Nicholas Hotel, San Francisco, importer into this State of the FIRST and ONLY apparatus for giving these delightful and beneficial Electro-Chemical Baths, and whose experience in their use warrants him in speaking of them in the terms he employs. They require great caution in administering them, and Dr. Bourne never entrusts that duty to others, thus avoiding all danger.

☞ So many lying and forged certificates, and PRETENDED editorial recommendations are published, that those truthful statements of facts which Dr. Bourne could offer, are withheld, rather than any should suppose they were merely "got up."

☞ Consultations without charge, and charges very moderate for the benefits conferred.
☞ QUICK CURE—SURE CURE—(if curable)—is the motto of Dr. BOURNE.

PIONEER WATER CURE INSTITUTE,
Southeast Corner of Sansome and Commercial Streets, opposite the St. Nicholas Hotel, San Francisco.

Dr. BOURNE, Water Cure Physician,

Having every facility for the scientific administration of Water Treatment, offers the advantages of this natural, rational, and most efficacious mode of curing diseases, to invalids, in either acute or chronic stages of suffering, and especially to those laboring under the RUINOUS EFFECTS OF CAMOMEL, and Drug treatment generally.

There are no nauseous or poisonous medicines to swallow or pay for, as Dr. BOURNE does not administer any whatever, nor bleed, cup or leech; so it is not only the BEST but CHEAPEST system for restoration to health.

☞ In Chronic or acute Rheumatism, Diarrhœa, Dyspepsia, Fever and Ague, Isthmus Fever, ALL nervous and Sexual disorders—in fact, in all cases, the WATER CURE is of UNEQUALED VALUE.

Apply personally, or address by letter, as above. Office hours—10 A. M., to 1 P. M., and after 7 P. M.

☞ *PARTICULAR NOTICE.* ☜

The "Russian," Digger Indian! Turkish, or Egyptian "Steam Baths,"—the invention of barbaric minds—with all their EVIL CONSEQUENCES to Weak Lungs, Palpitating Hearts, and debilitated Digestive and Nutritive organs, are NOT Water Cure, and bear no more relation to that glorious system than does a horse to a red herring, notwithstanding all the false representations to that effect. Dr. BOURNE is the Pioneer and only Water Cure Physician on the Pacific Coast, and is daily demonstrating his skill in his art with the highest success—curing those whom the medical fraternity had placed almost beyond the confines of hope; such being the general character of the cases demanding and receiving relief at his hands. Let them continue to come and be HEALED, and converted to this wiser and better way. 33m3

1. Subscribers who do not give express notice to the contrary, are considered as wishing to continue their subscription.
2. If subscribers order papers discontinued, Publishers may continue to send them till all charges are paid.
3. If subscribers neglect or refuse to take their papers from the office or place to which they are sent, they are held responsible until they settle their bill and give notice to discontinue them.
4. If subscribers move to other places without informing the Publisher, and the paper is sent to the former direction, they are held responsible.
5. The courts have decided that refusing to take a paper or periodical from the office, or removing and leaving it uncalled for, is prima facia evidence of intentional fraud.

☞ Postmasters would oblige, by a strict fulfillment of the regulations requiring them to notify Publishers, once in three months, of papers not taken from their office by subscribers.
