California. Established for the Permanent cure of all Private and Chronic Diseases, and the suppression of quackery. Dr. J. L. CZAPKAY, late in the Hungarian Revolu-tionary War, Chief Physician in the 20th Regiment of Houveds, chief surgeon to the military hospital at Pesth, Hungary, and late lecturer on Diseases of Urinary Or-gans and Diseases of Women and Children, would most respectfully inform the public of Oregon and California that he has opened an Institute for the cure of Chronic Diseases of the lungs, liver, kidneys, heart, blood, brain and the horrid consequences of self abnse, and he hopes that his long experience and successful practice of ma-ny years, will insure him a share of public patronage. By the practice of many years in Europe and the Uni-ted States, and during the Hungarian war and cam-paigns, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no Mercury—charges frosterate—treats his patient in a correct and honorable way—has references of an-questionable veracity from men of known respectabili-ty and high standing in society. All parties consulting him by letter, or otherwise, will receive the best and gentlest treatment, and implicit secrecy. The Dr.'s affices are on Sacramento st., below Montgomery, San Francisco, California.

Francisco, California. Juna Prancisco, California. Juna SPFERMATORRHEA OR LOCAL WEAKNESS. Dr. L. J. Czapkay would call public attention to spermatorrhera or local weakness. There is not in the catalogue of human maladies one more to be depreca-ted than this, as well because of present distress, as the altimate results. The tone of the system under its in-theme is either impaired or entirely destroyed, and a classof symptoms superinduced that unfits man for the performance of any of the ordinary doties of life. The injuries done to the physical part of man is trily la-mentable, but trilling when compared to those of the consequent upon that softary vice, self abuse, involves pathological conditions beyond the comprehension of the unitilitated, but which are well understoad by the reg-ular practitioner. Among the symptoms most conspic-mans are the following: Love of solitade, aversion to business and society, distressing timidity, nervous ex-citement from slight causes, loss of memory, confusion of ileas, inability to reason correctly. low spirits and lassitude, duliness of apprehension and misanthropy...-These being functional derangements, are often the har-business of horid organic lesions of the brain, which produce fatality dementia and detath. — Tor the cure of this and all kindred diseases, Dr. Caupkay has established his lastitute, where all may rely with perfect confidence upon that skill which long esperience and thorough devotion to his profession has given. — Those who suffer should call or write without delay.

In recent cares of private diseases, the Dr. guar-auties a perfect care in a few days without hindrance to basiness or other inconvenience. The Dr.'s method of treating these maladies, combines the improvements made by the medical faculty with discoveries of his own that are unknown to any one else, and which, when applied, prevent the possibility of evil after consequen-ters.

Secondary syphilis, which is so destructive of health, producing alcerations of the throat, destroying the soft parts, and leaving the bones exposed, which morify, separafe and come away, distiguring the sufferer most horribly, as well as impairing his general health, and predisposing to consumption, the Dr. treats in the most certain and efficient manner. Also, painful swellings upon the bones, disfiguring splotches upon the skin, sores, pimples, and all other consequences of private diseases he guaranties to cure or asks no compensation.
